4. SETUP

4.1. Initial Charging

1. Place both earbuds into the charging case.
2. Connect the USB-C charging cable to the case and a power source, or place the case on a wireless charging pad.
3. Allow the earbuds and case to fully charge before first use. The LED display will indicate charging progress and completion.

4.2. Pairing with Your Device

1. Open the charging case. The earbuds will automatically enter pairing mode, indicated by a flashing light on the earbuds.
2. On your device (smartphone, tablet, computer), go to the Bluetooth settings.
3. Search for available devices and select "TOZO Crystal Buds" from the list.
4. Once connected, the earbuds will indicate successful pairing, and the device will show them as connected.

5. OPERATING INSTRUCTIONS

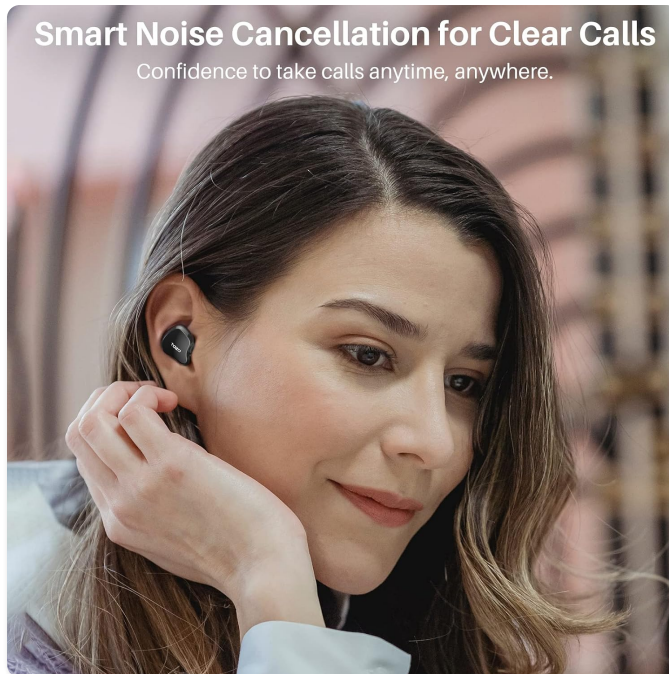

5.1. Touch Controls

The TOZO T18 earbuds feature intuitive touch controls for managing audio playback, calls, and voice assistants. Specific touch functions may vary; please refer to the detailed instructions within the TOZO App or the included quick start guide for a complete list of gestures.

- **Play/Pause:** Single tap on either earbud.
- **Next Track:** Double tap on the right earbud.
- **Previous Track:** Double tap on the left earbud.
- **Answer/End Call:** Single tap on either earbud.
- **Reject Call:** Press and hold either earbud for 2 seconds.
- **Activate Voice Assistant:** Triple tap on either earbud.

5.2. Call Noise Reduction

The earbuds are equipped with four microphones and a dual-mic AI noise reduction algorithm to ensure clear call quality, even in noisy or windy environments.

5.3. TOZO App Integration

Enhance your audio experience by downloading the TOZO app. The app allows you to:

- Choose from 32 preset sound profiles.
- Create and customize your own EQ settings.
- Share custom EQs and discover settings from a global community.
- Access firmware updates and additional features.

This image displays various screens from the TOZO app, illustrating the extensive customization options available, including 32 preset EQ modes, over 100 white noise tracks, and more than 2000 user-shared EQ profiles.

6. MAINTENANCE

6.1. Waterproof Protection (IPX8)

The TOZO T18 earbuds feature an IPX8 waterproof rating, providing protection against rain, sweat, and water exposure. This makes them suitable for workouts and outdoor use. However, they are not designed for swimming or prolonged submersion.

The image shows the TOZO T18 earbuds partially submerged in water, demonstrating their HydroGuard™ fully-sealed cavity technology and robust IPX8 water resistance.

6.2. Cleaning and Storage

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Avoid using abrasive materials, solvents, or aerosol sprays.
- Ensure the charging contacts on both the earbuds and case are clean and dry.
- Store the earbuds in their charging case when not in use to protect them and maintain battery life.
- Avoid extreme temperatures and high humidity.

7. TROUBLESHOOTING

- **Earbuds not pairing:** Ensure both earbuds are charged. Place them back in the case, close it, then open it again to re-enter pairing mode. Check your device's Bluetooth settings and try reconnecting.
- **Only one earbud working:** Try placing both earbuds back in the charging case, close the lid for a few seconds, then open it again. This often resets the connection between the two earbuds.
- **No sound:** Check the volume level on both your device and the earbuds. Ensure the earbuds are properly connected to your device.
- **Charging issues:** Verify that the charging cable is securely connected and the power source is active. Clean the charging contacts on the earbuds and inside the case. For wireless charging, ensure the case is correctly positioned on the charging pad.
- **Poor call quality:** Ensure the microphones are not obstructed. Move to a quieter environment if possible, as extreme noise can affect call clarity despite noise reduction features.
