Secretlab S22PU-Flash

Secretlab Titan Evo Flash Gaming Chair Instruction Manual

IMPORTANT SAFETY INFORMATION

- Please ensure you are within the maximum weight recommendation of 285 pounds.
- Always follow the assembly instructions for safe and proper setup.

INTRODUCTION

The Secretlab Titan Evo Flash Gaming Chair is designed for all-day comfort and ergonomic support, suitable for both work and play. It features advanced adjustability and durable materials to enhance your seating experience.

Key Features

- All-day comfort with cold-cure foam for ideal posture.
- Memory foam magnetic head pillow for adjustable neck support.
- Full-metal 4D armrests with replaceable tops for precise adjustments.
- Full-length backrest with 165° recline and multi-tilt mechanism.
- 4-way built-in adjustable lumbar support.
- Durable new-generation premium leatherette, 12x more durable than regular PU leather.
- Available in 3 different sizes, with Size Small recommended for individuals up to 5'6" and under 200lbs.

SETUP AND ASSEMBLY

Assembly Instructions

The Secretlab Titan Evo Flash Gaming Chair requires assembly. Please follow the provided instructions for safe and proper setup. Ensure all components are present before beginning assembly. It is recommended to assemble the chair in the location where it will be used, as the assembled chair can be heavy.

OPERATING INSTRUCTIONS

Magnetic Head Pillow

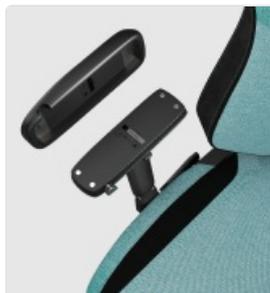

The chair includes a memory foam magnetic head pillow that can be easily adjusted to provide enhanced neck support and pressure relief. Simply place the pillow on the upper backrest, and the embedded neodymium magnets will secure it in place. Adjust its position vertically to find your optimal comfort.

PATENT-PENDING MAGNETIC MEMORY FOAM HEAD PILLOW

Easy adjustments. With custom embedded neodymium magnets.

The magnetic head pillow securely attached to the chair's backrest, demonstrating its strap-free design.

4D Armrests

The full-metal 4D armrests offer smooth and precise adjustments in four directions: height, forward/backward, left/right, and pivot. This allows you to customize arm support to your preference. The armrest tops are replaceable, offering future customization options.

4-Way Lumbar Support

The integrated 4-way L-Adapt Lumbar Support System adapts to your spine, providing personalized support. Use the adjustment knobs on the side of the backrest to control both the depth (in & out) and height (up & down) of the lumbar support.

	CHAIR SIZE	MODEL
	[SMALL]	[5'5"] [108lbs]
Height	Weight	Maximum Load
≤ 5'6"	< 200lbs	200lbs

Recline and Multi-Tilt Mechanism

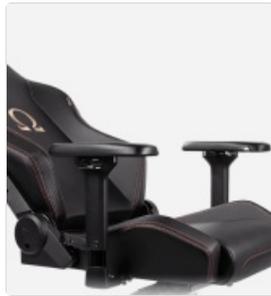

The chair features a full-length backrest with up to 165° recline, allowing you to lean back comfortably. The multi-tilt mechanism provides full control over your chair's position, enabling you to lock the chair at various angles or allow for a gentle rocking motion.

Height Adjustment

Adjust the chair's height using the lever located beneath the seat. This allows you to find the ideal seating height for your desk and personal preference, ensuring your feet are flat on the floor or comfortably supported.

MAINTENANCE AND CARE

Leatherette Care

The Secretlab Titan Evo Flash Gaming Chair features durable leatherette upholstery. To maintain its appearance and longevity, regularly wipe the surface with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or direct sunlight exposure, which can damage the material. For spills, blot immediately with a clean, dry cloth.
