XIEANDKONG AirPods Pro white

Wireless Charging Case for AirPods Pro 1 & 2 User Manual

Model: AirPods Pro white | Brand: XIEANDKONG

PRODUCT OVERVIEW

This wireless charging case is designed as a compatible replacement for your original AirPods Pro 1 and AirPods Pro 2 charging case. It offers both wireless and wired charging capabilities, ensuring your AirPods are always ready for use. Equipped with a Bluetooth pairing sync button, it facilitates easy connection to your devices. The case is built with durable materials and incorporates multiple protection features to safeguard your earbuds during charging.

SETUP AND PAIRING

Follow these steps to set up your new charging case and pair your AirPods Pro with your device.

1. **Insert AirPods:** Place your AirPods Pro earbuds into the charging slots within the case. Ensure they are seated correctly.
2. **Activate Bluetooth:** On your smartphone or device, navigate to the Bluetooth settings and ensure Bluetooth is turned on.
3. **Initiate Pairing:** With the AirPods inside the case and the lid open, press and hold the sync button on the back of the charging case. The indicator light on the front of the case will flash white.

4. **Connect on Device:** A pop-up window should appear on your iPhone (or similar prompt on other devices) indicating the AirPods are found. Tap "Connect". If a message like "Not Your AirPods" appears, proceed to connect.
5. **Complete Pairing:** Once pairing is complete, close the lid of the charging case and then open it again. The connection should be established.

OPERATING INSTRUCTIONS

Charging the Case

The charging case supports both wired (Lightning cable) and wireless charging.

- **Wired Charging:** Connect a Lightning cable to the charging port at the bottom of the case and plug the other end into a USB power adapter or computer.
- **Wireless Charging:** Place the charging case on a Qi-compatible wireless charging pad with the indicator light facing up.

Support Wired & Wireless Charging

Indicator Light Status

The LED indicator light on the front of the case provides information about the battery status.

- **Green light (solid):** 66%-100% charge remaining.
- **Blue light (solid):** 33%-66% charge remaining.
- **Red light (solid):** 10%-33% charge remaining.
- **Red light (flashing):** Below 10% charge remaining.

MAINTENANCE

To ensure the longevity and optimal performance of your charging case, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry, lint-free cloth to clean the exterior of the case. For stubborn marks, slightly dampen the cloth with water. Avoid using abrasive materials or harsh chemicals.
- **Port Care:** Keep the Lightning charging port free of dust and debris. Use a soft brush or compressed air if necessary, but avoid inserting sharp objects.
- **Storage:** Store the case in a cool, dry place away from direct sunlight and extreme temperatures.
- **Protection:** While the case is made of durable PC and ABS plastic, avoid dropping it or subjecting it to strong impacts to prevent damage.

TROUBLESHOOTING

If you encounter issues with your charging case, refer to the following common solutions:

Problem	Possible Solution
Case not charging	◦ Ensure the charging cable is securely connected to both the case and the power source. ◦ Try a different Lightning cable or USB power adapter. ◦ If using wireless charging, ensure the case is properly aligned on the charging pad and the pad is powered.
AirPods not charging in case	◦ Ensure the charging case itself has sufficient battery charge. ◦ Verify that the AirPods are correctly seated in their respective slots within the case. ◦ Clean the charging contacts on both the AirPods and inside the case with a dry cotton swab.
Unable to pair AirPods with device	◦ Ensure Bluetooth is enabled on your device. ◦ Place the AirPods in the case, open the lid, and press and hold the sync button until the indicator light flashes white. ◦ Forget the AirPods from your device's Bluetooth settings and attempt to pair again. ◦ Ensure the case has enough charge for pairing.
Only one AirPods charging/connecting	◦ Check if the non-charging/non-connecting AirPods is properly seated in its slot. ◦ Clean the charging contacts for both AirPods and the case. ◦ Reset the AirPods by placing them in the case, closing the lid for 30 seconds, then opening and holding the sync button until the light flashes amber, then white. Re-pair with your device.

SPECIFICATIONS

Feature	Detail
Model	AirPods Pro white (Compatible with AirPods Pro 1 & 2)
Brand	XIEANDKONG
Color	White
Material	PC (Polycarbonate), ABS Plastic
Charging Type	Wired (Lightning), Wireless (Qi-compatible)
