5. OPERATING INSTRUCTIONS

5.1. Lift-Top Mechanism

The coffee table features a stable lift mechanism that allows the tabletop to be raised to a comfortable height for dining, working, or other activities. To operate:

1. **To Lift:** Gently pull the front edge of the tabletop upwards. The mechanism will assist in lifting the top smoothly and quietly. Continue lifting until it locks into the fully extended position.
2. **To Lower:** Gently push the tabletop downwards from the front edge. The soft-close/open feature ensures a slow and safe descent, preventing sudden drops and pinching. Guide the top down until it rests flush with the table base.

6. MAINTENANCE

To maintain the appearance and longevity of your WLIVE coffee table, follow these care instructions:

- **Cleaning:** Wipe the surface with a damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish.
- **Spills:** Clean spills immediately to prevent staining, especially on the wooden grain finish.
- **Protection:** Use coasters under drinks and placemats under hot items to protect the tabletop.
- **Fasteners:** Periodically check all screws and bolts and re-tighten them as needed to ensure stability.

7. TROUBLESHOOTING

If you encounter any issues with your coffee table, please refer to the following common solutions:

- **Lift-Top Sticking/Uneven:** Ensure no objects are obstructing the mechanism. Check that all screws securing the lift mechanism are tight. If the issue persists, gently apply a silicone-based lubricant to the moving parts.
- **Drawer Not Sliding Smoothly:** Verify that the drawer slides are correctly installed and free of debris.

Lubricate the slides with a dry lubricant if necessary.

- **Table Wobbles:** Check that all assembly screws are fully tightened. Ensure the table is placed on a flat, even surface.
- **Minor Scratches/Dings:** For minor cosmetic damage, a wood repair marker or furniture polish matching the rustic brown finish can be used.

If these steps do not resolve the issue, please contact WLIVE customer support for further assistance.
