SAFETY INFORMATION

- Always supervise children during play.

- Ensure all parts are securely fastened before use.
- Do not climb on or stand on the table.
- Keep small parts away from young children to prevent choking hazards.
- Avoid placing the table near heat sources or in direct sunlight for prolonged periods.
- When folding or unfolding, ensure hands and fingers are clear of pinch points.

SETUP

Assembly Instructions:

1. **Unpacking:** Carefully remove all components from the packaging. Lay them out on a clean, flat surface to identify all parts against the package contents list.
2. **Frame Assembly:** The main table frame, which serves as the Pool Billiards table, comes partially pre-assembled. Attach the legs securely using the provided hardware. Ensure all bolts are tightened firmly but do not overtighten.
3. **Folding Mechanism:** Familiarize yourself with the folding mechanism. The table is designed to fold upright for space-saving storage. Locate the locking pins or latches that secure the legs in both the playing and folded positions.
4. **Game Top Placement:**

- For Pool Billiards: Use the main table frame as is.
- For Ping Pong: Place the Ping Pong tabletop directly onto the Pool Billiards surface. Attach the net and posts.
- For Bowling/Shuffleboard: Place the Bowling/Shuffleboard tabletop onto the Ping Pong surface.
- For Foosball: Place the Foosball tabletop on top of the Bowling/Shuffleboard surface.

Folding and Unfolding:

The table features a convenient folding design for easy storage. To fold the table:

1. Remove all game tops and accessories.
2. Locate the folding hinges and locking mechanisms on the legs.
3. Carefully release the locks and fold the legs inward, allowing the table to stand upright. Ensure the table is stable in its folded position.
4. To unfold, reverse the process, ensuring the legs are fully extended and locked into place before placing any game tops.

OPERATING INSTRUCTIONS

1. Pool Billiards

The main table frame serves as the Pool Billiards table. Ensure the surface is clean and level. Use the provided cues, billiard balls, triangle, and chalk for play.

3. Bowling & Shuffleboard

Place the Bowling/Shuffleboard tabletop over the Ping Pong surface. This reversible board allows for both games.

- **Bowling:** Set up the bowling pins at one end of the board. Use the provided bowling ball to knock down the pins.
- **Shuffleboard:** Use the provided pucks and slide them across the surface to score points.

MAINTENANCE

- **Cleaning:** Wipe down all surfaces with a soft, damp cloth. Avoid abrasive cleaners or solvents that could damage the finish. For game surfaces, use a dry cloth or a very lightly dampened cloth.
- **Foosball Rods:** Periodically apply a small amount of silicone lubricant to the foosball rods to ensure smooth operation. Do not use oil-based lubricants as they can attract dust and debris.
- **Storage:** When not in use, store the table in its folded position in a dry, cool place away from direct sunlight and extreme temperatures. Store game accessories in their designated storage areas or a separate container to prevent loss or damage.
- **Inspection:** Regularly inspect all bolts, screws, and connections to ensure they are tight. Tighten any loose fasteners as needed.

TROUBLESHOOTING

Issue: Foosball rods are stiff or difficult to move.

Solution: Apply a small amount of silicone-based lubricant to the rods where they pass through the table. Move the rods back and forth to distribute the lubricant. If a specific rod feels "burred" or has a rough spot, inspect it for physical damage. If damaged, contact customer support for a replacement rod.

Issue: Table feels wobbly after assembly.

Solution: Ensure all leg bolts and frame connections are securely tightened. Check that the table is placed on a flat, level surface. Adjust the table's position if necessary.

Issue: Game tops do not sit flat or slide during play.

Solution: Verify that the underlying game surface is clean and free of debris. Ensure the game tops are correctly aligned and seated on the table frame or the previous game top. Some slight movement is normal during active play.
