SUPERJARE 7933BC

SUPERJARE L-Shaped Gaming Desk Instruction Manual

Model: 7933BC

PRODUCT OVERVIEW

The SUPERJARE L-Shaped Gaming Desk is designed for both gaming and home office use, offering a spacious and functional workspace. It features integrated LED lighting, convenient power outlets, and a monitor stand to enhance user experience and comfort. The desk's versatile design allows for two installation methods: an L-shaped configuration or a long straight desk.

SETUP AND ASSEMBLY

This desk is designed for straightforward assembly. All necessary components are numbered, and tools are provided. It is recommended to follow the included instructions meticulously to ensure proper construction and stability.

Key Features for Assembly:

- **Two Installation Methods:** The desk can be assembled into an L-shaped configuration for corner placement or a long straight desk, adapting to various room layouts.
- **Numbered Components:** Each part is clearly labeled to simplify the assembly process.
- **Included Tools:** All required tools for assembly are provided in the package.

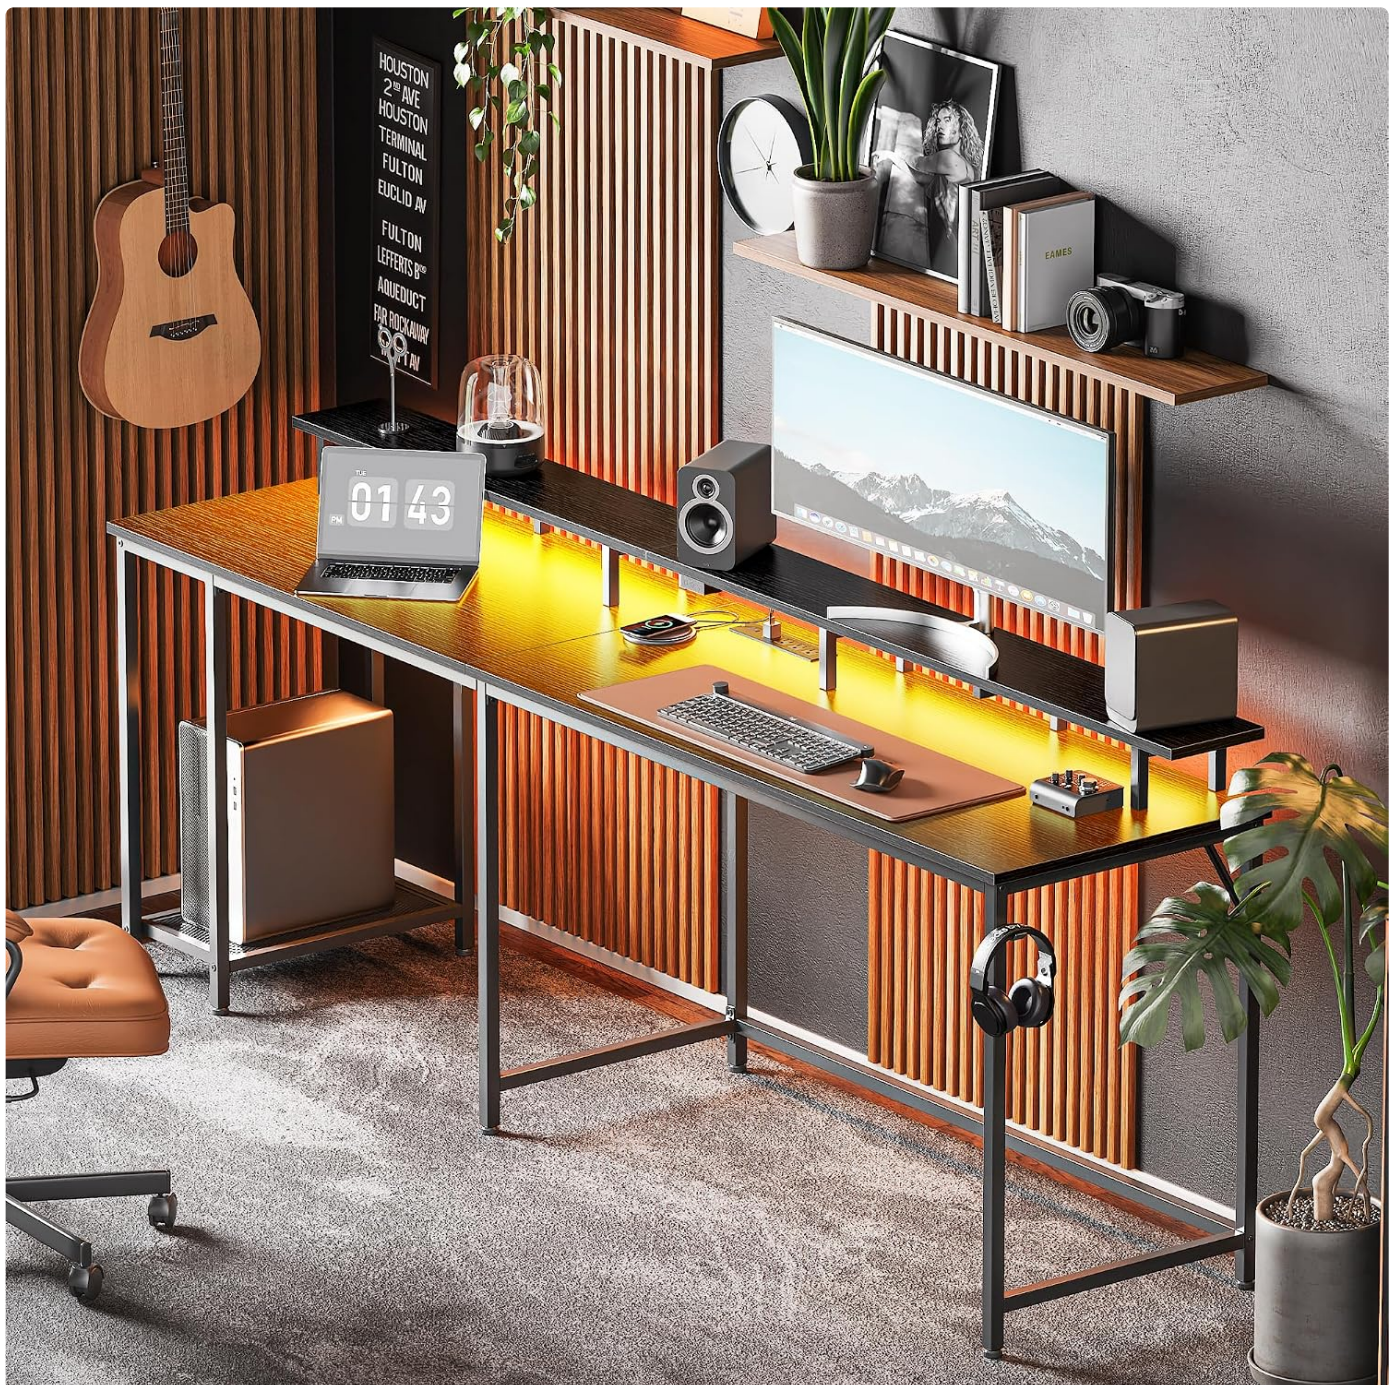

Image: A diagram illustrating the two possible assembly configurations: L-shaped and straight, along with key dimensions.

Important Considerations:

Ensure all connections are secure to maintain the desk's stability. While assembly is designed to be simple, taking your time and verifying each step will prevent issues.

OPERATING INSTRUCTIONS

LED Lighting System:

The desk features integrated RGB LED lighting with two control methods: a smart controller and a smartphone application. This allows for customization of colors and lighting modes to create a desired ambiance.

- **Smart Controller:** Use the physical controller to switch between 12 scene modes and adjust brightness.
- **Smartphone App:** For advanced control, download the dedicated app to access 60,000 colors, mic mode, music mode, and timing mode.

Integrated Power Outlets:

The desk is equipped with a built-in power strip for convenient charging and powering of devices.

- **4 AC Outlets:** [125V/12A] for monitors, office equipment, and gaming devices.
- **2 USB Ports:** [5V/3A] for charging smartphones and other USB-powered accessories.
- **1 Type-C Port:** [5V/3A] for modern device charging.

Elevated Monitor Stand

Maximize workspace, raise your eye view, and protect your cervical spine.

Additional Features:

- **Monitor Stand:** Elevates your monitor to promote better posture and reduce neck/back strain.
- **CPU Stand:** A mesh stand designed to hold your PC tower, keeping it off the floor.
- **Headphone Hooks:** Two convenient hooks for hanging headphones or bags.
- **Adjustable Feet:** Ensures stability on uneven surfaces and protects flooring.

MAINTENANCE

To ensure the longevity and appearance of your SUPERJARE L-Shaped Gaming Desk, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that could damage the finish.
- **Spills:** Promptly clean up any spills to prevent staining or damage to the particle board.
- **Stability Check:** Periodically check and tighten all screws and connections to maintain the desk's structural integrity.
- **LED Lights:** Ensure the LED strip and power connections are free from dust and debris.

TROUBLESHOOTING

This section addresses common issues you might encounter with your desk.

LED Lights Malfunctioning:

- **Lights turning on randomly or changing color:** This could be due to signal interference or a faulty remote/controller. Try resetting the LED system by unplugging it for a few minutes and then reconnecting. Ensure the remote's battery is functional. If using the app, ensure it's updated and properly connected.
- **Lights not turning on:** Check all power connections, including the power adapter and the connection to the LED strip. Ensure the power outlet is functional.

Desk Stability Issues:

- **Wobbling or unevenness:** Verify that all assembly screws are securely tightened. Adjust the leveling feet at the bottom of the desk legs to compensate for uneven flooring.

Power Outlets Not Working:

- **No power from outlets/USB ports:** Ensure the main power cord for the desk's power strip is securely plugged into a functional wall outlet. Check if any circuit breakers on the power strip (if present) have tripped.
- *Note:* This product is designed for standard USA power outlets (125V/12A). If used outside the USA, a suitable power converter is required.

Space Constraints:

- **PC tower not fitting in designated area:** The mesh CPU stand is designed for standard PC towers. If your tower is larger or custom-built, it may need to be placed elsewhere.
- **Monitor arms not fitting on shelf:** Some monitor arms that clip to the side may not fit due to the monitor stand's design. Consider alternative mounting options or monitor arm types.

SPECIFICATIONS

Feature	Detail
Brand	SUPERJARE
Model Number	7933BC
Product Dimensions	18.9"D x 53.6"W x 29.2"H
Color	Black
Style	Modern
Base Material	Iron
Top Material Type	Engineered Wood
Special Feature	Built-In USB Outlet
Maximum Weight Recommendation	100 Pounds
Assembly Required	Yes
