4. Setup

4.1 Charging the Device

1. Locate the Micro-USB port on the side of the CD100 player.
2. Connect the included Micro-USB cable to the player and the other end to a USB power adapter (not included) or a computer USB port.
3. The charging indicator light will illuminate, typically red, while charging. It will turn off or change color (e.g., green) when fully charged.
4. A full charge takes approximately 3-4 hours.

4.2 Inserting a CD

1. Gently slide the OPEN switch on the side of the player to open the CD compartment lid.
2. Place a CD onto the spindle with the label side facing up. Ensure the CD is seated correctly.
3. Close the CD compartment lid firmly until it clicks into place.

4.3 Powering On/Off

- **To Power On:** Press the **PLAY/PAUSE (►▮)** button. The display will light up.
- **To Power Off:** Press and hold the **STOP (■)** button for a few seconds until the display turns off. The device will also power off automatically after a period of inactivity.

5. Operating Instructions

5.1 Basic Playback

- **Play/Pause:** Press the **PLAY/PAUSE (►▮)** button to start or pause playback.
- **Next Track:** Press the **NEXT (►►)** button to skip to the next track.
- **Previous Track:** Press the **PREVIOUS (◄◄)** button to go back to the beginning of the current track. Press it again to go to the previous track.
- **Stop:** Press the **STOP (■)** button to stop playback.

5.2 Volume Control

Adjust the volume using the volume dial or buttons, typically located on the side or front of the player.

5.3 Equalizer (EQ) Settings

Press the **EQ** button repeatedly to cycle through different equalizer presets (e.g., Bass, Pop, Jazz, Rock, Classic, etc.) to customize your audio experience.

5.4 Bluetooth Pairing

1. Ensure your Bluetooth headphones or speaker are in pairing mode.
2. On the CD100, press the **MODE** button until the Bluetooth indicator flashes, indicating it is searching for devices.
3. Once connected, the Bluetooth indicator will become solid.

5.5 Auxiliary (AUX) Connection

To connect to an external audio system (e.g., car stereo, home speakers) using the auxiliary cable:

1. Connect one end of the 3.5mm auxiliary cable to the AUX OUT port on the CD100.
2. Connect the other end to the AUX IN port on your external audio system.
3. Ensure your external audio system is set to the correct AUX input.

6. Maintenance

6.1 Cleaning the Device

- Use a soft, dry cloth to wipe the exterior of the player.
- Do not use abrasive cleaners, waxes, or solvents as they may damage the finish.
- For the CD lens, use a specialized CD lens cleaning kit. Do not touch the lens directly.

6.2 Battery Care

- To prolong battery life, avoid fully discharging the battery frequently.
- If storing the device for a long period, charge it to about 50% every few months.
- Avoid exposing the device to extreme temperatures.

6.3 Storage

Store the CD100 in a cool, dry place away from direct sunlight and excessive dust. When not in use, ensure the CD compartment is closed.

7. Troubleshooting

Problem	Possible Cause	Solution
Player does not turn on.	Low battery; Power button not pressed correctly.	Charge the player; Press and hold the PLAY/PAUSE button.
CD does not play.	CD inserted incorrectly; CD is scratched/dirty; CD compartment not closed.	Reinsert CD correctly; Clean or replace CD; Close lid firmly.
No sound.	Volume too low; Headphones/speakers not connected; Bluetooth not paired.	Increase volume; Check connections; Re-pair Bluetooth device.
Bluetooth not connecting.	Device not in pairing mode; Out of range; Interference.	Ensure both devices are in pairing mode; Move closer; Reduce interference.
Skipping during playback.	CD is scratched/dirty; Excessive vibration.	Clean or replace CD; Ensure player is on a stable surface or use anti-skip feature.
