PHYSICAL OVERVIEW

The Google Pixel 7 Pro features a refined design with a polished aluminum frame and Gorilla Glass Victus for durability.

Image: Front and back view of the Google Pixel 7 Pro in Obsidian, showcasing its sleek design.

Display

The device features a 6.7-inch QHD+ LTPO OLED display with a resolution of 1440 x 3120 pixels (512 ppi). It supports a refresh rate of up to 120Hz for smooth scrolling and responsiveness. The display is protected by Corning Gorilla Glass Victus.

The most advanced camera of any Pixel.

SETUP

Upon first power-on, follow the on-screen instructions to set up your Google Pixel 7 Pro. This includes connecting to Wi-Fi, signing into your Google account, and transferring data from a previous device if needed using the Quick Switch Adapter.

System Navigation

You can customize your phone's navigation preferences. Go to **Settings > System > Gestures > System navigation**. Here, you can choose between gesture navigation (swiping) or 3-button navigation (traditional on-screen buttons).

OPERATING THE DEVICE

Camera Features

The Pixel 7 Pro features a powerful triple-camera system:

- **50MP Main Sensor:** f/1.85 aperture, 1/1.3" sensor size, 82° Field of View (FoV).
- **12MP Ultrawide Lens:** f/2.2 aperture, 1/2.9" sensor size, auto-focus, 125° FoV.
- **48MP Telephoto Lens:** f/3.5 aperture, 1/2.55" sensor size, 4.8x optical zoom, with 30x Super Res Zoom.
- **10.8MP Front-Facing Camera:** f/2.2 aperture, 1/3.1" sensor size, 93° FoV.

Layers of protection to keep your personal info safe.

Image: The camera bar detailing the 50MP wide lens, 12MP ultrawide lens with autofocus, and 5x telephoto lens with up to 30x Super Res Zoom.

Key camera features include:

- **Macro Focus:** Powered by the upgraded ultrawide lens, it captures the smallest details.
- **Cinematic Blur:** Keeps your subject in focus while blurring the background for a dramatic effect in videos.
- **Super Res Zoom:** Achieves crisp details from far away with up to 30x zoom.
- **Magic Eraser:** (Requires Google Photos app) Helps remove unwanted objects from your photos.
- **Photo Unblur:** Helps unblur faces in photos.

It's everything a battery should be.

**The Adaptive Battery
can last over 24 hours³**

**With Extreme Battery
Saver, it can last up to
72 hours³**

Security and Privacy

Equipped with the Google Tensor G2 and Titan M2 security chip, your Pixel is built with multiple layers of security to help keep your personal info safe. It also features Face Unlock for convenient and secure access.

VPN by Google One (coming soon) is built into Pixel 7 Pro to help protect your online activity, no matter what app or web browser you use. Note: Some data is not transmitted through VPN. Not available in all countries. Use of VPN may increase data costs depending on your plan.

MAINTENANCE

The Google Pixel 7 Pro is designed to comply with dust and water protection rating IP68 under IEC standard 60529 when each device leaves the factory. It is also scratch-resistant with Corning Gorilla Glass Victus.

Video: A video discussing the water resistance of the Google Pixel 7 Pro.

Note: Water resistance and dust resistance are not permanent conditions and will diminish or be lost over time due to normal wear and tear, device repair, disassembly, or damage. Dropping your device may result in loss of water/dust resistance. Liquid damage voids the warranty.

TROUBLESHOOTING

Battery Saving Tips

To extend battery life, you can enable Battery Saver or Extreme Battery Saver in **Settings > Battery**. Extreme Battery Saver pauses most apps and notifications to conserve power. You can also select essential apps that should not be paused.

Screen Resolution Adjustment

You can adjust the screen resolution in **Settings > Display > Screen resolution**. Choose between High resolution (1080p FHD+) or Full resolution (1440p QHD+). Full resolution uses more battery and switching resolutions may cause some apps to restart.

SPECIFICATIONS

Feature	Detail
Brand	Google
Model Name	Pixel 7 Pro
Operating System	Android 13.0
Screen Size	6.7 Inches
Resolution	3840 x 2160
Refresh Rate	120 Hz
