Yaheetech Multi-Level Cat Tree Instruction Manual

Model: YT-00117078-64

INTRODUCTION

Thank you for choosing the Yaheetech Multi-Level Cat Tree. This manual provides detailed instructions for the assembly, operation, and maintenance of your new cat tree. Designed for the comfort and entertainment of your feline companions, this cat tree features multiple levels, condos, perches, a basket, a hammock, and sisal scratching posts. Please read this manual thoroughly before assembly and use to ensure safe and correct installation.

SAFETY INFORMATION

- Ensure all parts are securely fastened before allowing cats to use the tree.
- Place the cat tree on a flat, stable surface to prevent tipping.
- Keep small children away from the assembly area.
- Regularly inspect the cat tree for loose or damaged parts and tighten or replace as necessary.
- Do not allow cats to chew on non-sisal components excessively.
- This product is intended for indoor use only.

PARTS LIST

Before beginning assembly, verify that all components are present and undamaged. Refer to the included components list and diagrams for identification.

- Baseboard
- Various platforms and perches (including cat-ear shaped perch)
- Two cat condos
- One basket
- One hammock
- Sisal-wrapped scratching posts
- Plush-covered support posts

- Assembly hardware (screws, bolts, Allen wrench)
- Hanging toys (pom-poms)

Setup and Assembly Instructions

Follow these steps carefully to assemble your Yaheetech Multi-Level Cat Tree. It is recommended to have ample space for assembly.

1. **Step 1: Prepare the Base**
   Place the large baseboard on a flat, stable surface. This will be the foundation of your cat tree.

2. **Step 2: Attach Lower Posts**
   Secure the initial set of support posts to the baseboard using the provided hardware. Ensure they are tightened firmly.

3. **Step 3: Install First Platform and Condo**

Attach the first large platform to the top of the lower posts. Then, assemble and secure the lower cat condo onto this platform.

4. **Step 4: Add Hammock and Mid-Level Posts**
   Attach the hammock to the designated points on the lower platform. Install the next set of support posts, including sisal-wrapped scratching posts, above the first platform and condo.

5. **Step 5: Install Second Platform and Condo**
   Place the second large platform on top of the mid-level posts. Assemble and secure the upper cat condo onto this platform.

6. **Step 6: Attach Basket and Upper Posts**
   Secure the cat basket to its designated support post. Install the final set of support posts leading to the top perches.

7. **Step 7: Install Top Perches**
   Attach the main top perch and the smaller cat-ear shaped perch to the uppermost posts.

8. **Step 8: Attach Hanging Toys**
   Secure the hanging pom-pom toys to the designated loops on the cat tree.

9. **Step 9: Final Check**
   Once assembled, gently shake the cat tree to ensure stability. Tighten any loose connections.

OPERATING INSTRUCTIONS

The Yaheetech Multi-Level Cat Tree is designed to provide a stimulating and comfortable environment for your cats. Here's how to encourage its use:

- **Exploration:** Allow your cats to explore the tree at their own pace. They will naturally be drawn to its various levels and textures.
- **Scratching:** The sisal-wrapped posts are intended for scratching. Encourage your cat to use them by gently guiding their paws or by sprinkling catnip on the posts. This helps protect your furniture.
- **Resting:** The condos, basket, hammock, and perches offer multiple spots for napping and resting. Cats often prefer elevated spots for security.
- **Play:** The hanging pom-pom toys provide interactive play opportunities. You can also place other toys on the platforms to encourage engagement.

- **Multiple Cats:** With ample space and multiple features, this tree is suitable for households with two or more cats, providing individual spaces and shared play areas.

Figure 5: A cat engaging with a sisal scratching post, highlighting the durable material designed for feline claw care.

MAINTENANCE

Proper maintenance will extend the life of your cat tree and ensure a hygienic environment for your pets.

- **Cleaning:** The plush fabric can be spot cleaned with a damp cloth and mild pet-safe detergent. For deeper cleaning, a soft brush or vacuum cleaner can remove loose fur and debris. The manufacturer recommends "Hand Wash Only" for general care.
- **Sisal Posts:** Regularly check sisal ropes for wear and tear. While durable, heavy use may require replacement over time.
- **Structural Integrity:** Periodically check all screws and bolts to ensure they remain tight. Re-tighten as needed to maintain stability.
- **Odor Control:** If odors develop, sprinkle baking soda on the plush surfaces, let it sit for 15-30 minutes, then vacuum thoroughly.

Figure 6: Illustration of hassle-free maintenance, depicting the use of a brush for cleaning the plush surface.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Cat tree is wobbly.	Loose connections or uneven surface.	Ensure all screws and bolts are tightened. Place the tree on a level floor.
Cats not using scratching posts.	Preference for other surfaces or lack of interest.	Sprinkle catnip on the sisal posts. Gently guide your cat's paws to the posts.
Hanging toys are damaged.	Normal wear and tear from play.	Remove damaged toys to prevent ingestion. Replace with new cat-safe toys.
Odor from the cat tree.	Accumulation of pet dander and oils.	Clean plush surfaces as described in the Maintenance section. Use baking soda for odor absorption.

SPECIFICATIONS

Model Name: YT-00117078-64

Brand: Yaheetech

Color: Pink

Size: 64.5 inches (Height)

Assembled Dimensions (L x W x H): 24" x 19" x 64.5"
