## Philips Hue R578096-4

# Philips Hue Smart 85W BR30 LED Bulb User Manual

Model: R578096-4

Brand: Philips Hue

## INTRODUCTION

The Philips Hue Smart 85W BR30 LED Bulb offers a personalized lighting experience with its white and color ambiance capabilities. This smart bulb allows you to transform your living space with a wide spectrum of colors and shades of white, creating various moods and atmospheres. This manual provides essential information for setting up, operating, and maintaining your Philips Hue BR30 LED bulbs.

## WHAT'S IN THE BOX

Each package includes:

- Four (4) Philips Hue White and Color Ambiance smart 85W-equivalent BR30 color-changing light bulbs.

## SETUP INSTRUCTIONS

Follow these steps to set up your Philips Hue Smart BR30 LED Bulbs:

### 1. Step 1: Install Your Lighting

Screw the Philips Hue BR30 LED bulbs into your existing E26 light fixtures. Ensure the power is off before installation.

Image: Visual guide for starting with Philips Hue, either with a starter kit or individual lights and a Bridge.

## 2. Step 2: Connect the Philips Hue Bridge (Optional for full features)

For advanced features like automations, control from anywhere, and a stable connection, connect a Philips Hue Bridge to your Wi-Fi router. The Bridge creates a dedicated network for your smart lights, preventing disruption to your home Wi-Fi.

Video: An overview of the Philips Hue smart lighting system, demonstrating its versatility and ease of use for various daily activities and moods.

## 3. Step 3: Download the Philips Hue App

Download the Philips Hue app from the App Store or Google Play. Follow the in-app instructions to connect your bulbs and Bridge (if applicable).

## OPERATING INSTRUCTIONS

### Controlling with the Hue App

The Philips Hue app provides comprehensive control over your smart bulbs:

- **Color and Brightness Adjustment:** Easily dim, brighten, and change the color of your lights using the intuitive app interface. Choose from millions of colors and a wide range of warm-to-cool white shades.
- **Preset Scenes:** Select from pre-defined scenes to instantly set the mood for any occasion, or create your own custom scenes.
- **Routines and Automations:** Schedule your lights to turn on/off, change color, or adjust brightness at specific times or based on events (e.g., sunrise/sunset).

# Easy smart lighting

## Set the mood with 16 million colors

### Voice Control

Integrate your Philips Hue bulbs with voice assistants like Amazon Alexa, Google Assistant, and Apple HomeKit for convenient hands-free control. Use simple voice commands to turn lights on/off, change colors, or activate scenes.

# Easy control with your voice

## Works with Amazon Alexa and the Google Assistant

Video: This video highlights the comprehensive capabilities of the Philips Hue smart lighting system, showcasing its use for entertainment, wellbeing, ambiance, and security, all managed through the Hue Bridge.

### Adaptive Lighting

The adaptive lighting feature automatically adjusts the color temperature of your lights throughout the day to mimic natural daylight. This can help support your natural circadian rhythm, promoting focus during the day and relaxation in the evening.

### Entertainment Sync

Enhance your entertainment experience by syncing your Philips Hue lights with movies, music, and games. The lights will dynamically change color and brightness to match the on-screen action or audio, creating an immersive environment.

## ADVANCED FEATURES WITH PHILIPS HUE BRIDGE

While basic control is available via Bluetooth, adding a Philips Hue Bridge unlocks the full potential of your smart lighting system:

- **Full Home and Outdoor Control:** Manage all your Philips Hue lights, both indoors and outdoors, from a single system.
- **Extended Range:** The Bridge extends the control range, allowing you to manage lights throughout your entire home.
- **Smart Switches and Motion Sensors:** Integrate additional smart accessories like switches and motion sensors for enhanced convenience and automation.
- **Away-from-Home Control:** Control your lights remotely from anywhere in the world using the Hue app.
- **Home Security Integration:** Connect Philips Hue secure cameras to your system for integrated smart home security and lighting. Use lights to deter intruders with light and sound alarms.

# Start smarter with the Hue Bridge

Model Name	Philips Hue CFH BLE
UPC	190096161225

## TROUBLESHOOTING

If you encounter issues with your Philips Hue Smart BR30 LED Bulbs, consider the following:

- **Bulb Not Responding:** Ensure the bulb is securely screwed into the fixture and the power switch is on. Check if the bulb is within range of your Philips Hue Bridge or Bluetooth device.
- **Connectivity Issues:** If using a Hue Bridge, ensure it is properly connected to your router and powered on. Restarting your router and Bridge can often resolve connectivity problems.
- **App Not Detecting Bulbs:** Try resetting the bulbs (power cycle them off and on five times) and then search for them again in the Philips Hue app.
- **Voice Control Problems:** Verify that your voice assistant (Alexa, Google Assistant, HomeKit) is properly linked to your Philips Hue account and that your commands are clear.

For more detailed troubleshooting, refer to the Philips Hue support website or the in-app help section.

## WARRANTY AND SUPPORT

The Philips Hue Smart 85W BR30 LED Bulb comes with a **3-year warranty**.
