- Keep the product away from open flames, heaters, and other heat sources.
- Do not use this product if any parts are broken, torn, or missing. Contact customer support for replacement parts.
- Ensure the mobile and hanging toys are securely attached. Regularly check that all components, especially small parts like stars on the mobile, are firmly in place to prevent detachment and potential choking hazards.

Proper care ensures the longevity and safety of your INFANS Pack and Play.

- **Frame:** Wipe the iron frame with a damp cloth and mild soap. Dry thoroughly.
- **Storage:** When not in use, fold the playard and store it in the provided carry bag in a dry, cool place.

- **Inspection:** Regularly check all parts for wear, damage, or loose fasteners. Discontinue use if any damage is found.
- ### 7. TROUBLESHOOTING
- **Side Rails Not Locking:** Ensure you pull up the side rails until they click into place **before** pushing down the center of the playard floor. If the bottom is secured first, the side rails will not lock.
 - **Mobile Toys Detaching:** Regularly check the attachment points of all hanging toys. If any part, such as the stars, becomes loose or detaches, remove the mobile immediately to prevent choking hazards and contact customer support.
 - **Bottom Support Issues:** If the bottom center support bends or fails to lock, discontinue use immediately. This indicates a structural issue that could compromise safety. Contact customer support for assistance.
