ORDRO EP6

ORDRO EP6 Plus 4K Wearable Vlog Camera Instruction Manual

Model: EP6 Plus

1. Introduction

This manual provides detailed instructions for the setup, operation, and maintenance of your ORDRO EP6 Plus 4K Wearable Vlog Camera. Please read this manual thoroughly before using the device to ensure optimal performance and longevity.

2. What's in the Box

Verify that all items are present in the package:

- EP6 Plus Camera Unit
- Headband
- Headband Bracket
- USB Cable
- User Manual (this document)

3. Product Overview and Features

The ORDRO EP6 Plus is a lightweight, hands-free wearable video camera designed for first-person view recording. It offers 4K video quality and features Electronic Image Stabilization (EIS 6.0) for stable performance.

Figure 1: Front view of the ORDRO EP6 Plus camera with its headband.

Key Features:

- **First-Person View (FPV) Recording:** Capture video from your perspective.
- **4K Video Quality:** Records at 3840x2160 30fps and 1080P 60fps.
- **EIS 6.0 Anti-Shake:** Advanced electronic image stabilization for smoother footage.
- **Hands-Free Design:** Wearable for convenient recording.
- **Lightweight Body:** Designed for comfort during extended use.
- **App Connection:** Connects via Wi-Fi to a mobile application for control and live view.
- **Touch Control:** Intuitive touch interface for operation.
- **Long Recording Time:** Approximately 2-2.5 hours on a full charge.
- **Wide Shooting Angle:** Adjustable from 90° to 130°.
- **Webcam Functionality:** Can be used as a webcam when connected to a PC.

4. Setup Guide

4.1. Charging the Camera

Before first use, fully charge the camera using the provided USB cable. A full charge provides approximately 2-2.5 hours of recording time. Ensure you use the ORDRO cable designed for EP6 Plus for maximum performance and safety.

Figure 3: The camera unit connected for charging.

4.2. Inserting a MicroSD Card

The EP6 Plus requires a microSD card (microSD, microSDHC, or microSDXC) with a Class V30, UHS-3 rating or higher, and a capacity up to 256GB. Insert the card into the designated slot. It is recommended to format the new memory card within the EP6 Plus before its first use.

4.3. Wearing the Camera

Attach the camera unit to the headband bracket. Adjust the headband for a comfortable and secure fit, ensuring the camera lens is positioned to capture your desired field of view. The shooting angle is adjustable from 90° to 130°.

Figure 5: The headband can be adjusted for a secure and comfortable fit.

5. Operating Instructions

5.1. Power On/Off

The camera features touch controls. Refer to the specific touch areas on the device for powering on and off. A voice prompt may indicate the device status.

Figure 6: The camera unit features touch-sensitive controls.

5.2. Recording Video and Taking Photos

Use the touch controls on the camera or the remote control bracelet (if included) to start/stop video recording or capture still photos. The camera's EIS 6.0 Anti-Shake technology helps stabilize your footage during movement.

Your browser does not support the video tag.

6. App Connection (OD Cam APP)

The ORDRO EP6 Plus can connect to your smartphone or tablet via Wi-Fi using the OD Cam APP. This allows for real-time synchronous display of the camera's view, remote control, and switching between horizontal and vertical shooting modes.

Figure 7: The OD Cam App icon for smartphone connection.

Important: When connecting to the APP, your mobile phone system may indicate no network connection. This does not mean the connection failed. Please proceed by clicking on the APP to connect the device. Ensure you grant necessary permissions for the APP to function correctly.

7. Webcam Function

The EP6 Plus can be used as a webcam. Connect the camera to your PC using the USB cable. Once connected, you can activate the webcam function. Note that the EP6 Plus supports webcam functionality but does not support live streaming directly.

8. Maintenance

- Keep the camera clean and free from dust and debris. Use a soft, dry cloth for cleaning.
- Avoid exposing the camera to extreme temperatures or direct sunlight for prolonged periods.

- Store the camera in a cool, dry place when not in use.
- The camera is not water resistant; avoid contact with water.

9. Troubleshooting

Common Issues and Solutions:

- **Camera not powering on:** Ensure the battery is charged. Use the correct ORDRO USB cable for charging.
- **SD card not recognized:** Ensure the SD card is inserted correctly. Format the SD card in the camera if it's new or causing issues. Verify the SD card meets the specified requirements (microSD, microSDHC, or microSDXC, Class V30, UHS-3 or higher, up to 256GB).
- **App connection issues:** Ensure Wi-Fi is enabled on your mobile device. Grant all necessary permissions to the OD Cam APP. If prompted about no internet connection, proceed with connecting to the device via the APP.
- **Unstable footage:** Ensure EIS 6.0 Anti-Shake is enabled.
- **Poor audio quality:** Check for any obstructions near the microphone.

If you encounter persistent issues, please refer to the official ORDRO support resources.

10. Specifications

Brand	ORDRO
Model Name	EP6 Plus
Video Capture Resolution	4K (3840x2160 30fps), 1080P 60fps
Photo Sensor Technology	CMOS
