3. SETUP INSTRUCTIONS

3.1 Attaching the TV Stand

1. Carefully place the TV screen-down on a soft, clean surface to prevent damage.

2. Align the stand legs with the screw holes on the bottom of the TV.
3. Secure the stand legs using the provided screws. Ensure they are tightened firmly.

3.2 Wall Mounting (Optional)

The TCL 32S331 is compatible with 100mm VESA wall mounts. If you choose to wall mount, ensure you use a compatible bracket and follow the wall mount manufacturer's instructions carefully. Professional installation is recommended for wall mounting.

3.3 Connecting Power and Devices

1. Connect the power cord to the TV and then to a power outlet.
2. Connect your external devices (e.g., cable box, gaming console, Blu-ray player) to the available HDMI inputs. This model features three HDMI inputs, including one with ARC (Audio Return Channel) support.
3. For internet connectivity, you can use Wi-Fi or an Ethernet cable.

4. OPERATING YOUR SMART TV

4.1 Initial Setup and Network Connection

Upon first power-on, the TV will guide you through the initial setup process, including language selection, time zone, and network connection. Follow the on-screen prompts to connect to your home Wi-Fi network or wired Ethernet connection.

4.2 Smart TV Features and Streaming

Your TCL 32S331 is a Smart LED TV, providing instant access to a wide range of streaming services and apps like Netflix, Disney+, YouTube, and more. Navigate through the intuitive interface using your remote control.

Powerful Mobile App

6. MAINTENANCE AND CARE

6.1 Cleaning the Screen

To clean the screen, gently wipe it with a soft, lint-free cloth. For stubborn marks, lightly dampen the cloth with water or a specialized screen cleaner. Avoid using harsh chemicals or abrasive materials.

6.2 General Cleaning

Wipe the TV's frame and stand with a soft, dry cloth. Ensure all vents are clear of dust and debris to maintain

proper airflow.

6.3 Power Management

Unplug the TV from the power outlet during lightning storms or when it will be left unattended for long periods.

7. TROUBLESHOOTING

7.1 No Power

- Check if the power cord is securely connected to both the TV and the power outlet.
- Verify that the power outlet is functioning by plugging in another device.
- Press the power button on the TV itself, not just the remote.

7.2 No Picture or Poor Picture Quality

- Ensure the correct input source is selected (e.g., HDMI 1, HDMI 2).
- Check all cable connections between the TV and external devices.
- Adjust picture settings (brightness, contrast, color) in the TV's menu.

7.3 No Sound or Poor Sound Quality

- Increase the volume on both the TV and any connected audio devices.
- Check audio settings in the TV's menu, ensuring the correct audio output is selected.
- If using external speakers, ensure they are properly connected and powered on.

7.4 Network Connection Issues

- Restart your router and modem.
- Go to the TV's network settings and attempt to reconnect to your Wi-Fi network.
- Ensure the TV is within range of your Wi-Fi router.

8. WARRANTY AND SUPPORT

This product is a renewed item. Please refer to the specific warranty and return policy provided at the time of purchase. Typically, renewed products come with a limited warranty and a 90-day return policy. For further assistance, please contact the seller or refer to the official TCL support website.

- **Return Policy:** 90-day refund/replacement (as per product data).
- **Manufacturer Support:** Visit the official TCL website for product registration, FAQs, and technical support.
