Filter Queen M11NA-NAL

Filter Queen Majestic Surface Cleaner User Manual

Model: M11NA-NAL | Brand: Filter Queen

INTRODUCTION

The Filter Queen Majestic Surface Cleaner is an advanced, all-in-one cleaning machine designed for comprehensive home cleaning. Utilizing bagless cyclonic action and a HEPA filter cone, it efficiently removes dirt, dust, and allergens from various surfaces, promoting a healthier indoor environment. This manual provides essential information for the proper setup, operation, and maintenance of your Majestic Surface Cleaner.

The Filter Queen Majestic Surface Cleaner, showcasing its main unit, hose, wand, power nozzle, and a selection of included attachments.

PRODUCT COMPONENTS AND FEATURES

Your Filter Queen Majestic comes equipped with a range of components and features designed for versatile and effective cleaning:

- **Main Canister Unit:** The core of the system, featuring bagless cyclonic action and MicrobX™ Technology for enhanced hygiene.
- **Hose and Wand:** Provides extended reach for various cleaning tasks.
- **Power Nozzle:** Motorized attachment for deep cleaning carpets.
- **Bare Floor Brush:** Designed for safely cleaning hardwood, tile, and vinyl flooring.
- **Dusting Brush:** Ideal for dusting furniture, fans, and delicate surfaces.
- **Crevice Tool:** For reaching tight spaces and corners.

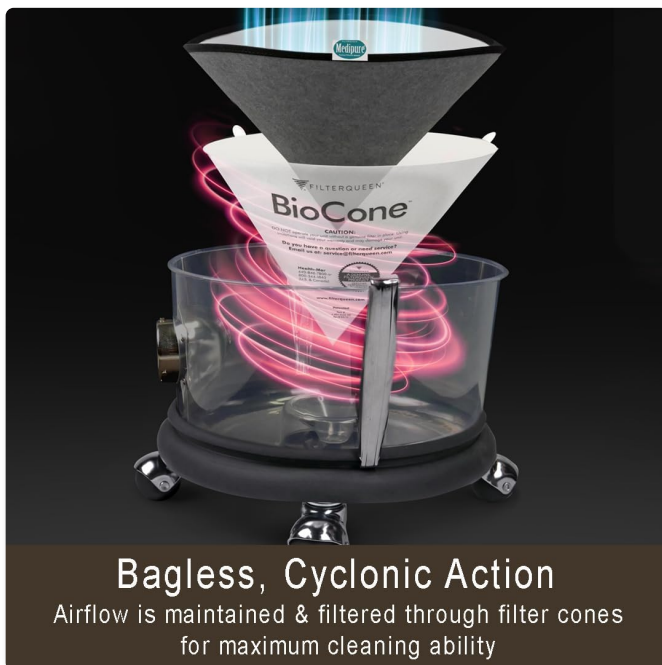

- **Upholstery Brush:** Perfect for cleaning bedding, furniture, and couches.
- **HEPA Filter Cone:** Ensures high-filtration, trapping allergens and fine particles.

The versatile dusting brush, one of the many superior attachments included.

The canister unit highlighting MicrobX™ Technology, which protects against microbial growth and odors.

Bagless, Cyclonic Action

Airflow is maintained & filtered through filter cones for maximum cleaning ability

Illustration of the bagless cyclonic action, where airflow is maintained and filtered through cones.

Powerful Suction

Cyclonic action and a motorized power nozzle creates superior, deep cleaning

The powerful power nozzle, designed for deep cleaning carpets with cyclonic suction.

SETUP INSTRUCTIONS

1. **Unpack Components:** Carefully remove all parts from the packaging. Verify that all listed components are present.
2. **Assemble Hose and Wand:** Connect the flexible hose to the main canister unit's intake port. Attach the desired wand sections to the hose handle.
3. **Attach Cleaning Tool:** Select the appropriate cleaning tool (e.g., Power Nozzle for carpets, Bare Floor Brush for hard floors) and securely attach it to the end of the wand.
4. **Power Connection:** Ensure the unit is turned off before plugging the power cord into a suitable electrical outlet.

OPERATING INSTRUCTIONS

The Filter Queen Majestic is designed for ease of use across various surfaces:

- **General Operation:** Turn on the unit using the push-button controller. The cyclonic action will begin, providing powerful suction.
- **Carpet Cleaning:** Use the Power Nozzle for effective deep cleaning of carpets. Guide the nozzle slowly over the carpeted areas to allow the motorized brush to agitate and lift dirt.
- **Hard Floor Cleaning:** Switch to the Bare Floor Brush for cleaning hardwood, tile, and vinyl surfaces. This attachment is designed to clean without scratching.
- **Above-Floor Cleaning:** Utilize the various attachments (dusting brush, crevice tool, upholstery brush) directly with the hose or wand for cleaning furniture, drapes, tight corners, and other elevated surfaces.
- **Maneuverability:** The lightweight design and castor wheels allow for easy movement around your home.

The Majestic effectively cleans hard floors, ensuring a spotless finish.

The upholstery brush is ideal for refreshing furniture and bedding.

MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your Filter Queen Majestic:

- **Emptying the Canister:** As a bagless system, the canister should be emptied regularly, especially after heavy use. Disconnect the unit from power before opening.
- **HEPA Filter Cone:** The HEPA filter cone is crucial for air filtration. Refer to the specific instructions provided with your filter for cleaning or replacement intervals. A clean filter ensures maximum cleaning ability and air quality.
- **Attachment Cleaning:** Periodically inspect and clean all attachments to remove any trapped debris or hair, ensuring they function effectively.
- **Exterior Cleaning:** Wipe down the exterior of the unit with a damp cloth. Do not use harsh chemicals or abrasive cleaners.

TROUBLESHOOTING

If you encounter any issues with your Filter Queen Majestic, consider the following common solutions:

- **Reduced Suction:**
 - Check if the canister is full and needs emptying.
 - Inspect the hose and attachments for blockages.
 - Ensure the HEPA filter cone is clean and properly seated.
- **Unit Not Turning On:**
 - Verify the power cord is securely plugged into a working outlet.
 - Check the circuit breaker in your home.
- **Unusual Noise:**
 - Turn off and unplug the unit. Inspect the power nozzle brush roll for obstructions (e.g., tangled hair, debris).

- Ensure all connections (hose to unit, wand to hose, attachment to wand) are secure.

For issues not resolved by these steps, please contact Filter Queen customer support.
