# Incipio Grip Series Case for iPhone 14 Pro Max

## USER MANUAL

Model: IPH-2011-BLK

### 1. PRODUCT OVERVIEW

The Incipio Grip Series Case is engineered to provide superior protection and enhanced usability for your iPhone 14 Pro Max. Its design focuses on preventing drops and minimizing damage from impacts, while maintaining a sleek profile.

- **Secure Grip:** Features raised, multi-directional grips designed to prevent slippage in all directions, ensuring your device stays firmly in hand.
- **Durable Protection:** Offers robust drop protection up to 14 feet (4.3m), incorporating Incipio's advanced Impact Strut technology, which is derived from proven protection techniques used in the automotive and sports industries.
- **Screen Protection:** An extended height raised-edge bezel safeguards your screen from direct impacts on uneven surfaces, such as pavement, while ensuring compatibility with most screen protectors.
- **Aesthetic Integrity:** Constructed with high-tech, scratch-resistant materials that help maintain a smooth surface and a new-like shine. This material also resists discoloration often caused by exposure to elements like blue jeans, lotions, creams, and sunlight.
- **Full Compatibility:** Specifically designed for the Apple iPhone 14 Pro Max (6.7"), the case also fully supports wireless charging and 5G connectivity without interference.

## Stop drops. Energize Protection

Grip's cutting-edge technologies were created to keep your phone firmly in hand, with multidirectional grips that deter slippage in all directions.

## 2. SETUP AND INSTALLATION

Follow these steps to properly install your Incipio Grip Series Case on your iPhone 14 Pro Max:

- 1. Verify Phone Model:** Ensure your device is an iPhone 14 Pro Max. This case is specifically designed for this model and may not fit other iPhone 14 variants due to differences in size and camera layout.

- Clean Your Device:** Before installation, ensure your iPhone 14 Pro Max is clean and free of dust or debris. This prevents scratches and ensures a snug fit.
- Insert Phone:** Gently align your iPhone 14 Pro Max with the case, starting with the top edge (camera side). Press firmly but carefully until the phone snaps securely into place. Ensure all edges are fully seated within the case.
- Check Fit:** Once installed, gently press around the edges of the case to ensure a secure and even fit. Verify that all buttons (power, volume) and ports (charging, speakers) are accessible and functional.

### 3. OPERATING INSTRUCTIONS

The Incipio Grip Series Case is designed for seamless daily use, enhancing your iPhone 14 Pro Max experience.

- **Daily Handling:** The multi-directional grips on the sides of the case provide a secure hold, reducing the likelihood of accidental drops during everyday activities.
- **Wireless Charging:** The case is fully compatible with wireless charging. Simply place your cased iPhone onto a compatible wireless charging pad.
- **MagSafe Compatibility:** The case is designed to work with MagSafe accessories, allowing for easy attachment of MagSafe chargers, wallets, and other compatible accessories.

## 4. MAINTENANCE

To ensure the longevity and appearance of your Incipio Grip Series Case, follow these simple maintenance guidelines:

- **Cleaning:** Regularly wipe the case with a soft, damp cloth to remove dust, fingerprints, and light smudges. For more stubborn dirt, a mild soap solution can be used, followed by wiping with a clean, damp cloth and then drying thoroughly.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, solvents, or harsh chemicals, as these can damage the case's material and finish.
- **Storage:** When not in use, store the case in a cool, dry place away from direct sunlight to prevent material degradation or discoloration over time.

## 5. TROUBLESHOOTING

If you encounter any issues with your Incipio Grip Series Case, consider the following common solutions:

- **Case Not Fitting Properly:** Double-check that you have the correct model (iPhone 14 Pro Max). Ensure no debris is obstructing the phone's placement within the case. Remove and re-install the case, ensuring it snaps into place evenly.
- **Wireless Charging Issues:** Ensure your phone is correctly centered on the wireless charging pad. Verify that the charging pad is powered on and functioning correctly.

- **MagSafe Accessories Not Attaching:** Confirm that the MagSafe accessory is properly aligned with the magnetic ring on the back of the case. Ensure the accessory itself is functional.
- **Reduced Grip:** If the grip feels less effective, clean the textured surfaces of the case as per the maintenance instructions to remove any oils or residue that might reduce friction.

If problems persist, please refer to the Warranty and Support section for further assistance.
