## eufy security eufyCam 3 Skin

# eufy Security eufyCam 3 Protective Silicone Skin (2-Pack) User Manual

Model: eufyCam 3 Skin

## 1. PRODUCT OVERVIEW

---

The eufy Security eufyCam 3 Protective Silicone Skin is designed to provide enhanced protection and camouflage for your eufyCam 3 security cameras. This 2-pack of silicone covers ensures a snug and secure fit, safeguarding your camera from environmental elements such as UV rays and rain, while also allowing it to blend seamlessly into its surroundings.

## 2. PACKAGE CONTENTS

---

- 2 x eufyCam 3 Silicone Protective Skins (Black)

## 3. INSTALLATION GUIDE

---

The silicone skin is designed for quick and easy installation and removal.

1. **Prepare your eufyCam 3:** Ensure your eufyCam 3 camera is clean and free from dust or debris before applying the skin.
2. **Align the skin:** Gently slide the silicone skin over your eufyCam 3. Ensure the cutouts on the skin

align with the camera's lens, solar panel, and mounting points.

3. **Secure the fit:** Adjust the skin to ensure a snug and secure fit around the entire camera body. The flexible silicone material allows for easy manipulation to achieve the correct positioning.

Figure 2: The silicone skin provides a snug fit for the eufyCam 3.

#### 4. OPERATING INSTRUCTIONS

---

Once installed, the eufyCam 3 Protective Silicone Skin operates passively by providing continuous protection to your camera.

- **UV Protection:** The skin shields your eufyCam 3 from harmful UV rays, preventing material degradation and maintaining the camera's aesthetic and functional integrity over time.

- **Rain Protection:** The water-resistant silicone material offers an additional layer of defense against rain and moisture, ensuring your camera continues to function optimally in various weather conditions.
- **Camouflage:** The black color of the skin helps the camera blend into darker environments, making it less conspicuous and enhancing discreet surveillance.

## 5. MAINTENANCE

---

To ensure the longevity and effectiveness of your eufyCam 3 Protective Silicone Skin, follow these simple maintenance guidelines:

- **Cleaning:** Periodically wipe the silicone skin with a soft, damp cloth to remove any accumulated dust or dirt. Avoid using harsh chemicals or abrasive cleaners, as these may damage the material.
- **Inspection:** Regularly inspect the skin for any signs of wear, tear, or damage. While durable, extreme conditions or physical impact could affect its integrity.
- **Storage:** If removing the skin for an extended period, store it in a clean, dry place away from direct sunlight and extreme temperatures.

## 6. TROUBLESHOOTING

---

If you encounter any issues with your eufyCam 3 Protective Silicone Skin, consider the following:

- **Skin does not fit snugly:** Ensure you have the correct model of silicone skin for your eufyCam 3. Gently adjust the skin to ensure all edges are properly seated around the camera.
- **Reduced solar charging efficiency:** Verify that the solar panel cutout on the skin is perfectly aligned and not obstructing any part of the camera's solar panel.
- **Damage to the skin:** If the skin is torn or significantly damaged, it may compromise its protective capabilities. Consider replacing the skin to ensure optimal protection for your camera.
