# Hot Wheels 2022 Bone Shaker Monster Trucks Color Shifters User Manual

**Brand:** Hot Wheels | **Model:** 194735059874 or 194735214945

## INTRODUCTION

---

Welcome to the exciting world of Hot Wheels Monster Trucks Color Shifters! This manual provides essential information for the Hot Wheels 2022 Bone Shaker Monster Truck, designed to change colors when exposed to different water temperatures. Follow these instructions to ensure safe and enjoyable play.

**Figure 1:** The Hot Wheels Bone Shaker Monster Truck Color Shifters in its original packaging. The packaging highlights the "Color Shifters" feature and the "Bone Shaker" model name, along with the Hot Wheels Monster Trucks branding.

## SETUP

---

The Hot Wheels Bone Shaker Monster Truck Color Shifters toy comes ready for play directly out of its packaging. No assembly or batteries are required.

- Unpackaging:** Carefully remove the Monster Truck from its blister packaging. Ensure all packaging materials are discarded safely.
- Preparation for Color Change:** To experience the color-shifting feature, prepare two containers of water: one with cold water (preferably ice water) and one with warm water (not hot, to avoid damage to the toy).

## OPERATING THE COLOR SHIFTERS FEATURE

---

The primary feature of this Monster Truck is its ability to change colors based on water temperature. This provides a dynamic play experience.

- Cold Water Activation:** Submerge the Monster Truck into cold water. The vehicle's paint will change to a specific color. For best results, use ice water.
- Warm Water Activation:** Submerge the Monster Truck into warm water. The vehicle's paint will revert to its original color or change to another specific color. Ensure the water is warm, not hot, to prevent damage to the toy's finish.
- Partial Color Change:** You can also dip only parts of the truck into water to create unique, two-tone designs.
- Drying:** After playing with water, allow the truck to air dry completely before storing.

**Note:** The specific color changes (e.g., from yellow to black, or vice versa) may vary slightly depending on the exact model and temperature differences.

## MAINTENANCE

---

Proper care will extend the life and enjoyment of your Hot Wheels Monster Truck.

- Cleaning:** Wipe the truck with a damp cloth to remove dust or dirt. Avoid harsh chemicals or abrasive cleaners.
- Drying:** Always ensure the toy is completely dry after water play to prevent water spots or potential long-term damage to the color-shifting paint.
- Storage:** Store the toy in a dry place, away from direct sunlight or extreme temperatures, which can affect the color-shifting properties over time.

## TROUBLESHOOTING

---

Problem	Possible Cause	Solution
Color is not shifting.	Insufficient temperature difference between water sources.	Ensure one water source is very cold (ice water) and the other is distinctly warm (but not hot).
Color change is slow or incomplete.	Not enough exposure to water or temperature not extreme enough.	Fully submerge the truck for a few seconds. Verify water temperatures are sufficiently different.
Paint appears dull or damaged.	Exposure to harsh chemicals, abrasive cleaning, or excessively hot water.	Avoid using harsh cleaners. Only use warm (not hot) water for color shifting. Store away from direct sunlight.

## SPECIFICATIONS

---

- Product Dimensions:** 6 x 6 x 4 inches
- Item Weight:** 4.9 ounces

- **Model Number:** 194735059874 or 194735214945
- **Manufacturer Recommended Age:** 13 - 13 years (Note: This age range seems unusual for a toy, typically it's for younger children. Please refer to product packaging for definitive age guidance.)
- **Brand:** Hot Wheels

## WARRANTY AND SUPPORT

---

Hot Wheels products are designed for durability and enjoyment. For specific warranty information or support inquiries, please refer to the official Hot Wheels website or contact their customer service department. Keep your purchase receipt as proof of purchase.
