MAF Metal 18 Inch Queen Platform Bed Frame Instruction Manual

Model: MT02-JD-AMZ01-18Q

IMPORTANT SAFETY INFORMATION

Please read and understand all instructions before assembly and use. Keep this manual for future reference.

- Exercise caution around sharp edges during assembly and handling.
- Do not exceed the maximum weight capacity of 3500 lbs.
- Always follow assembly instructions precisely to ensure stability and prevent injury.
- Be cautious when moving or adjusting the bed frame due to its weight.

PRODUCT OVERVIEW

The MAF Metal Platform Bed Frame is designed for durability and ease of use, providing a sturdy foundation for your mattress without the need for a box spring. This Queen size frame features anti-collision round legs and ample under-bed storage.

Image 1: Overview of the MAF Metal Queen Platform Bed Frame with wooden slats.

SETUP AND ASSEMBLY

This bed frame features a simple combination structure designed for quick assembly. All necessary hardware and tools are included and well-packaged within the box. Assembly can typically be completed by one person.

Components and Features:

- **Round Corners:** Designed to minimize accidental bumps.
- **Non-Slip Taped Slats:** Wooden slats are secured with tape to prevent mattress movement.
- **Strong Structure:** Constructed with heavy-duty steel for enhanced stability.
- **Plastic Plugs:** Integrated into the leg bottoms to protect floors.
- **Slat Attachment:** Slats are secured with magic tape for easy installation and stability.
- **Heavy Duty Frame:** Features a 2.5-inch thick frame for robust support.

LARGE STORAGE SPACE

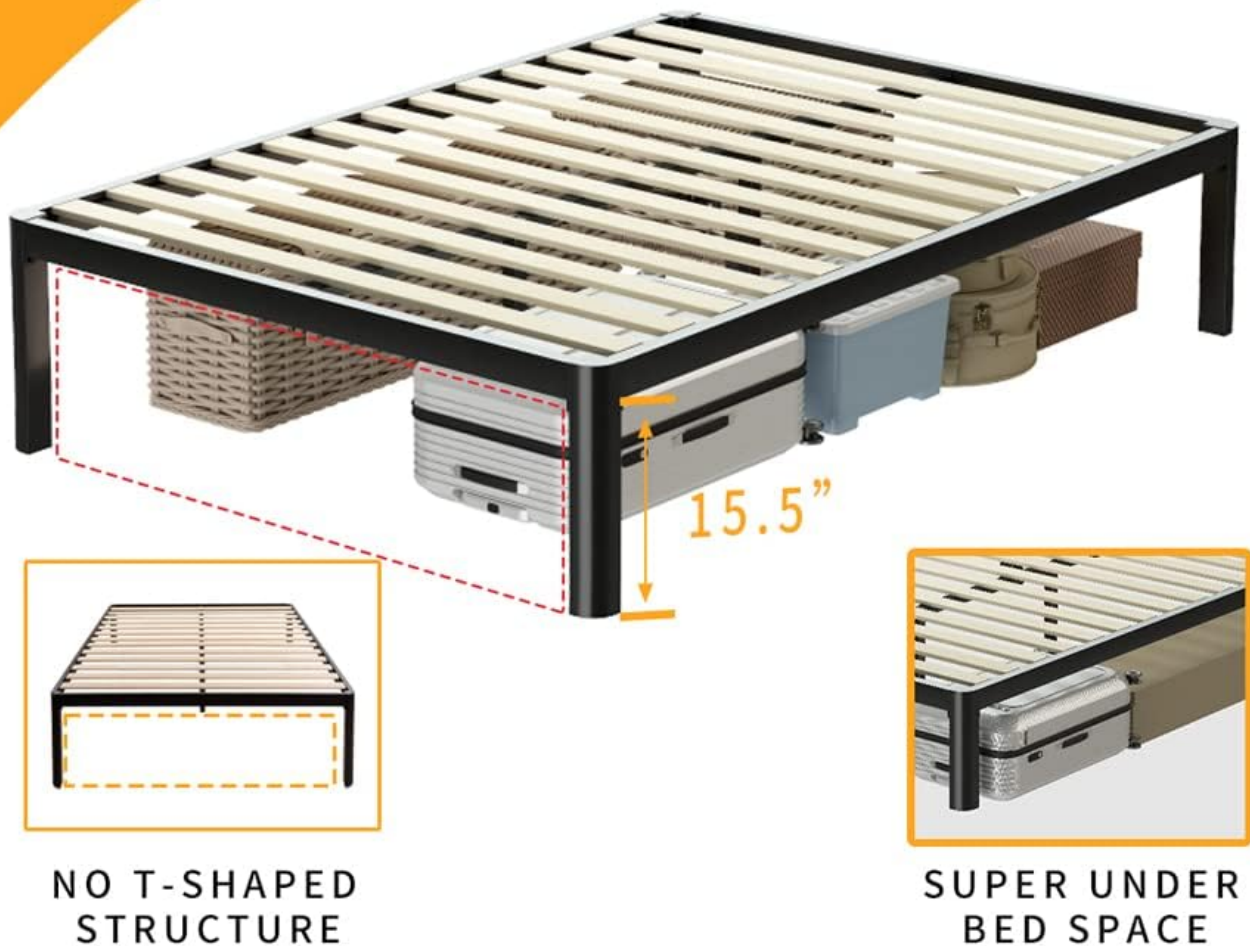

Image 2: Detailed view of key features including round corners, plastic plugs, slat attachment, and heavy-duty frame construction.

Refer to the included instruction sheet for step-by-step assembly diagrams and hardware identification.

OPERATING INSTRUCTIONS

Once assembled, the MAF platform bed frame provides a stable and noiseless foundation for your mattress.

Mattress Support:

The dependable wooden slats offer optimal support for memory foam or latex mattresses. A box spring is not required. This frame is compatible with any standard Queen size mattress (80 x 60 inches).

Image 3: Illustration of the 3500 lbs weight capacity and wooden slat support system.

Under-Bed Storage:

The frame offers a 15.5-inch vertical clearance, providing valuable space for storage underneath. This design allows for efficient use of bedroom space.

MAINTENANCE

To ensure the longevity and optimal performance of your bed frame, follow these maintenance guidelines:

- **Cleaning:** Wipe the metal frame with a soft, damp cloth. Avoid abrasive cleaners or harsh chemicals that could damage the finish.
- **Fastener Check:** Periodically check all bolts and screws to ensure they are tight. Re-tighten as necessary, especially if the bed is frequently moved or used by heavier individuals.
- **Slat Inspection:** Inspect wooden slats for any signs of wear or damage. Ensure they remain securely attached to the frame.

TROUBLESHOOTING

If you encounter any issues with your bed frame, consider the following solutions:

- **Squeaking Noises:** Ensure all assembly bolts are securely tightened. Loose connections are a common cause of

squeaking.

- **Mattress Slipping:** If your mattress tends to slip, consider placing an anti-slip grip liner between the mattress and the wooden slats.
- **Slat Bowing/Dipping:** While the wooden slats are designed for support, if significant bowing or dipping occurs, additional support such as plywood or trimming strips cut to fit can be placed over the slats.

SPECIFICATIONS

Detailed product specifications for the MAF Metal 18 Inch Queen Platform Bed Frame:

Feature	Detail
Size	Queen
Product Dimensions	79.5"L x 59.5"W x 18"H
Compatible Mattress Size	80"L x 60"W
