1. PRODUCT OVERVIEW

The LEGO Creator 3-in-1 Vintage Motorcycle (31135) playset offers an engaging building experience for children aged 8 and up, and enthusiasts of all ages. This versatile set allows for the construction of three distinct vehicle models from the same set of bricks: a classic Vintage Motorcycle, a modern Motorcycle, or a powerful Top Fuel Dragster. Each model features unique details and functionalities, encouraging creative play and rebuilding.

The primary build, the Vintage Motorcycle, is designed with authentic details including a handlebar, a movable front wheel, a prominent floodlight, and a large exhaust pipe. It also includes a support stand for display. The set promotes imaginative play, allowing users to explore different vehicle types and scenarios.

2. ASSEMBLY INSTRUCTIONS

This LEGO Creator 3-in-1 set provides instructions for building three different models. Please refer to the included physical instruction booklets for detailed, step-by-step guidance for each model. It is recommended to sort the LEGO bricks by color and size before beginning assembly to facilitate the building process.

2.1. Building the Vintage Motorcycle

Follow the instructions provided in the dedicated booklet for the Vintage Motorcycle. Pay close attention to the orientation of pieces, especially for the handlebar and movable front wheel mechanisms.

2.2. Building the Modern Motorcycle

To build the Modern Motorcycle, disassemble the Vintage Motorcycle carefully and follow the instructions for the second model. This model also includes a support for display.

2.3. Building the Top Fuel Dragster

For the Top Fuel Dragster, disassemble the previous model and use the instructions for the third configuration. This model is designed for high-speed race scenarios in imaginative play.

2.4. Digital Instructions

For an enhanced building experience, download the official LEGO Builder app. This app allows users to zoom and rotate models in 3D, save sets, and track building progress, providing a dynamic and interactive guide.

3. OPERATION AND PLAY

Once assembled, the LEGO Creator 3-in-1 Vintage Motorcycle (or its alternative builds) is ready for play. The models are designed for imaginative scenarios and display.

- **Vintage Motorcycle:** Features a movable front wheel and handlebar for steering. Use the included display stand to showcase the model when not in play.
- **Modern Motorcycle:** Similar to the vintage model, this build offers a contemporary design for different play narratives. It also includes a display stand.
- **Top Fuel Dragster:** Designed for high-speed racing action, this model can be used in imaginative race scenarios.

Encourage creative storytelling and integration with other LEGO sets for expanded play possibilities.

4. CARE AND MAINTENANCE

Proper care ensures the longevity and enjoyment of your LEGO set.

4.1. Cleaning

To clean your LEGO bricks and assembled models:

- Use a soft, dry cloth or a soft brush to gently remove dust.
- For more thorough cleaning, use a mild soap solution and a soft cloth. Rinse thoroughly with clear water and air dry. Do not use hot water or harsh chemicals, as this can damage the plastic.
- Avoid submerging electronic components (if any, though not applicable to this set) in water.

4.2. Storage

Store LEGO bricks and assembled models in a cool, dry place away from direct sunlight and extreme temperatures. Keeping the pieces in a designated container or the original box helps prevent loss and damage.

4.3. Safety Information

Warning! Choking hazard. Small Parts. Not suitable for children under 3 years.

This product contains small parts and is recommended for ages 8 and up. Adult supervision is advised for younger children within the recommended age range.

5. TROUBLESHOOTING

If you encounter any issues with your LEGO Creator 3-in-1 set, consider the following common solutions:

- **Missing Pieces:** Double-check the packaging and surrounding area. If a piece is genuinely missing, please refer to the "Customer Support" section for how to contact LEGO.
- **Difficulty Assembling:**
 - Review the instruction manual carefully, paying attention to the step you are on.
 - Ensure all pieces are correctly oriented and fully pressed together.
 - If using the digital LEGO Builder app, utilize the zoom and rotate features to get a clearer view of the assembly steps.
- **Model Instability:** Ensure all connections are firm. Sometimes a loose connection can cause a section of the model to be unstable. Re-trace the steps for that section.
