1. INTRODUCTION

Thank you for choosing the Yaheetech Cat Litter Box Enclosure. This versatile furniture piece is designed to discreetly house your cat's litter box or provide a comfortable sleeping area, while also serving as a stylish side table or storage cabinet. Its thoughtful design prioritizes both your pet's privacy and your home's aesthetics. Please read this manual carefully before assembly and use to ensure proper installation and safe operation.

2. SAFETY INSTRUCTIONS

- Always assemble the product on a soft, clean surface to prevent scratches.
- Ensure all screws and fasteners are securely tightened before use. Periodically check and re-tighten if necessary.
- Do not overload the top surface or internal compartments. Refer to the specifications for weight limits.
- Keep small parts and packaging materials away from children and pets during assembly to prevent choking hazards.
- Place the enclosure on a level surface to ensure stability and prevent tipping.
- Avoid exposing the product to excessive moisture or direct sunlight for prolonged periods to prevent damage.

3. PACKAGE CONTENTS

Before beginning assembly, please verify that all parts listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity
Top Panel	The uppermost surface of the enclosure.	1
Side Panels	Left and right side panels, one with a cat entry hole.	2
Bottom Panel	The base of the enclosure.	1
Front Doors	Two hinged doors for front access.	2
Back Panel	Rear panel with ventilation holes.	1
Adjustable Divider	Internal panel to create separate compartments.	1
Hardware Pack	Screws, dowels, hinges, door handles, magnetic catches.	1 set
Feet	Four iron feet for stability.	4

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your cat litter box enclosure. It is recommended to have a Phillips head screwdriver and a soft cloth for cleaning.

4.1. Overview of Components and Dimensions

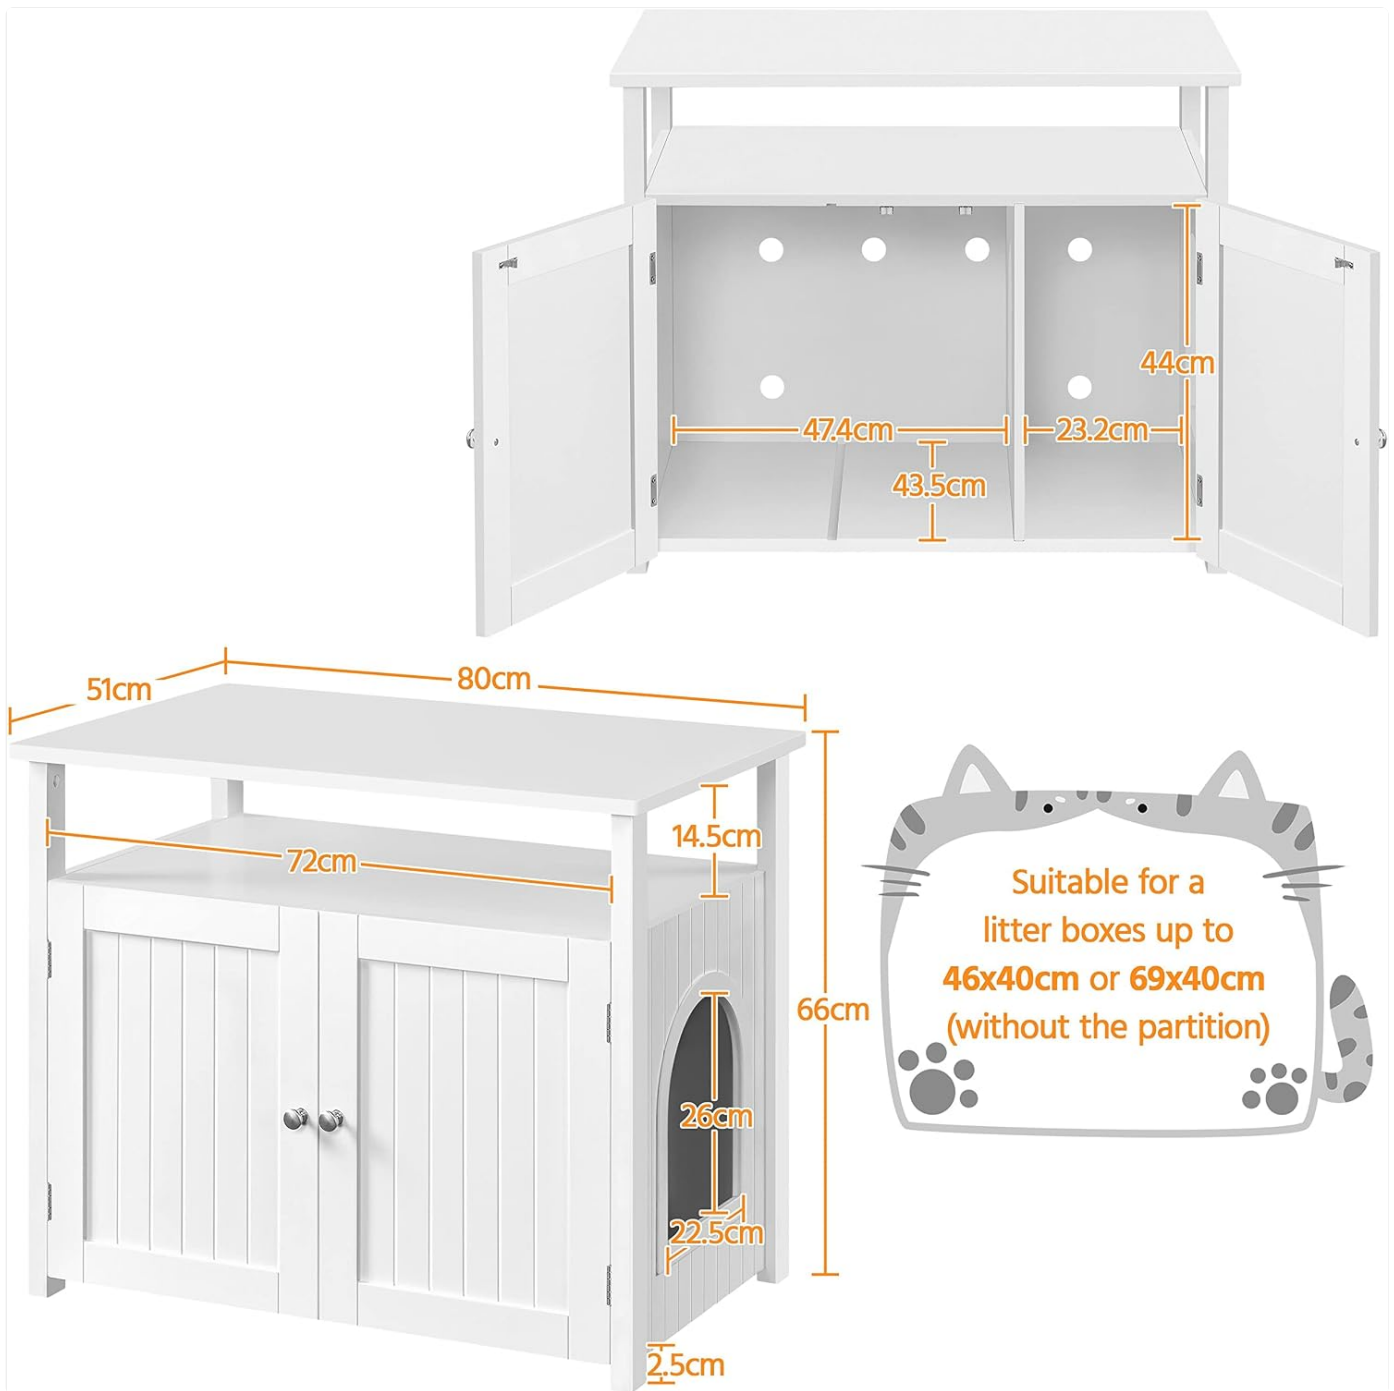

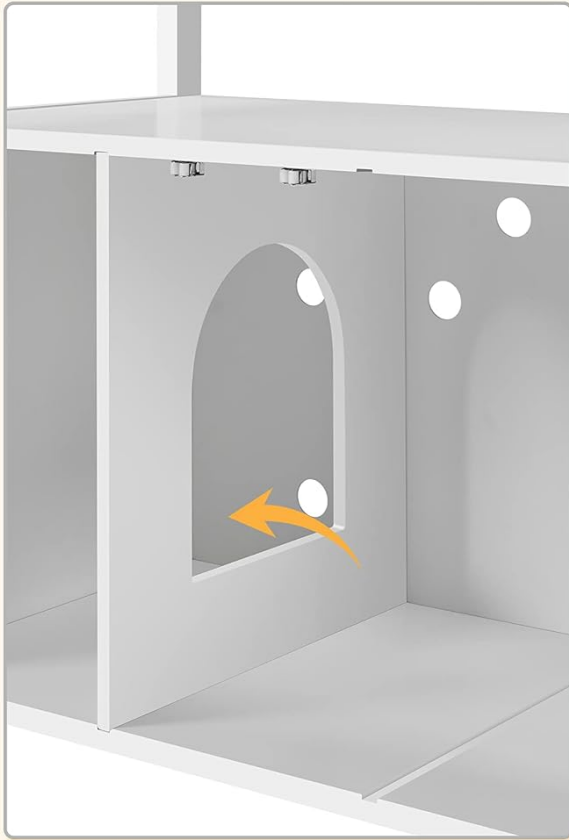

Image 4.1: Detailed diagram illustrating the external and internal dimensions of the enclosure, including suitable litter box sizes.

This diagram provides a visual guide to the product's dimensions and internal layout, including recommended litter box sizes (up to 46x40cm or 69x40cm without the partition).

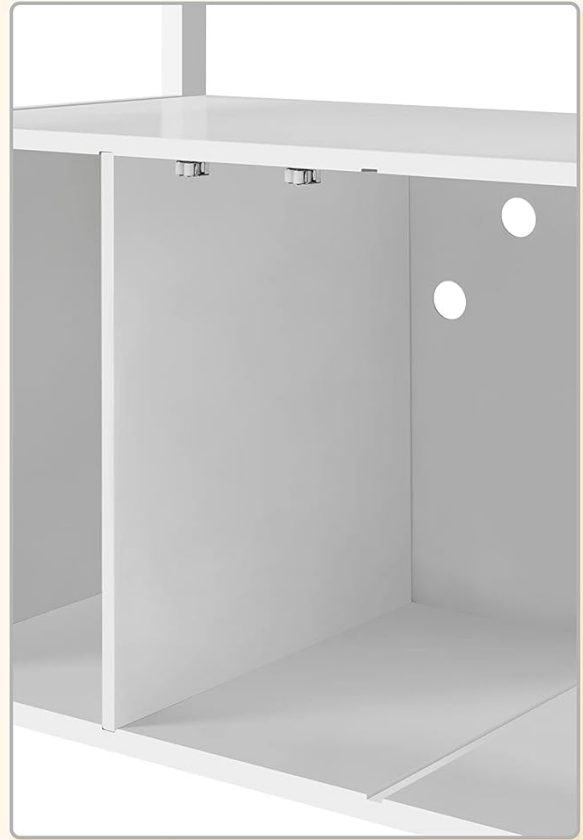

4.2. Step-by-Step Assembly

1. **Attach the Feet:** Secure the four iron feet to the bottom panel using the provided screws.
2. **Assemble the Base Structure:** Connect the side panels to the bottom panel. Ensure the side panel with the arched cat entry is positioned as desired (left or right).
3. **Install the Back Panel:** Attach the back panel, ensuring the ventilation holes are facing outwards.
4. **Insert the Adjustable Divider:** The internal divider can be placed to create two compartments. It features a newly added doorway for cat access between compartments.

Update:

ADJUSTABLE ACCORDING TO YOUR NEEDS

Image 4.3: This diagram shows how the internal partition can be adjusted to the left, right, or completely removed to create a single large space, depending on your needs.

5. **Attach the Top Panel:** Secure the top panel to complete the main structure.
6. **Install the Front Doors:** Attach the two front doors using the hinges. Install the metal handles and magnetic catches to ensure the doors close securely.

5. OPERATING INSTRUCTIONS

The Yaheetech Cat Litter Box Enclosure offers multiple functionalities:

- **Litter Box Concealment:** Place your cat's litter box inside the main compartment. The side entry provides discreet access for your cat, helping to contain odors and litter scatter.
- **Pet House/Sleeping Den:** Alternatively, use the interior as a cozy sleeping area for your cat by adding a pet bed.
- **Side Table/Storage:** The sturdy top surface and open shelf provide additional space for decorative items, books, or other household essentials. The internal compartment can also store cat food or supplies.

5.1. Key Features

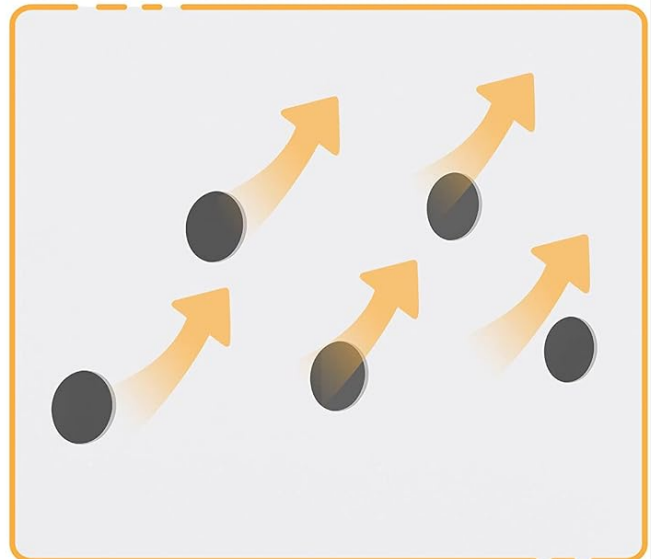

Double-layer Space

Metal Handle

Side Cathole

Vent Holes

Image 5.2: Close-up views of the double-layer storage space, durable metal handles, the arched side entry for cats, and the rear ventilation holes.

- **Double-layer Space:** Provides ample storage on top and inside.
- **Metal Handles:** Durable and stylish handles for easy opening of the front doors.
- **Side Cathole:** Arched opening for convenient cat access.
- **Vent Holes:** Located on the back panel to ensure air circulation and reduce odors.

6. MAINTENANCE

Regular maintenance will prolong the life of your Yaheetech Cat Litter Box Enclosure.

- **Cleaning:** The water-resistant surface allows for easy cleaning. Wipe down the exterior and interior surfaces with a damp cloth and mild detergent. Avoid abrasive cleaners.
- **Odor Control:** Ensure the litter box inside is cleaned regularly. The ventilation holes aid in air circulation, but consistent litter box maintenance is key to odor control.

- **Structural Integrity:** Periodically check all screws and connections to ensure they remain tight. Re-tighten if any looseness is detected.
- **Material Care:** The product is made from E1-compliant wood material.

GREEN E1-COMPLIANT MATERIAL

Waterproof, Easy to clean, Green

Formaldehyde Emission:

Image 6.1: Illustration of the E1-compliant material, indicating low formaldehyde emissions for a safer environment.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Cabinet is wobbly.	Screws are loose or placed on an uneven surface.	Ensure all assembly screws are tightened. Move the cabinet to a level surface.
Doors do not close properly.	Hinges are misaligned or magnetic catches are not installed correctly.	Adjust hinges or re-install magnetic catches to ensure proper alignment.
Odor persists despite litter box cleaning.	Insufficient ventilation or strong litter box odor.	Ensure ventilation holes are not blocked. Consider using a higher quality litter or odor-absorbing products.

Problem	Possible Cause	Solution
Cat is hesitant to use the enclosure.	New environment, unfamiliar smell, or preferred litter box location.	Place familiar items (toys, blankets) inside. Gradually introduce the cat to the new setup. Ensure the litter box is clean.

8. SPECIFICATIONS

Feature	Detail
Brand	Yaheetech
Model Number	YA-00117122
