WELOV P200 Pro

WELOV P200 Pro Matter Smart Air Purifier User Manual

Model: P200 Pro | Brand: WELOV

INTRODUCTION

This user manual provides essential information for the safe and efficient operation, maintenance, and troubleshooting of your WELOV P200 Pro Matter Smart Air Purifier. Please read this manual thoroughly before using the appliance and retain it for future reference.

Figure 1: WELOV P200 Pro Matter Smart Air Purifier.

IMPORTANT SAFETY INSTRUCTIONS

To reduce the risk of fire, electric shock, or injury, please observe the following:

- Always unplug the air purifier before moving it, opening the grille, changing filters, or performing any cleaning.
- Do not operate any fan with a damaged cord or plug. Discard fan or return to an authorized service

facility for examination and/or repair.

- Do not run cord under carpeting. Do not cover cord with throw rugs, runners, or similar coverings. Arrange cord away from traffic area and where it will not be tripped over.
- Use this air purifier only as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons.
- Do not use outdoors.
- This air purifier is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the air purifier by a person responsible for their safety.
- Children should be supervised to ensure that they do not play with the air purifier.

SETUP GUIDE

1. Unpacking

Carefully remove the air purifier from its packaging. Ensure all components are present: the main unit and the filter(s).

2. Filter Installation

The WELOV P200 Pro uses a large, medical-grade HEPA filter. To install or replace the filter:

1. Unplug the air purifier from the power outlet.
2. Turn the unit upside down.
3. Twist the bottom cover counter-clockwise to unlock and remove it.
4. Remove the old filter (if applicable) and insert the new filter into the unit. Ensure it is seated correctly.
5. Replace the bottom cover and twist clockwise to lock it securely.

Powerful Air Purification

99.997%

Filtration Efficiency of Particles 0.1-0.3 μm

Figure 2: Illustration of the multi-layer filter system.

3. Placement

Place the air purifier on a firm, level surface. Ensure there is adequate space around the unit (at least 6 inches) for proper air circulation. Avoid placing it directly against walls or furniture.

4. Power Connection

Plug the power cord into a standard electrical outlet.

OPERATING INSTRUCTIONS

Control Panel Overview

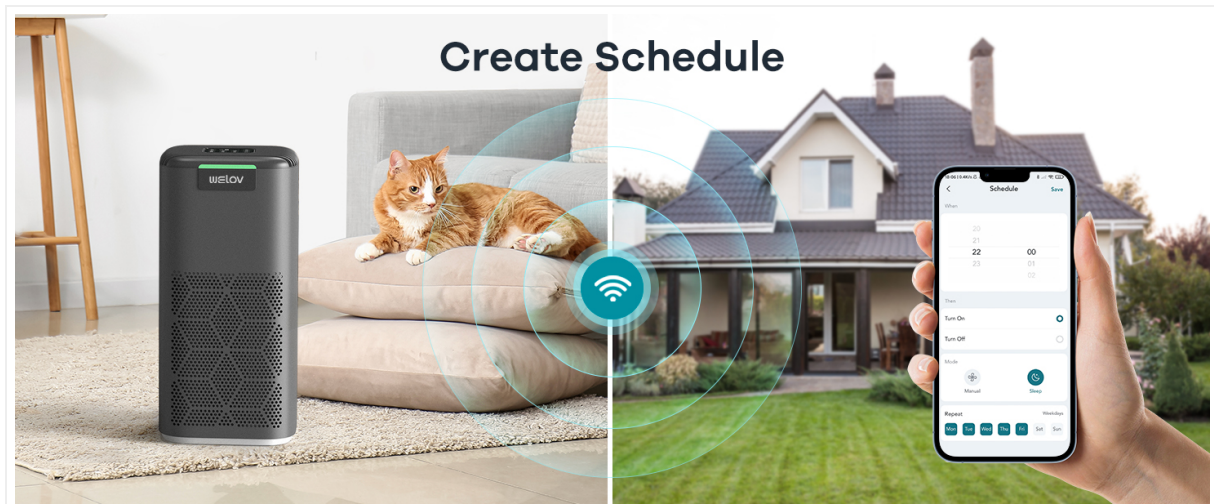

Figure 3: User-friendly control panel with PM2.5 display, Night Light, Sleep Mode, On/Off, Auto Mode, Child Lock, Filter Replacement, Timer, and Fan Speed controls.

1. Power On/Off

Press the **Power button** (🏠) to turn the air purifier on or off.

2. Adjust Fan Speed

Press the **Fan Speed button** (🏠) repeatedly to cycle through different fan speeds (Low, Medium, High).

3. Auto Mode

Press the **Auto Mode button** (🏠) to activate Auto Mode. The purifier will automatically adjust fan speed based on real-time air quality (PM2.5) readings.

4. Sleep Mode

Activate **Sleep Mode** (🏠) for quiet operation (as low as 23dB) and dimmable lighting. This mode can sync with Apple Health for optimized fan levels based on your sleep patterns via the AiDot App.

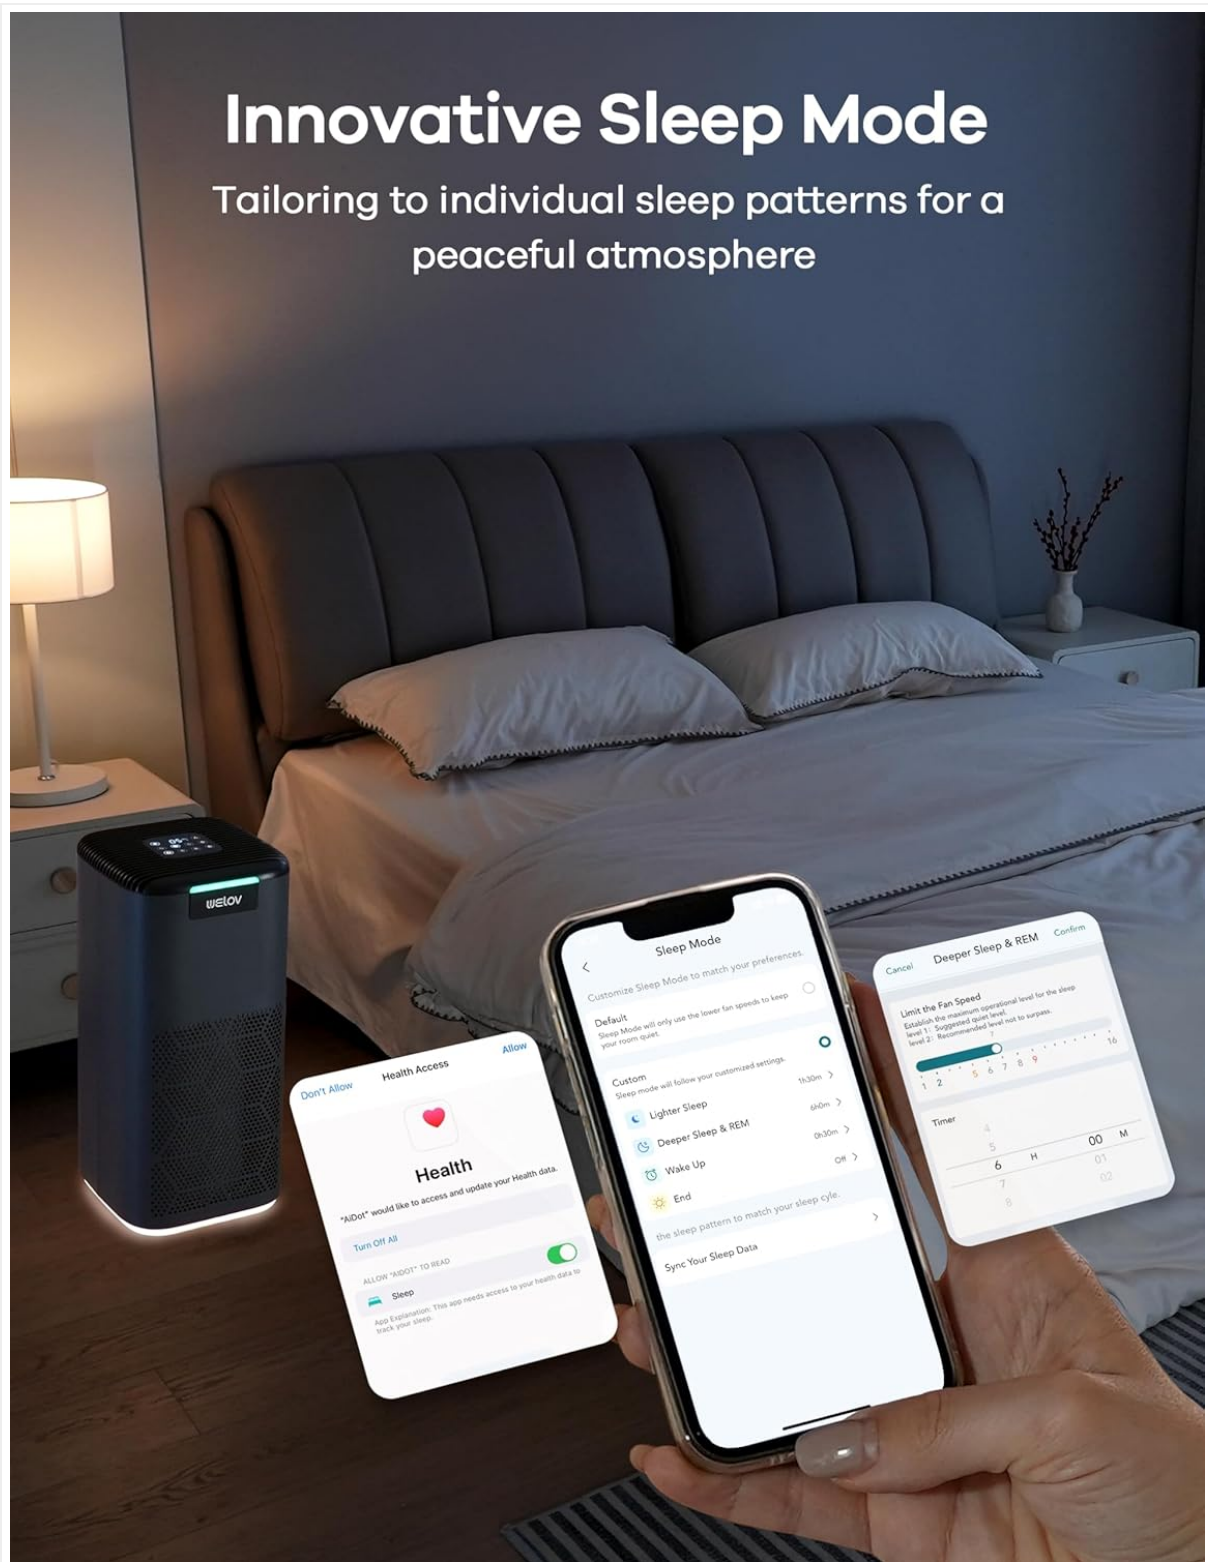

Figure 4: Sleep Mode with Apple Health integration for personalized air purification.

5. Night Light

Press the **Night Light button** (🏠💡) to control the adjustable warm night light feature.

6. Timer

Use the **Timer button** (🏠⌚) to set an operating duration for the air purifier.

7. Child Lock

Activate the **Child Lock** (🏠🔒) to prevent accidental changes to settings.

8. Smart Connectivity (Matter 1.2 & AiDot App)

The WELOV P200 Pro supports Matter 1.2, allowing seamless integration with smart home ecosystems like Apple HomeKit, Google Home, Alexa, and SmartThings. Use the AiDot App for advanced features including:

- Sleep Mode with Apple Health synchronization.
- Voice Control (via Alexa, Google Assistant).
- Pollen/Wildfire Alerts.
- Energy Insight.
- PM2.5 Tracking.
- Filter Alert.
- Lighting Control.

The Meaning of Matter

Matter enables interoperability across devices, ecosystems, and brands while reducing the number of apps that need to be used.

Figure 6: Hands-free voice control for convenient operation.

MAINTENANCE

1. Filter Replacement

The air purifier's filter alert will indicate when it's time to replace the filter. Filter lifespan depends on usage and air quality. Typically, filters should be replaced every 6-8 months. Refer to the "Setup Guide" for filter replacement steps.

Energy Insight

Figure 7: AiDot App filter alert notification.

2. Cleaning the Exterior

Wipe the exterior of the air purifier with a soft, dry cloth. Do not use abrasive cleaners or solvents.

3. Filter Types

The WELOV P200 Pro supports various filter types tailored to specific needs:

- **Pet Care Filter:** Enhanced H13 True HEPA filter customized for pet dander, hair, pollen, pet odor, and other allergens.
- **Original Filter:** Captures common airborne pollutants and allergens while neutralizing smokes and unwanted gases.
- **Toxin Absorber Filter:** Features 2X more Activated Carbon, specially designed for new homes with formaldehyde and helps to neutralize toxins, wildfire smoke, VOCs, and pollutant gases.

Figure 8: Available filter types for specialized air purification.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Air purifier does not turn on.	No power, power cord not properly connected.	Check power outlet, ensure power cord is securely plugged in.

Problem	Possible Cause	Solution
Weak airflow.	Filter is dirty or clogged.	Replace the filter.
Unusual noise.	Obstruction in the fan, unit not on a stable surface.	Unplug and check for obstructions. Place on a flat, stable surface.
Poor air purification.	Filter needs replacement, room size exceeds coverage.	Replace filter. Ensure unit is used in appropriate room size (up to 1570 ft ²).
Smart features not connecting.	Wi-Fi connectivity issues, incorrect app setup, Matter controller not configured.	Ensure stable Wi-Fi. Re-pair via QR code. Check Matter controller setup. Consult AiDot app for troubleshooting.

SPECIFICATIONS

- **Model:** P200 Pro
- **Brand:** WELOV
- **Product Dimensions:** 12"D x 11.8"W x 21"H
- **Weight:** 12.15 Pounds
- **Coverage Area:** Up to 1570 Square Feet (1 air change per hour)
- **Filtration Efficiency:** 99.997% of particles 0.1-0.3 µm (H13 True HEPA)
- **Noise Level (Sleep Mode):** 23dB
- **Smart Connectivity:** Matter 1.2, AiDot App, Apple Home, Google Home, Alexa, SmartThings
- **Certifications:** CARB Certified, EPA Certified, ETL Certified, Energy Star Certified, FCC Certified
