5. Maintenance and Care

Proper maintenance will extend the life and appearance of your outdoor couch set.

5.2 Cushion Care

The cushions are made of premium olefin fabric, which is water-repellent. For general cleaning, spot clean with a mild soap solution and a soft brush or cloth. Rinse thoroughly and allow to air dry completely before storing or reusing. For prolonged periods of non-use or during inclement weather, it is recommended to store cushions indoors or cover the furniture to protect them from the elements.

5.3 Frame Protection

The steel frame is powder-coated for durability and rust resistance. Inspect the frame periodically for any signs of wear or rust. Touch up any scratches with appropriate outdoor paint to prevent further corrosion.

6. Troubleshooting

This section addresses common issues you might encounter with your outdoor couch set.

- **Instability/Wobbling:** Ensure all assembly bolts are fully tightened. Check that the furniture is placed on a level surface.
- **Cushion Discoloration/Fading:** While cushions are fade-resistant, prolonged exposure to direct sunlight can still cause some fading over time. Store cushions indoors or use a furniture cover when not in use.
- **Wicker Damage:** For minor wicker damage, contact customer support for advice on repair kits or solutions.
- **Missing Parts:** If any parts are missing upon unboxing, refer to your assembly guide and contact MeetLeisure customer support immediately.
