# TEHOME Pivot Tilting Bathroom Mirror User Manual

MODEL: TE-00437

## 1. Product Overview

The TEHOME Pivot Tilting Bathroom Mirror is a versatile and elegant addition to any bathroom. Featuring a durable metal frame and a generous 3/4-inch beveled edge, this mirror is designed for both aesthetic appeal and practical functionality. Its unique pivot mechanism allows for easy adjustment of the viewing angle, accommodating users of different heights whether standing or seated.

### Dimensions:

- Overall (Includes Pivot Grommets): 23.9 inches wide x 3 inches deep x 30 inches high
- Mirror Only (Excludes Pivot Grommets): 20 inches wide x 30 inches high

The mirror extends approximately 3 inches from the wall, providing sufficient space for tilting and making it suitable for installations with wainscoting or trimmed walls.

## 2. Safety Information

**WARNING:** This mirror is designed to be wall-mounted and may break if not properly secured. The tilting mechanism may pose a risk if not used carefully. Always follow the manufacturer's instructions for installation and use. Keep out of reach of children and pets.

## 3. Setup and Installation

The TEHOME Pivot Tilting Bathroom Mirror is designed for simple assembly. All necessary mounting hardware, instructions, screws, and anchors are included with your purchase.

## Installation Steps:

1. **Prepare the Wall:** Identify the desired mounting location. Ensure the surface is clean and suitable for wall mounting.
2. **Locate Studs (Recommended):** For optimal stability, locate wall studs using a stud finder. If studs are not available, use the provided drywall anchors.
3. **Mark Mounting Points:** Use a level and measuring tape to accurately mark the positions for the mounting brackets. The mirror's overall dimensions are 23.9 inches wide by 30 inches high.
4. **Attach Brackets:** Securely fasten the pivot mounting brackets to the marked points on the wall using the provided screws and anchors.
5. **Mount the Mirror:** Carefully align the mirror's pivot points with the installed brackets and secure it in place.
6. **Adjust and Secure:** Once mounted, ensure the mirror is level and the pivot mechanism allows for smooth tilting. Tighten the ball finials to secure the mirror in your desired position.

## 4. Operating Instructions

The TEHOME Pivot Tilting Bathroom Mirror is designed for easy adjustment of its viewing angle. The mirror can be

tilted up or down to suit the height of the user, whether standing or seated.

To adjust the tilt, gently grasp the sides of the mirror and pivot it to your desired angle. The robust pivot design ensures that the mirror will remain securely positioned once adjusted, preventing it from pivoting down unintentionally.

DIMS OVERALL	DIMS	DIMS	WEIGHT	HANGING DIRECTION
Exclude pivot grommets	Include pivot grommets	Mirror Only	LB	
24" x 36"	28" x 36"	23" x 35"	16	Vertical
24" x 19"	24" x 22"	23" x 18"	11	Vertical
24" x 20"	24" x 23"	23" x 19"	11	Vertical
30" x 20"	30" x 23"	29" x 19"	13	Vertical

54" x 28"	54" x 31"	53.5" x 27.5"	29	Vertical

**Tips for choosing the right sized mirrors:**

- Measure your countertop
- Leave a few inches on either side of the vanity
- Make sure to leave enough spaces for your wall scones

## 5. Maintenance

To maintain the pristine condition of your TEHOME mirror, follow these simple guidelines:

- **Cleaning the Mirror Surface:** Use a soft, lint-free cloth and a non-abrasive glass cleaner. Spray the cleaner onto the cloth, not directly onto the mirror, to avoid streaks and drips. Wipe gently until clean and dry.
- **Cleaning the Frame:** The metal frame can be cleaned with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as these may damage the finish.
- **Regular Inspection:** Periodically check the mounting hardware and pivot points to ensure they remain secure. Tighten any loose screws or finials as needed to maintain stability and proper tilting function.

## 6. Troubleshooting

If you encounter any issues with your TEHOME Pivot Tilting Bathroom Mirror, please refer to the following common solutions:

- **Mirror Does Not Stay in Position:** If the mirror does not hold its tilted angle, the ball finials on the pivot mechanism may be loose. Gently tighten these finials until the mirror holds its position securely. Do not overtighten.
- **Wobbling or Instability:** Check all mounting screws and ensure they are firmly secured to the wall. If mounted into drywall without studs, ensure the anchors are properly installed and holding.
- **Scratches on Mirror Surface:** Minor scratches may sometimes be buffed out with specialized mirror scratch

repair kits. For deeper scratches or damage, professional repair or replacement may be necessary.

Video 6.1: This video provides four tips for choosing pivot mirrors, which may include insights into maintaining their functionality and addressing common issues.

## 7. Specifications

Attribute	Value
Brand	TEHOME
Model Number	TE-00437
Product Dimensions	30"L x 20"W
Frame Material	Metal
Finish Type	Metal
Color	Oil Rubbed Bronze
Mounting Type	Wall Mount
Special Feature	Adjustable (Pivot Tilting)
Item Weight	12 Pounds
Assembly Required	Yes

## 8. Warranty and Support

For any questions, concerns, or to inquire about replacement parts, please contact TEHOME customer support. While specific warranty details are not provided in this manual, TEHOME is committed to supporting its products and customers.

Replacement hardware may be available directly from the manufacturer. Please refer to the contact information provided at the point of purchase or on the official TEHOME website for assistance.
