## JakMean B0BCDQ2XWB

# JakMean Rechargeable Laser Tag Set User Manual

Brand: JakMean | Model: B0BCDQ2XWB

## INTRODUCTION

Welcome to the world of immersive laser tag with the JakMean Rechargeable Laser Tag Set. This set is designed for multi-player fun, featuring advanced laser tag guns and interactive vests. Experience lifelike shooting sounds, unique mist spray effects, and LED digital displays for an unparalleled gaming experience. This manual provides detailed instructions for setting up, operating, and maintaining your laser tag set to ensure maximum enjoyment and longevity.

## WHAT'S IN THE BOX

Please verify that all components are present before initial use:

- 4 x JakMean Laser Tag Guns (various colors)
- 4 x JakMean Laser Tag Vests (various colors)
- 1 x 4-in-1 Charging Cable
- 1 x Battery Pack (pre-installed in units)
- 1 x User Manual (this document)

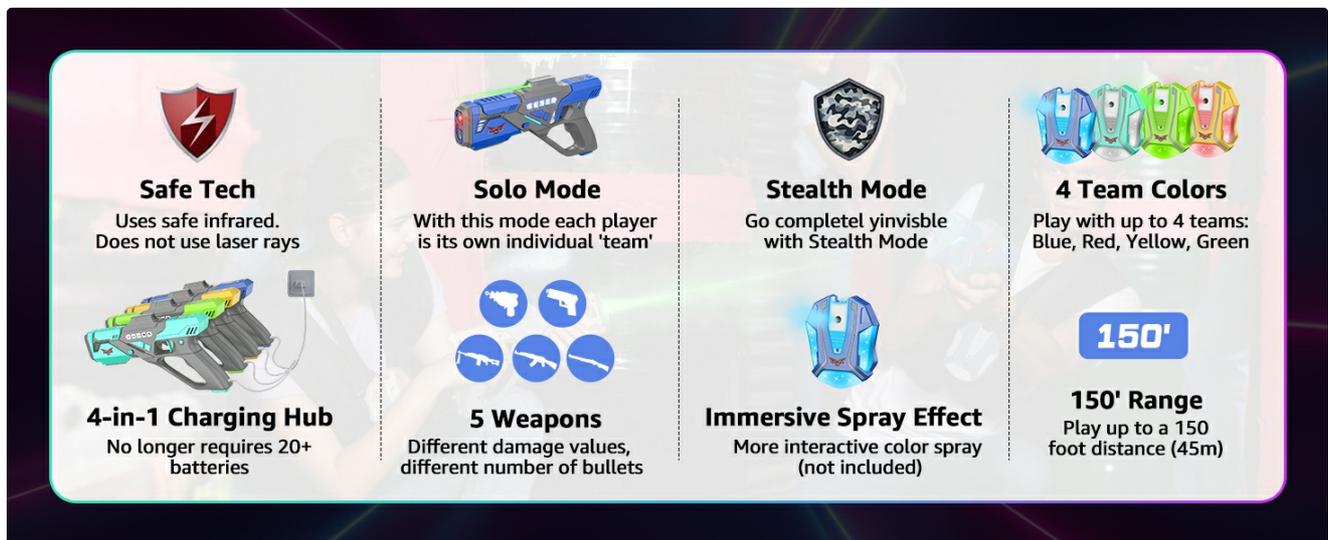

Image: An illustration of the five selectable weapon modes and a clarification that color spray liquid is not included with the vests.

## PRODUCT FEATURES

- **Multi-Player Capability:** Supports up to 4 teams for dynamic laser tag battles.
- **5 Weapon Modes:** Choose from Pistol, Shotgun, Laser Tag, Rifle, and Machine Gun, each with distinct sound effects and damage values.
- **Rechargeable Battery System:** Guns and vests feature rechargeable batteries, eliminating the need for disposable batteries and ensuring extended playtime.
- **Interactive Feedback:** Guns and vests vibrate and light up when hit, providing realistic game feedback.
- **Mist Spray Effect:** Vests can emit a mist spray when hit, adding an immersive and exciting element to gameplay. (Note: Color spray liquid is not included).
- **LED Digital Display:** Guns feature an LED display to check status, including remaining lives and ammunition, without interrupting gameplay.
- **Voice Commands:** Built-in voice guidance assists beginners with rules and tracks scores.
- **Extended Range:** Effective shooting range of up to 150 feet (45 meters) for versatile indoor and outdoor play.
- **Built-in Receiver System:** Both guns and vests have built-in infrared receivers, allowing for play with or without the vest.
- **Tactical Flashlight:** Guns include a built-in tactical flashlight for enhanced visibility in low-light conditions.

## SETUP

### 1. Initial Charging

Before first use, ensure all laser guns and vests are fully charged. The battery pack is pre-installed.

1. Connect the 4-in-1 charging cable to the charging ports on each laser gun and vest.
2. Plug the USB end of the charging cable into a compatible USB power adapter (not included) or a computer USB port.
3. The charging indicator on the units will illuminate during charging and turn off or change color when fully charged (refer to unit's specific LED behavior).
4. A full charge typically takes approximately 2-3 hours.

Image: The 4-in-1 charging cable in use, demonstrating how to charge multiple laser guns and vests simultaneously.

### 2. Wearing the Vest

The vests are adjustable to fit various body sizes.

- Place the vest over your torso.
- Adjust the neck strap and waist straps to ensure a snug but comfortable fit. The vest should be secure enough not to move excessively during play.

## OPERATING INSTRUCTIONS

### 1. Power On and Team Selection

1. Turn on each laser gun and vest using their respective ON/OFF switches.
2. On the laser gun, press the "Team Select" button to cycle through the available team colors: Blue, Red, White, and Green. Select your desired team color.
3. Ensure the vest is set to the same team color as its corresponding gun. The vest's team color light will indicate the selected team.
4. The gun and vest will automatically sync once both are powered on and set to the same team.

Image: Four players engaged in a laser tag game, demonstrating the use of different team colors for identification.

## 2. Selecting Weapon Modes

The laser gun offers five distinct weapon modes:

- **Pistol:** Standard weapon, moderate damage, high rate of fire.
- **Shotgun:** High damage at close range, wider spread, slower rate of fire.
- **Laser Tag:** Unique laser sound, specific damage.
- **Rifle:** Accurate at long range, moderate damage, slower rate of fire.
- **Machine Gun:** Low damage per shot, very high rate of fire.

Press the "Weapon Select" button on the side of the laser gun to cycle through these modes. The current weapon mode will be indicated on the gun's LED display.

## 3. Gameplay Basics

- **Shooting:** Aim your laser gun at an opponent's gun or vest and press the trigger to fire.
- **Getting Hit:** When hit, your gun and vest will vibrate, light up, and the vest may emit a mist spray (if water is added). Your lives indicator on the vest and gun's LED display will decrease.
- **Reloading:** When your ammunition runs low, press the "Add Ammo/Reload" button to reload. The gun will make a reloading sound.
- **Mist Spray Effect:** To enable the mist spray effect on the vest, open the water inlet and carefully fill the reservoir with clean water. The vest will spray mist when hit.
- **Voice Commands:** The system provides voice prompts for game status, such as "You've been hit!" or "Reload!".

## 4. Advanced Modes

- **Solo Mode:** Each player acts as an individual "team" for free-for-all combat.
- **Stealth Mode:** Activate Stealth Mode to temporarily turn off all lights on your gun and vest for 15 seconds, making you harder to spot.
- **Mute Mode:** Activate Mute Mode to turn off all sound from your gun and vest for 30 seconds.

Image: An illustration detailing advanced gameplay features such as the tactical flashlight, temporary invisibility (lights off), and temporary muting (sound off).

## MAINTENANCE

- **Cleaning:** Wipe down the laser guns and vests with a soft, dry cloth after each use. Do not use abrasive cleaners or immerse units in water.
- **Charging:** Always fully charge the units after use to maintain battery health. If storing for an extended period, charge them every 3-6 months to prevent deep discharge.
- **Storage:** Store the laser tag set in a cool, dry place away from direct sunlight and extreme temperatures.
- **Mist Spray Reservoir:** If using the mist spray feature, empty any remaining water from the vest's reservoir after play to prevent mold or residue buildup. Use only clean water.

## TROUBLESHOOTING

Problem	Possible Cause	Solution
Unit does not power on.	Battery is depleted.	Charge the unit fully using the provided charging cable.
Gun and vest do not sync.	Incorrect team selection or units are too far apart.	Ensure both gun and vest are set to the same team color. Bring units closer together during initial power-on.
Mist spray not working.	Water reservoir is empty or clogged.	Refill the water reservoir with clean water. Check for any blockages in the spray nozzle.
Units are too noisy / No volume control.	This is a design characteristic.	Utilize the "Mute Mode" feature for temporary silence during gameplay.
Vest straps breaking.	Excessive force or wear.	Handle straps with care. Contact customer support for replacement parts if available.

## SPECIFICATIONS

Feature	Detail
Product Dimensions	10.23 x 1.41 x 11.02 inches
Item Weight	4.23 pounds
Model Number (ASIN)	B0BCDQ2XWB
Manufacturer Recommended Age	8 years and up
Batteries	1 Lithium Polymer battery required (per unit, pre-installed)

Feature	Detail
Manufacturer	JakMean

## WARRANTY AND SUPPORT

For any product-related inquiries, technical support, or warranty claims, please contact JakMean customer service through the retailer where the product was purchased. Please refer to the product packaging or the retailer's website for specific warranty details and contact information.
