## Secretlab S22PU-Stark

# Secretlab Titan Evo House Stark Gaming Chair Instruction Manual

Model: S22PU-Stark

## INTRODUCTION

This manual provides essential information for the assembly, operation, and maintenance of your Secretlab Titan Evo House Stark Gaming Chair. Please read these instructions carefully before use to ensure proper setup and to maximize your comfort and the longevity of your chair.

## SAFETY INFORMATION

### WARNING:

- Assembly may require tools and safety precautions.
- Do not exceed the maximum weight recommendation of 285 pounds (129 kg).
- Ensure all components are securely fastened before use.
- Keep small parts away from children during assembly.

## PACKAGE CONTENTS

Verify that all components are present before beginning assembly. Refer to the included assembly instructions for a detailed list and diagrams.

- Backrest
- Seat Base
- Armrests (2)
- Wheelbase
- Casters (5)
- Hydraulic Piston

- Multi-tilt Mechanism
- Magnetic Head Pillow
- Assembly Tools & Hardware

## SETUP AND ASSEMBLY

The Secretlab Titan Evo chair requires assembly. Detailed instructions and tools are included in the product packaging. Follow the step-by-step guide provided to ensure correct and safe assembly.

Key assembly steps typically include:

1. Attaching casters to the wheelbase.
2. Inserting the hydraulic piston into the wheelbase.
3. Mounting the multi-tilt mechanism to the seat base.
4. Attaching the armrests to the seat base.
5. Connecting the backrest to the seat base.
6. Placing the assembled seat onto the hydraulic piston.
7. Attaching the magnetic head pillow.

## OPERATING INSTRUCTIONS

---

### Adjustable Lumbar Support

The chair features a 4-way built-in adjustable lumbar support system. Use the knobs on the side of the backrest to adjust the depth and height of the lumbar support to fit your natural spinal curve, providing personalized comfort and support.

## PATENT-PENDING MAGNETIC MEMORY FOAM HEAD PILLOW

No more straps. Snaps on, and stays there.

RECLINE

MULTI-TILT

LOWERED HYDRAULICS

Heavy-duty mechanisms built to last

#### 4D Armrests with CloudSwap Technology

The full-metal 4D armrests allow for smooth and precise adjustments in four directions: height, forward/backward, left/right, and pivot. The world's first replaceable armrest top, featuring CloudSwap technology, allows you to easily swap out armrest tops for different materials or preferences.

## Recline and Multi-tilt Mechanism

The full-length backrest offers up to 165° recline, allowing you to find your ideal position for work, gaming, or relaxation. The multi-tilt mechanism provides full control over the chair's position, enabling you to lock it at various angles or allow for a gentle rocking motion.

## REINFORCED ADC12 ALUMINUM WHEELBASE

For extra stability.

## Magnetic Head Pillow

The memory foam magnetic head pillow provides enhanced neck support and pressure relief. It can be adjusted over a wide range and snaps into place on your backrest without the need for straps.

# PATENT-PENDING MAGNETIC MEMORY FOAM HEAD PILLOW

Made with high-density Secretlab PlushCell™ foam for enhanced support and pressure relief.

## Size Recommendations

The Secretlab TITAN Evo gaming chair is available in three sizes. The Small size is recommended for individuals up to 5'6" (167 cm) and under 200 lbs (90 kg).

# PATENT-PENDING L-ADAPT™ LUMBAR SUPPORT SYSTEM

Adapts to your spine with a lattice of living hinges.

## MAINTENANCE

To maintain the appearance and longevity of your Secretlab Titan Evo chair, follow these care instructions:

- **Wipe Clean:** Regularly wipe down the leatherette surfaces with a damp cloth to remove dust and spills.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners or harsh chemicals, as these can damage the material.
- **Protect from Sunlight:** Avoid prolonged exposure to direct sunlight to prevent fading and material degradation.
- **Check Fasteners:** Periodically check and tighten all screws and bolts to ensure stability.

## TROUBLESHOOTING

If you encounter any issues with your Secretlab Titan Evo chair, consider the following common solutions:

- **Squeaking Noises:** Ensure all bolts are tightened. A small amount of silicone lubricant can be applied to moving parts if necessary.

- **Chair Not Adjusting:** Check that all levers and knobs are correctly engaged. Ensure no obstructions are preventing movement.
- **Wobbly Chair:** Verify that the wheelbase and hydraulic piston are correctly assembled and seated. Tighten all connections.

For persistent issues, please contact Secretlab customer support.
