IMPORTANT SAFETY INFORMATION

Always follow basic safety precautions when using electrical appliances to reduce the risk of fire, electric shock, and/or injury to persons.

- Read all instructions before use.
- Do not touch hot surfaces. Use handles or knobs.
- To protect against electrical shock, do not immerse cord, plugs, or the main body in water or other liquid.
- Close supervision is necessary when any appliance is used by or near children.
- Unplug from outlet when not in use and before cleaning. Allow to cool before putting on or taking off parts.
- Do not operate any appliance with a damaged cord or plug, or after the appliance malfunctions or has been damaged in any manner.
- Do not use outdoors.
- Do not let cord hang over edge of table or counter, or touch hot surfaces.
- Do not place on or near a hot gas or electric burner, or in a heated oven.
- Extreme caution must be used when moving an appliance containing hot oil or other hot liquids.
- Always attach plug to appliance first, then plug cord into the wall outlet. To disconnect, turn any control to "off", then remove plug from wall outlet.
- Do not use appliance for other than intended use.

WHAT'S IN THE BOX

Your CUCKOO CRP-JHR0609F rice cooker package includes the following components:

- CUCKOO CRP-JHR0609F Main Unit
- Xwall Stainless Inner Pot
- Measuring Cup

SETUP

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for storage or if servicing is required.
2. **Placement:** Place the rice cooker on a stable, flat, heat-resistant surface, away from direct sunlight and heat sources. Ensure adequate ventilation around the unit.
3. **Initial Cleaning:** Before first use, wash the inner pot, inner lid, measuring cup, and rice spatula with warm, soapy water. Rinse thoroughly and dry completely. Wipe the exterior of the main unit with a damp cloth.
4. **Power Connection:** Plug the power cord into a grounded electrical outlet. Ensure the voltage matches the specifications of your appliance.

OPERATING INSTRUCTIONS

Basic Rice Cooking:

1. **Measure Rice:** Use the provided measuring cup to measure the desired amount of rice.
2. **Wash Rice:** Rinse the rice thoroughly under cold water until the water runs clear.
3. **Add to Inner Pot:** Place the washed rice into the Xwall Stainless Inner Pot.
4. **Add Water:** Fill water up to the corresponding water level mark inside the inner pot for the type and amount of rice being cooked. For example, if cooking 3 cups of white rice, fill to the "White Rice 3" line.
5. **Place Inner Pot:** Insert the inner pot into the main unit, ensuring it is seated correctly.
6. **Close Lid:** Close the lid securely until it locks.
7. **Select Menu:** Use the control panel to select the desired cooking mode (e.g., "White Rice," "Brown Rice").
8. **Start Cooking:** Press the "Cook" or "Start" button. The voice guide will confirm your selection and the cooking process will begin.

Using the Voice Guide:

The rice cooker features a voice navigation system in English, Korean, and Chinese.

- To initiate language setup, press the "SET" button.
- Select your preferred language using the navigation buttons.
- Confirm your selection by pressing "SET" again.

Voice-Guided Cooking

How to Setup Language

1. Press “SET” to initiate setup.
2. Select your preferred **language**.
3. Confirm by pressing “SET” again.

Exploring Cooking Modes:

Beyond basic rice, experiment with the 16 available menu options:

- **GABA Rice:** For enhanced nutritional value.
- **Brown Rice:** Optimized for whole grain cooking.
- **Porridge:** For creamy, consistent porridge.
- **Pressure Cook:** For various pressure-cooked dishes.
- **Multi-Cook:** A versatile setting for other recipes like steamed seafood or slow-cooked meals.
- **Reheat:** To warm up leftovers without drying them out.
- **Keep Warm:** Maintains optimal temperature after cooking.

CLEANING AND MAINTENANCE

Regular cleaning ensures optimal performance and longevity of your rice cooker.

Daily Cleaning:

- **Inner Pot:** After each use, remove the inner pot and wash it with warm, soapy water. The nonstick coating makes cleaning easy. Rinse and dry thoroughly.
- **Detachable Inner Lid:** Remove the stainless steel inner lid and wash it with warm, soapy water. Ensure all rice residue is removed. Rinse and dry.
- **Steam Vent:** Check the steam vent for any blockages and clean if necessary.
- **Exterior:** Wipe the exterior of the main unit with a soft, damp cloth. Do not use abrasive cleaners or immerse the main unit in water.

Auto Clean Function:

The rice cooker features an auto sterilization cleaning function for convenient deep cleaning of the interior.

- Refer to the specific instructions in the rice cooker's display or voice guide for initiating the auto-clean cycle.
- Typically involves adding a small amount of water to the inner pot and selecting the "Auto Clean" mode.

TROUBLESHOOTING

If you encounter issues with your rice cooker, refer to the following common solutions:

Problem	Possible Cause	Solution
Rice is too hard/undercooked	Insufficient water, incorrect rice type selected, old rice.	Add more water (1/4 to 1/2 cup) and recook, ensure correct mode is selected, use fresh rice.
Rice is too soft/mushy	Too much water, incorrect rice type selected.	Reduce water slightly for next batch, ensure correct mode is selected.
Rice cooker does not turn on	Power cord not plugged in, power outage, faulty outlet.	Check power cord connection, test outlet with another appliance, check circuit breaker.

Problem	Possible Cause	Solution
Steam leaks from lid	Lid not properly closed, gasket/packing worn or dirty, foreign objects.	Ensure lid is securely locked, clean or replace gasket/packing, remove any obstructions.
Voice guide not working	Volume too low, language not set.	Adjust volume settings, follow instructions to set desired language.

For issues not listed here, please contact CUCKOO customer support.
