### 1. Introduction

Welcome to the world of authentic ICEE slushies at home! This instruction manual provides detailed guidance on the safe and efficient operation of your new ICEE Snow Cone Machine. Designed for ease of use, this officially licensed appliance allows you to create delicious frozen treats for any occasion. Please read this manual thoroughly before first use and retain it for future reference.

### 2. Important Safety Information

To ensure safe operation and prevent damage to the appliance, please observe the following safety precautions:

- Always unplug the machine from the power outlet before cleaning, assembling, or disassembling parts.
- Do not immerse the motor base in water or any other liquid. Clean with a damp cloth only.
- Keep hands and utensils out of the ice shaving chamber during operation to prevent injury.
- This appliance is not intended for use by children without adult supervision.
- Ensure the machine is placed on a stable, level, and dry surface during use.
- Do not operate the machine if the power cord or plug is damaged, or if the appliance malfunctions or has been dropped.
- Use only ice cubes in the shaving chamber. Do not use frozen fruit or other hard items.
- For household use only. Do not use outdoors.

### 3. Product Overview

Your ICEE Snow Cone Machine is designed for simple and effective slushie creation. Familiarize yourself with its components:

Figure 3.1: The ICEE Snow Cone Machine, showcasing its main unit, pitcher, and included paper cups and straws.

Figure 3.2: Diagram showing the main body, ice shaving chamber, lid, selector knob (Coarse/Fine), mixing paddle, jug, and paper cups & straws.

- **Main Body:** Houses the motor and ice shaving mechanism.

- **Ice Shaving Chamber:** Where ice cubes are placed for shaving.
- **Lid:** Covers the ice shaving chamber during operation.
- **Selector Knob:** Allows selection between 'Coarse' (thicker ice chunks) and 'Fine' (thin ice shavings) consistency.
- **Jug/Pitcher:** Collects the shaved ice and mixes with syrup. Features measurement markings.
- **Mixing Paddle:** Integrated into the jug for stirring the slushie.
- **Paper Cups & Straws:** Included for immediate enjoyment of your slushies.

## 4. Setup

---

1. **Unpacking:** Carefully remove all components from the packaging. Retain packaging for storage or future transport.
2. **Initial Cleaning:** Before first use, wash the jug, mixing paddle, and lid in warm, soapy water. Rinse thoroughly and dry completely. Wipe the main body with a damp cloth. Do not immerse the main body in water.
3. **Placement:** Place the ICEE Snow Cone Machine on a clean, dry, stable, and level countertop surface. Ensure there is adequate space around the unit for ventilation and operation.
4. **Assembly:**
  - Ensure the jug is securely placed on the base of the machine.
  - Confirm the mixing paddle is correctly positioned within the jug.
  - Place the lid firmly on top of the ice shaving chamber.

## 5. Operating Instructions

---

Follow these steps to create your delicious ICEE slushies:

1. **Prepare Syrup:** For best results, chill your ICEE branded syrup or preferred fruit juice before use.
2. **Add Syrup to Jug:** Pour your chosen syrup or juice into the jug. The jug has markings to guide you on the amount needed for different slushie volumes.

Pouring syrup into the jug.

3. **Add Ice:** Open the lid and add ice cubes to the ice shaving chamber. Ensure you have enough ice cubes to fill the canister. Do not overfill.

Adding ice cubes to the shaving chamber.

4. **Select Consistency:** Turn the selector knob to your desired ice consistency:

- **Coarse:** For thicker chunks of ice, similar to a snow cone.
- **Fine:** For thin, smooth shavings of ice, ideal for classic slushies.

5. **Start Shaving:** Plug in the machine. The machine will begin shaving ice and mixing it with the syrup in the jug.

Machine in operation.

6. **Achieve Desired Consistency:** Once the ice is shaved, remove the jug from the machine. Stir the mixture until you have reached your desired slushie consistency.

7. **Serve:** Pour your homemade ICEE slushie into the provided paper cups and enjoy!

Serving the finished slushie.

## 6. Care and Maintenance

Proper cleaning and storage will extend the life of your ICEE Snow Cone Machine:

- **Cleaning:**
  - Always unplug the machine before cleaning.
  - Remove the jug and lid. Wash these parts in warm, soapy water. Rinse thoroughly and dry completely.
  - Wipe the exterior of the main body with a damp cloth. Do not use abrasive cleaners or scouring pads.
  - Ensure all parts are completely dry before reassembling or storing.
- **Storage:** Store the machine in a cool, dry place, away from direct sunlight and moisture. It is recommended to store it in its original packaging to protect it from dust and damage.

## 7. Troubleshooting

If you encounter issues with your ICEE Snow Cone Machine, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Machine does not turn on.	Not plugged in; power outlet issue; machine malfunction.	Ensure the machine is securely plugged into a working outlet. Test the outlet with another appliance. If still not working, contact customer support.
Ice is not shaving properly.	Lid not securely closed; too much ice; ice is too large.	Ensure the lid is firmly closed. Do not overfill the ice chamber. Use standard-sized ice cubes.
Slushie consistency is not as desired.	Incorrect setting selected; insufficient stirring.	Adjust the selector knob to 'Coarse' or 'Fine' as desired. After shaving, stir the mixture in the jug to achieve uniform consistency.
Machine is noisy during operation.	Normal operation; loose parts.	Some noise is normal during ice shaving. Ensure all parts are correctly assembled and secured.

## 8. Specifications

Feature	Detail
Model Number	400003
Brand	Fizz Creations
Dimensions (H x W x D)	Approximately 12" x 8.5" x 7.5" (30.5 cm x 21.6 cm x 19.1 cm)
