Feonase ZOP110

Feonase Twin Size Metal Bed Frame with Faux Leather Headboard

Model: ZOP110

PRODUCT OVERVIEW

The Feonase Twin Size Metal Bed Frame is a heavy-duty platform bed designed for durability and comfort. It features a stylish faux leather button-tufted headboard and robust steel slats, eliminating the need for a box spring. The frame offers 12 inches of under-bed storage space and is engineered for noise-free use. Safety features include fluorescent strips on legs to prevent stubbing toes and corner protectors.

SAFETY INFORMATION

Please read and understand all safety warnings before assembly and use.

- Exercise caution around sharp edges during assembly.
- Do not exceed the maximum weight capacity of 1000 lbs.
- Be cautious of pinch points when handling components during assembly.

COMPONENTS LIST

Ensure all components are present before beginning assembly. Refer to the included installation manual for a detailed list and diagrams.

- Headboard (Faux Leather Button Tufted)
- Metal Bed Frame (Main Sections)

- Steel Slats
- Installation Tools & Accessories (e.g., Allen wrench, screws, nuts)
- Corner Protectors

SETUP & ASSEMBLY

The Feonase bed frame is designed for easy assembly, typically taking around 30 minutes. All necessary tools and accessories are included. Follow the step-by-step instructions provided in the installation manual.

1. Unpack all components and verify against the components list.
2. Assemble the main frame sections using the provided hardware.
3. Attach the faux leather headboard to the main frame.
4. Install the steel slats into the designated slots. The one-click buckle slats simplify this step.
5. Place the corner protectors on the frame corners to enhance safety.

OPERATING & FEATURES

This bed frame is designed for optimal functionality and user experience.

- **Mattress Placement:** The embedded design of the frame ensures your mattress stays in place, preventing sliding and sagging. No box spring is needed.
- **Under-Bed Storage:** Enjoy 12 inches of clearance beneath the bed, providing ample space for storage bins, luggage, or other items to keep your room tidy.
- **Noise-Free Design:** Built-in anti-noise shells minimize any squeaking or movement, ensuring a silent sleep environment.
- **Safety Features:** Fluorescent strips on the legs help prevent accidental stubbing of toes in low light, and included corner protectors add an extra layer of safety.

MAINTENANCE

To maintain the appearance and longevity of your bed frame, follow these simple care instructions:

- Wipe the metal frame and faux leather headboard with a dry cloth to remove dust and debris.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish or material.
- Periodically check all bolts and connections to ensure they remain tight.

TROUBLESHOOTING

If you encounter any issues with your Feonase bed frame, consider the following common solutions:

- **Squeaking Noises:** Ensure all bolts and screws are securely tightened. The anti-noise shells are designed to prevent most noises, but loose connections can still cause issues.
- **Mattress Sliding:** Verify that the mattress is correctly positioned within the embedded frame design. If the issue persists, ensure the mattress size is compatible with the twin frame.
- **Instability:** Check all leg supports and frame connections for proper assembly and tightness. Ensure the bed is on a flat, even surface.

For persistent issues or concerns not addressed here, please contact Feonase customer support.
