SAFETY INFORMATION

Your safety is paramount. Please adhere to the following guidelines:

- Always assemble the unit on a soft, clean surface to prevent scratches.
- Ensure all parts are present and undamaged before beginning assembly. Refer to the parts list provided in your packaging.
- Do not overtighten screws, as this may damage the engineered wood material.
- **Anti-Tipping Device:** It is crucial to attach the provided anti-tipping device to the wall to prevent accidental tipping, especially in households with children or pets.
- Do not exceed the stated weight capacities for the bench, shelves, or drawers.
- Keep small parts and packaging materials away from children.

OPERATING INSTRUCTIONS

Using your HOMCOM Hall Tree is straightforward:

- **Coat Hooks:** Utilize the sturdy double hooks to hang coats, jackets, scarves, hats, and bags. Distribute weight evenly.
- **Top Shelves:** The open shelves at the top are ideal for displaying decorative items, storing small bins, or keeping frequently accessed items like keys or mail.
- **Storage Bench:** The bench provides a convenient spot to sit down while putting on or taking off footwear. The included cushion offers added comfort.
- **Shoe Cabinet:** Open the two cabinet doors to access the internal shelves, perfect for organizing shoes and keeping them out of sight.
- **Drawers:** The two pull-out drawers are suitable for storing smaller items such as gloves, socks, pet leashes, or other entryway essentials.

MAINTENANCE

To maintain the appearance and longevity of your hall tree:

- **Cleaning:** Wipe with a dry cloth to remove dust and dirt. Avoid abrasive cleaners or harsh chemicals.
- **Spills:** Promptly wipe up any spills with a soft, dry cloth.
- **Hardware:** Periodically check and tighten all screws and fasteners to ensure stability.
- **Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading or damage to the finish.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Unit feels wobbly or unstable.	Screws are loose; unit not properly leveled; anti-tipping device not installed.	Tighten all screws. Ensure the unit is on a flat, level surface. Install the anti-tipping device securely to the wall.
Drawers do not slide smoothly or are off-track.	Improper assembly of drawer slides; obstruction in the track.	Refer to the assembly guide for correct drawer slide installation. Check for any debris or objects obstructing the tracks.
Parts do not fit together tightly, or there are gaps.	Incorrect part orientation; screws not fully tightened.	Double-check the assembly guide for correct part orientation. Ensure all screws are fully tightened without overtightening.
