Hot Wheels Mitsubishi Lancer Evolution VI

Hot Wheels Mitsubishi Lancer Evolution VI Instruction Manual

MODEL: 194735016488

Brand: Hot Wheels

Introduction

Welcome to the instruction manual for your new Hot Wheels Mitsubishi Lancer Evolution VI die-cast model car. This manual provides essential information for unboxing, handling, care, and understanding the specifications of your collectible item. Please read through these instructions to ensure proper enjoyment and longevity of your model.

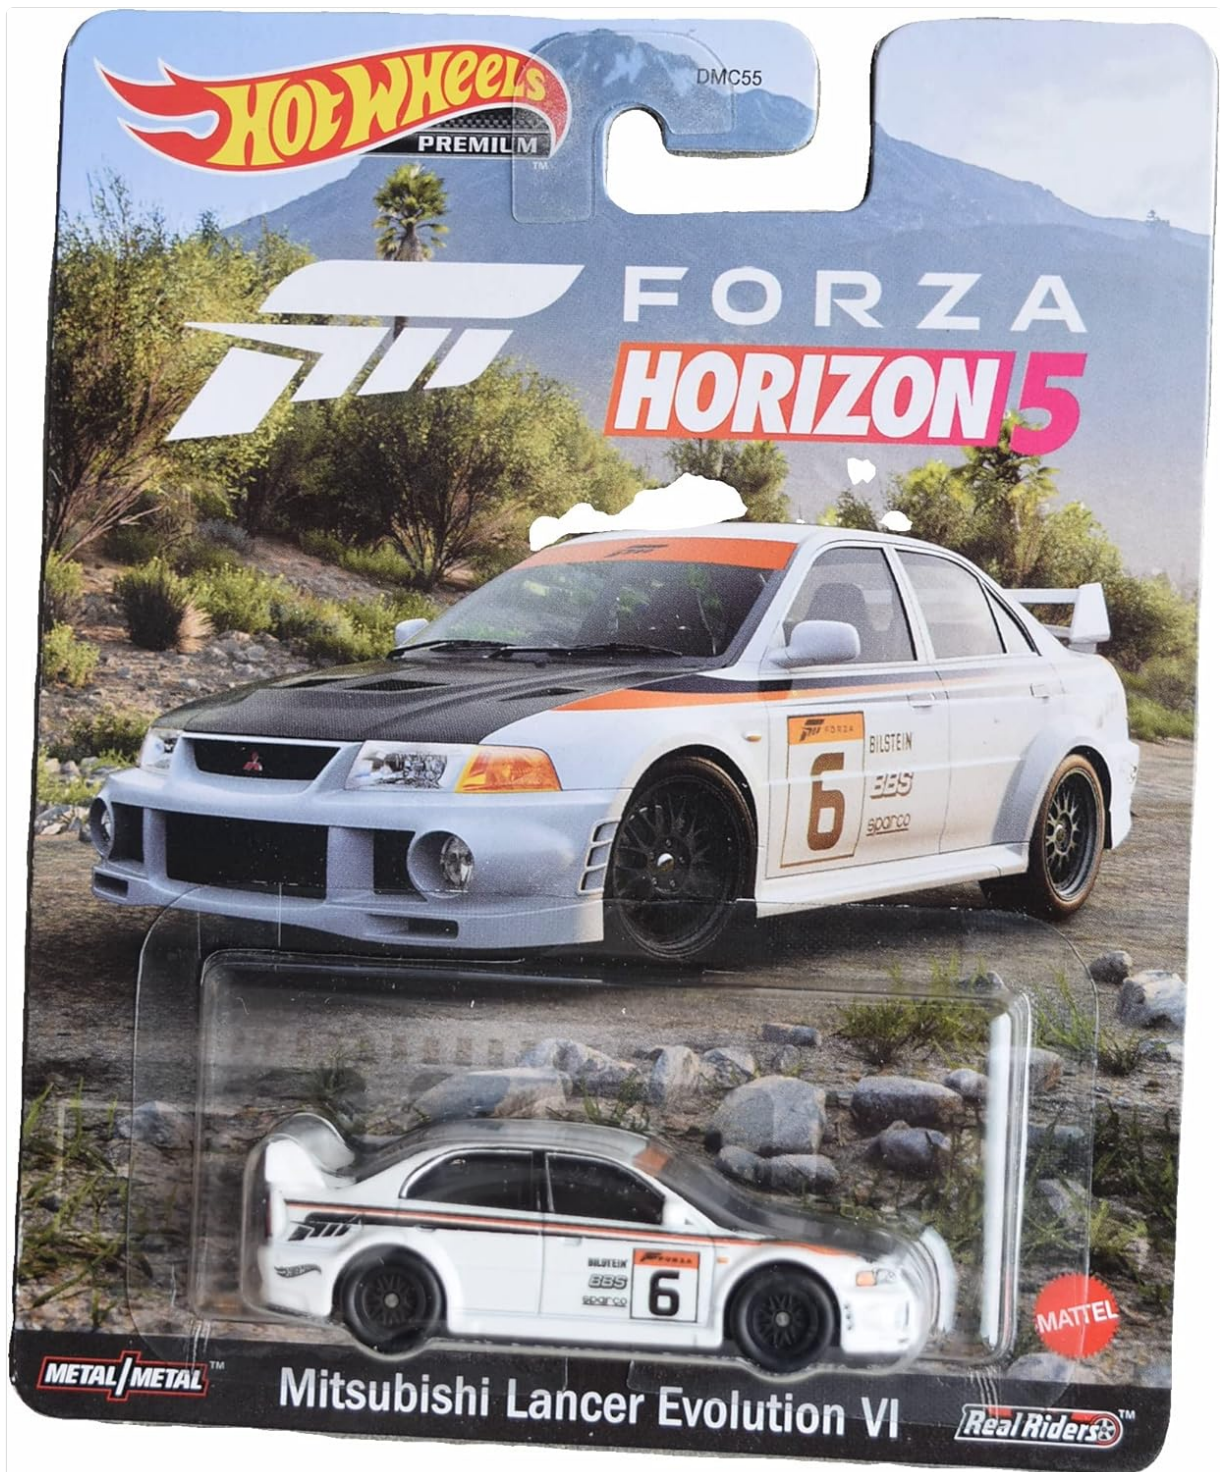

Image: The Hot Wheels Mitsubishi Lancer Evolution VI die-cast car, sealed in its blister packaging. The packaging features the Hot Wheels Premium logo, Forza Horizon 5 branding, and an illustration of the car. The physical model car is visible below the illustration.

Setup and Unboxing

Your Hot Wheels model comes securely packaged to protect its condition. Follow these steps to unbox your new car:

1. **Carefully remove the packaging:** Gently open the blister pack or box containing the model. Avoid using sharp objects that could scratch the car or damage the packaging if you intend to keep it.
2. **Inspect the model:** Once removed, examine the Mitsubishi Lancer Evolution VI for any manufacturing defects or shipping damage.
3. **Display or play:** Your model is now ready for display or manual play.

Operating Your Model Car

The Hot Wheels Mitsubishi Lancer Evolution VI is a manual operation die-cast model. It does not require batteries or remote control for its primary function.

- **Manual Movement:** Simply push the car along a flat surface to make it roll. The wheels are designed for smooth, free-rolling action.
- **Display:** For collectors, the model can be displayed on a shelf, in a display case, or within its original packaging.

Care and Maintenance

To maintain the condition and appearance of your Hot Wheels model, follow these care guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe away dust. For stubborn dirt, a slightly damp cloth with plain water can be used, followed immediately by drying with a soft, dry cloth. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight, extreme temperatures, and high humidity. These conditions can cause paint fading or material degradation over time.
- **Handling:** Handle the model by its body to avoid damaging delicate parts like mirrors or spoilers.

Troubleshooting

Most issues with a die-cast model are minor and easily resolved:

- **Wheels not rolling smoothly:** Check for any debris (dust, hair) caught in the axles. Gently remove any obstructions. Ensure the wheels are properly aligned.
- **Scratches or paint chips:** These are typically cosmetic and can occur with play or handling. Unfortunately, paint chips cannot be repaired without specialized tools and paint.
- **Loose parts:** If a small part becomes loose, it may be reattached with a small amount of model-safe adhesive, if appropriate for the part and material.

Product Specifications

Brand	Hot Wheels
Model Name	Mitsubishi Lancer Evolution VI
Model Number	194735016488 (DMC55)
Product Dimensions	6.42 x 5.24 x 1.3 inches
