- User Manual

Wearing Instructions for Wireless Headset

3. PRODUCT OVERVIEW

Familiarize yourself with the main components and controls of your Eumspo G3 headset.

Image: Headset Features Showcase - MFB button, Power, Volume, and Dual Mic Noise Cancelling.

- **Multi-Function Button (MFB):** Controls power, calls, and voice assistant.
- **Volume Buttons (+/-):** Adjusts volume and navigates music tracks.
- **Microphone:** Features dual noise-canceling microphones.
- **Ear Hook:** Rotates for comfortable fit on either ear.
- **Eartip:** Soft silicone for in-ear comfort.

4. SETUP

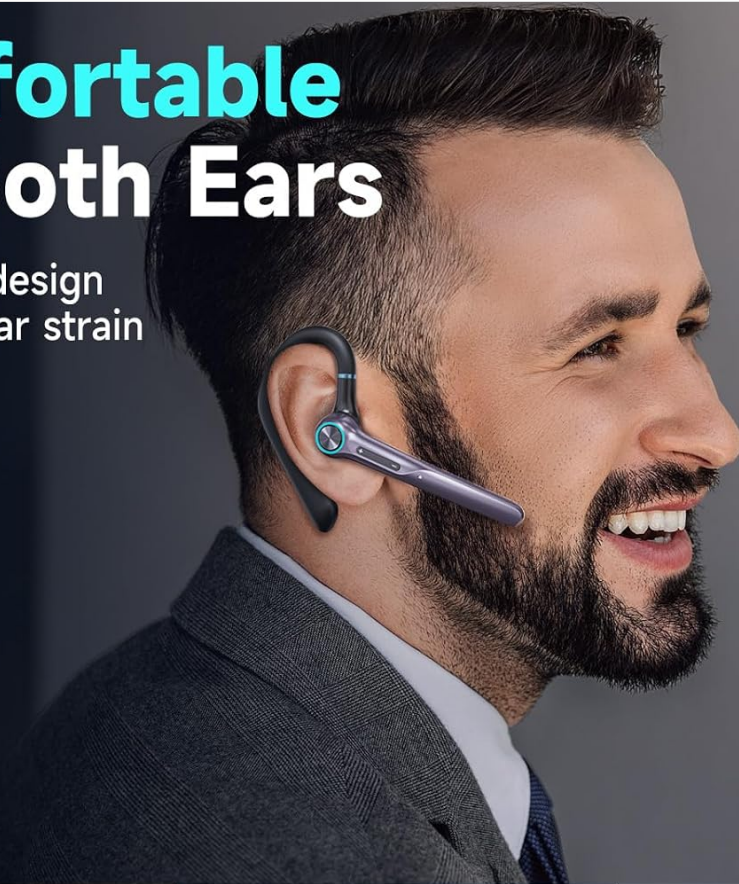

4.1 Initial Charging

Before first use, fully charge your headset and charging case.

- Place the headset into the charging case.
- Connect the USB-C cable to the charging case and a power source.
- The LED display on the case will show the charging status. A full charge takes approximately 1.5 hours for the headset and 2 hours for the case.

4.2 Bluetooth Pairing

To connect your headset to a device:

1. Take the headset out of the charging case. It will automatically enter pairing mode.
2. On your smartphone, tablet, or laptop, activate Bluetooth.
3. Search for "G3 Bluetooth Headset" (or similar, e.g., M53) in the list of available devices and select it to connect.
4. A voice prompt will confirm successful pairing.

Dual Device Bluetooth Pairing

V5.3 Chips for Pairing with 2 Devices

4.3 Dual Device Connection

The Eumspo G3 supports connecting to two devices simultaneously:

1. Pair the headset with the first device (e.g., Phone A).
2. Turn off Bluetooth on Phone A. The headset will re-enter pairing mode.
3. Pair the headset with the second device (e.g., Phone B).
4. Turn on Bluetooth on Phone A. The headset will automatically connect to both devices.

5. WEARING THE HEADSET

For optimal comfort and sound quality, adjust the headset to fit your ear.

Stereo Clear Sounds & Noise Cancelling

Image: Comfortable for Both Ears - Ergonomic design minimizes ear strain.

1. Select the appropriate eartip size for a secure and comfortable fit.
2. Insert the eartip into your ear canal.
3. Position the ear hook over the back of your ear. The ear hook rotates 180 degrees, and the microphone boom rotates 270 degrees for use on either ear.
4. Adjust the microphone boom to point towards your mouth for clear voice pickup.

9. TROUBLESHOOTING

- **No Power:** Ensure the headset and charging case are fully charged.
- **Cannot Pair:** Make sure the headset is in pairing mode (flashing indicator). Turn off and on Bluetooth on your device, then try pairing again. Ensure the headset is within 10 meters of your device.
- **Poor Sound Quality:** Check the headset's fit in your ear and try different eartip sizes. Ensure there are no obstructions between the headset and your device.
- **Microphone Not Working:** Ensure the microphone is not muted during a call. Check device settings for microphone input.

10. MAINTENANCE

- Clean the eartips and headset regularly with a soft, dry cloth.
- Avoid exposing the headset to extreme temperatures, humidity, or corrosive liquids.
- Store the headset in its charging case when not in use to protect it and keep it charged.

11. SAFETY INFORMATION

- Do not disassemble or modify the headset.
- Keep out of reach of children.
- Avoid using the headset at high volumes for extended periods to prevent hearing damage.
- Use caution when driving or engaging in activities that require your full attention.

12. WARRANTY & SUPPORT

For warranty information or technical support, please refer to the contact details provided with your purchase or visit the official Eumspo website. Keep your proof of purchase for any warranty claims.
