Mellow 5ZMF-GM1.5T

Mellow 1.5 Inch 5-Zone Memory Foam Mattress Topper with Cooling Gel Infusion - Twin User Manual

Model: 5ZMF-GM1.5T | Brand: Mellow

Introduction

Thank you for choosing the Mellow 1.5 Inch 5-Zone Memory Foam Mattress Topper. This topper is designed to enhance your sleep experience by providing targeted pressure relief and a cooler sleeping surface. Made with CertiPUR-US certified foam, it offers comfort and support for a restful night.
Key features include:

- **1.5-inch Body-Conforming Memory Foam:** Instantly revamps your mattress for maximum comfort.
- **5-Zone Design:** Different points of contact relieve pressure points throughout the body, reducing tossing and turning.
- **Cooling Gel Infusion:** Helps prevent heat retention, keeping you cool and your mattress fresh.
- **Low Motion Transfer:** Responsive memory foam isolates motion for undisturbed sleep.
- **CertiPUR-US Certified:** Ensures foam meets high standards for content, emissions, and durability.

Setup Instructions

Follow these steps for easy setup of your new mattress topper:

1. **Unpack:** Carefully remove the topper from its compact packaging.
2. **Unroll:** Place the rolled topper onto your mattress.
3. **Cut Packaging:** Use an easy cutter (often included or a safe tool) to carefully cut away the plastic packaging.
4. **Allow to Expand:** Give the topper 48-72 hours to fully expand and air out in a well-ventilated room. Memory foam products may have a slight odor upon unboxing, which dissipates within a few days.

Operating Instructions (Features and Benefits)

The Mellow 5-Zone Memory Foam Mattress Topper is designed to provide optimal comfort and support through its unique features:

5-Zoned Comfort

The topper features 5 distinct body zones with varying patterns and densities to target specific pressure points across your body. This design helps to evenly distribute weight, reduce pressure, and minimize tossing and turning, leading to more restful sleep.

Diagram showing the 5-zoned comfort areas for targeted pressure relief.

Cooling Gel Infusion

Infused with cooling gel particles, the memory foam helps to dissipate body heat, preventing it from getting trapped. This creates a cooler sleeping surface, which is essential for comfortable sleep, especially for those who tend to sleep warm.

A hand demonstrating the responsive and conforming nature of the gel-infused memory foam.

CertiPUR-US Certified Foam

The memory foam used in this topper is CertiPUR-US certified. This certification means the foam has been rigorously tested and meets specific standards for content, emissions, and durability. It is made without ozone depleters, PBDEs, TDCPP, TCEP flame retardants, mercury, lead, heavy metals, formaldehyde, or phthalates regulated by the CPSC, and has low VOC (Volatile Organic Compound) emissions for indoor air quality.

MAINTENANCE

To ensure the longevity and hygiene of your Mellow Memory Foam Mattress Topper, please follow these care instructions:

- **Cleaning:** The topper is designed for spot cleaning only. **Hand wash only** specific soiled areas with a mild detergent and cold water. Do not machine wash or dry clean.
- **Drying:** Gently squeeze out excess water from the spot-cleaned area. Allow the topper to air dry completely in a well-ventilated area, away from direct sunlight or heat sources. Ensure it is fully dry before placing it back on your mattress.
- **Protection:** Using a mattress protector over the topper is recommended to shield it from spills and stains, extending its lifespan.
- **Rotation:** Periodically rotate the topper (head to foot) to promote even wear and maintain its supportive qualities.

Troubleshooting

Most issues with memory foam toppers are related to initial setup or minor adjustments. Here are some common points:

- **Odor:** New memory foam products may have a slight, harmless "new foam" odor upon unboxing. This is normal and typically dissipates within 48-72 hours in a well-ventilated room.
- **Expansion Time:** If the topper does not seem to have fully expanded, ensure it has been given the recommended 48-72 hours in a warm, well-ventilated space. Cooler temperatures can slow down the expansion process.
- **Uneven Feel:** Ensure the topper is placed correctly on your mattress, with the textured side facing up. If it feels uneven, check for any wrinkles in the mattress or bedding underneath.

If you experience persistent issues not covered here, please refer to the warranty and support section for contact information.

Specifications

Brand	Mellow
Model Name	Mellow 1.5 Inch 5-Zone Memory Foam Mattress Topper, Cooling Gel Infusion, Twin
