Klair Living Mia

Klair Living Mia Farmhouse Wood Shoe Cabinet

Instruction Manual - Model: Mia

INTRODUCTION

Thank you for choosing the Klair Living Mia Farmhouse Wood Shoe Cabinet. This manual provides essential information for the safe assembly, operation, and maintenance of your new furniture. Please read these instructions carefully before beginning assembly and retain them for future reference.

SAFETY INFORMATION

- Always assemble the cabinet on a soft, clean surface to prevent scratches.
- Ensure all hardware is securely tightened before use. Periodically check and re-tighten as necessary.
- Do not overload shelves. Distribute weight evenly.
- Keep small parts and packaging materials away from children.
- If wall anchoring hardware is provided, it is highly recommended to secure the cabinet to a wall to prevent tipping, especially in households with children or pets.

PACKAGE CONTENTS

Before assembly, verify that all components and hardware are present. Refer to the detailed parts list included in your product packaging. Typical components include:

- Cabinet panels (sides, top, bottom, back)
- Six (6) adjustable shelves
- Two (2) doors with soft-close hinges
- Door handles
- Assembly hardware (screws, dowels, cam locks, etc.)

SETUP AND ASSEMBLY

Assembly of the Klair Living Mia Shoe Cabinet is required. Please follow the step-by-step instructions provided in the separate assembly manual included with your product. Ensure you have adequate space and the necessary tools (typically a Phillips head screwdriver and a hammer) before you begin.

1. **Unpack and Identify Parts:** Carefully remove all components from the packaging. Lay them out on a protected surface and compare them against the parts list to ensure nothing is missing or damaged.
2. **Assemble the Frame:** Connect the side panels to the base and top panels using the provided hardware. Ensure all connections are secure.
3. **Install Back Panel:** Attach the back panel to the assembled frame. This adds stability to the cabinet.
4. **Attach Doors:** Mount the soft-close hinges to the doors and then attach the doors to the cabinet frame. Adjust hinges as needed for proper door alignment.
5. **Insert Shelves:** Place the adjustable shelf pins into the desired holes inside the cabinet. Then, place the six shelves onto the pins.
6. **Attach Handles:** Secure the door handles to the front of the doors.
7. **Final Placement:** Move the assembled cabinet to its final location. If applicable, secure it to the wall using anti-tip hardware.

OPERATING INSTRUCTIONS

The Klair Living Mia Shoe Cabinet is designed for organized storage of footwear and other items.

- **Soft Close Doors:** The cabinet features soft-close hinges. Gently push the doors to close them, and they will slowly and quietly retract into the closed position, preventing slamming.
- **Adjustable Shelves:** The six interior shelves are adjustable. To change a shelf's height, remove any items, lift the shelf, and reposition the shelf pins into the desired holes along the cabinet sides. Ensure all four pins are securely in place before placing items back on the shelf.
- **Capacity:** Utilize the six shelves to organize shoes, accessories, or other household items. Distribute weight evenly across the shelves.

MAINTENANCE

Proper care will ensure the longevity and appearance of your shoe cabinet.

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, which can damage the finish. Dry immediately with a clean cloth.

- **Resistance Features:** The cabinet is designed with water and heat resistant, and stain and scratch resistant properties. While durable, it is advisable to wipe up spills promptly and avoid placing extremely hot items directly on the surface without protection.
- **Eco-Friendly Board:** Constructed from E0 Graded Eco Friendly Board, this cabinet meets strict formaldehyde emission standards.
- **Edgebanding:** The 2x thicker edgebanding provides enhanced durability and protection against wear and tear.
- **Hardware Check:** Periodically check all screws and fasteners to ensure they remain tight. Re-tighten if necessary to maintain stability.

TROUBLESHOOTING

If you encounter any issues with your Klair Living Mia Shoe Cabinet, refer to the following common solutions:

- **Wobbly Cabinet:** Ensure the cabinet is placed on a level surface. Check all assembly hardware and tighten any loose screws. If the floor is uneven, use furniture glides or shims under the legs to stabilize.
- **Doors Not Aligning:** The soft-close hinges are adjustable. Refer to the hinge adjustment instructions in your assembly manual to fine-tune door alignment (up/down, left/right, in/out).
- **Difficulty Closing Doors:** Check for any obstructions inside the cabinet or if shelves are protruding. Ensure hinges are properly installed and adjusted.
- **Missing Parts:** If any parts were missing upon delivery, contact Klair Living customer support or the retailer where you purchased the product.

SPECIFICATIONS

Brand:	Klair Living
Model Name:	Mia
Color:	Rustic Gray
Product Dimensions:	15.7"D x 31.2"W x 74"H
