2. Package Contents

Please check the package for the following items:

- Camera body
- Type-C cable
- Power adapter
- Mounting accessories
- Quick installation guide

3. Product Overview

The GALAYOU G7 camera is equipped with features to enhance your home security and monitoring experience.

- **Ultra 2K Resolution:** Provides clear and vivid image quality.
- **Advanced Night Vision:** Effective up to 33 ft in low light conditions.
- **Smart Siren & Motion Alert:** Real-time notifications and siren activation upon motion detection.
- **Remote Monitoring & Two-Way Audio:** Communicate with family or pets remotely via the Wansview Cloud App.
- **Secure Storage:** Supports up to 128GB Micro SD card (not included) and AWS Cloud storage.
- **Smart Home Integration:** Compatible with Alexa and Google Home for voice control.

Key features of the GALAYOU G7 camera.

4. Setup Guide

Follow these steps to set up your GALAYOU G7 WiFi Camera:

1. **Step 1: Download the Wansview Cloud App**
   Search for 'Wansview Cloud' on the App Store (iOS) or Google Play (Android) and download the application. Create

an account or log in if you already have one.

2. **Step 2: Power Supply**
   Connect the Type-C cable to the camera and the power adapter. Plug the power adapter into a standard electrical outlet. The camera will power on and indicate its status.
3. **Step 3: Connect to 2.4GHz WiFi**
   Open the Wansview Cloud App and follow the in-app instructions to add your new camera. Ensure your mobile device is connected to a 2.4GHz WiFi network, as the camera does not support 5GHz WiFi. The app will guide you through the pairing process, which typically involves scanning a QR code generated by the app with the camera's lens.

Visual guide for the initial setup process.

5. Operating Instructions

5.1. Live View and Remote Monitoring

Once connected, you can access the live video feed from your camera anytime, anywhere via the Wansview Cloud App. This allows you to monitor your home, baby, or pets remotely.

5.2. Two-Way Audio

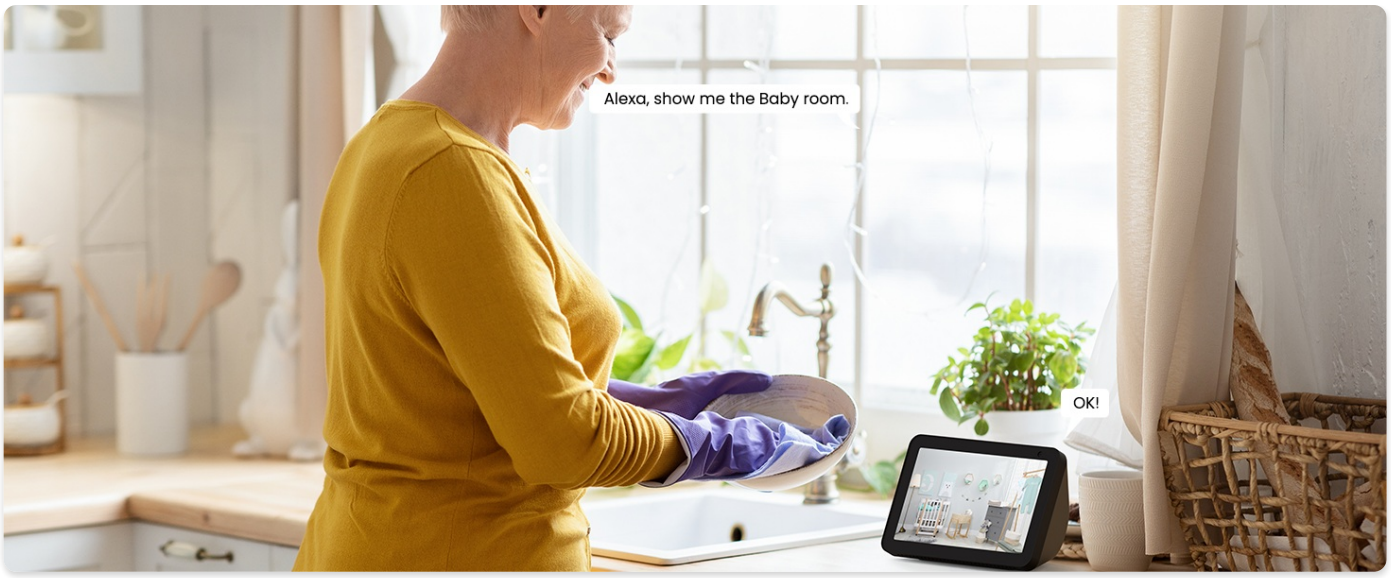

The built-in microphone and speaker enable two-way communication. Tap the microphone icon in the app to speak through the camera, and listen to audio from the camera's surroundings. This feature is useful for comforting a pet, speaking to a child, or deterring an intruder.

Utilize the two-way audio feature to communicate through the camera.

5.3. Motion Detection and Alerts

The camera supports motion detection. When motion is detected, the camera can send real-time alerts to your phone. You can customize sensitivity settings within the app to reduce false alarms.

The camera can detect motion and trigger alerts, including a smart siren.

5.4. Night Vision

The camera is equipped with enhanced night vision, allowing it to capture clear images even in complete darkness up to 33 feet. This ensures 24/7 monitoring capability.

Your browser does not support the video tag.

This video demonstrates the night vision capabilities of the GALAYOU G7 camera, showcasing its ability to provide clear footage in low-light conditions.

5.5. Storage Options

The camera offers two storage options for recorded video:

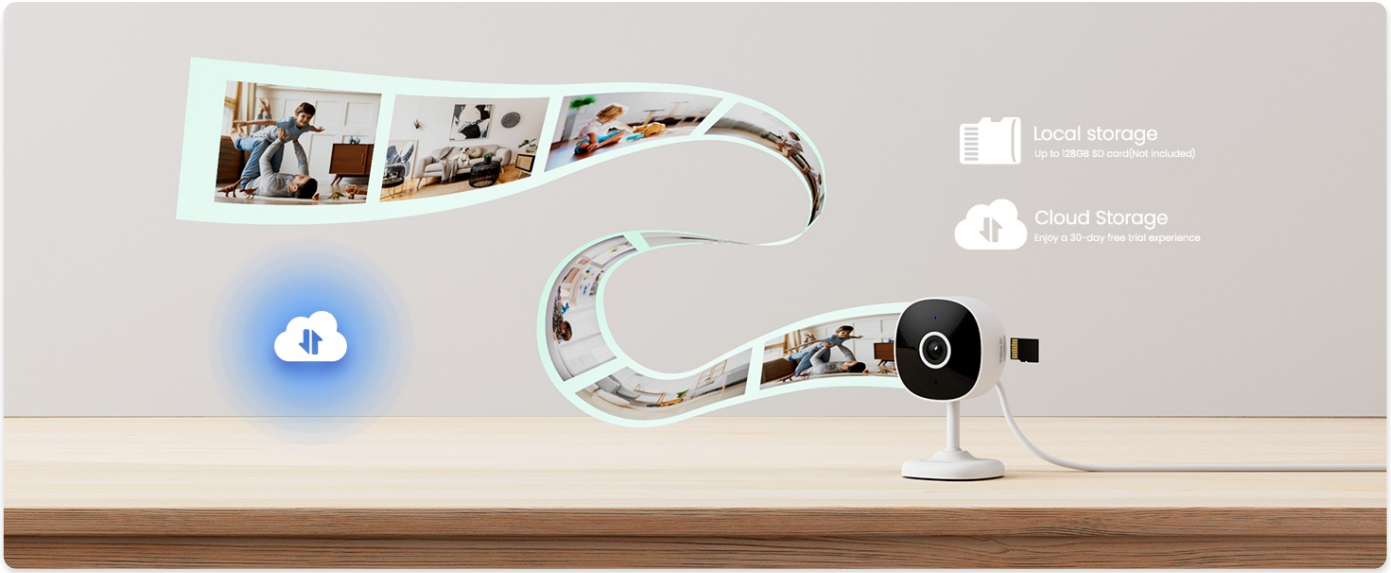

- **Micro SD Card:** Supports up to 128GB (not included) for continuous 24/7 local recording.
- **Cloud Storage:** An optional service that provides secure, encrypted storage on AWS Cloud, protecting your data from loss or damage.

The camera supports both local Micro SD card storage and optional cloud storage.

5.6. Smart Home Integration

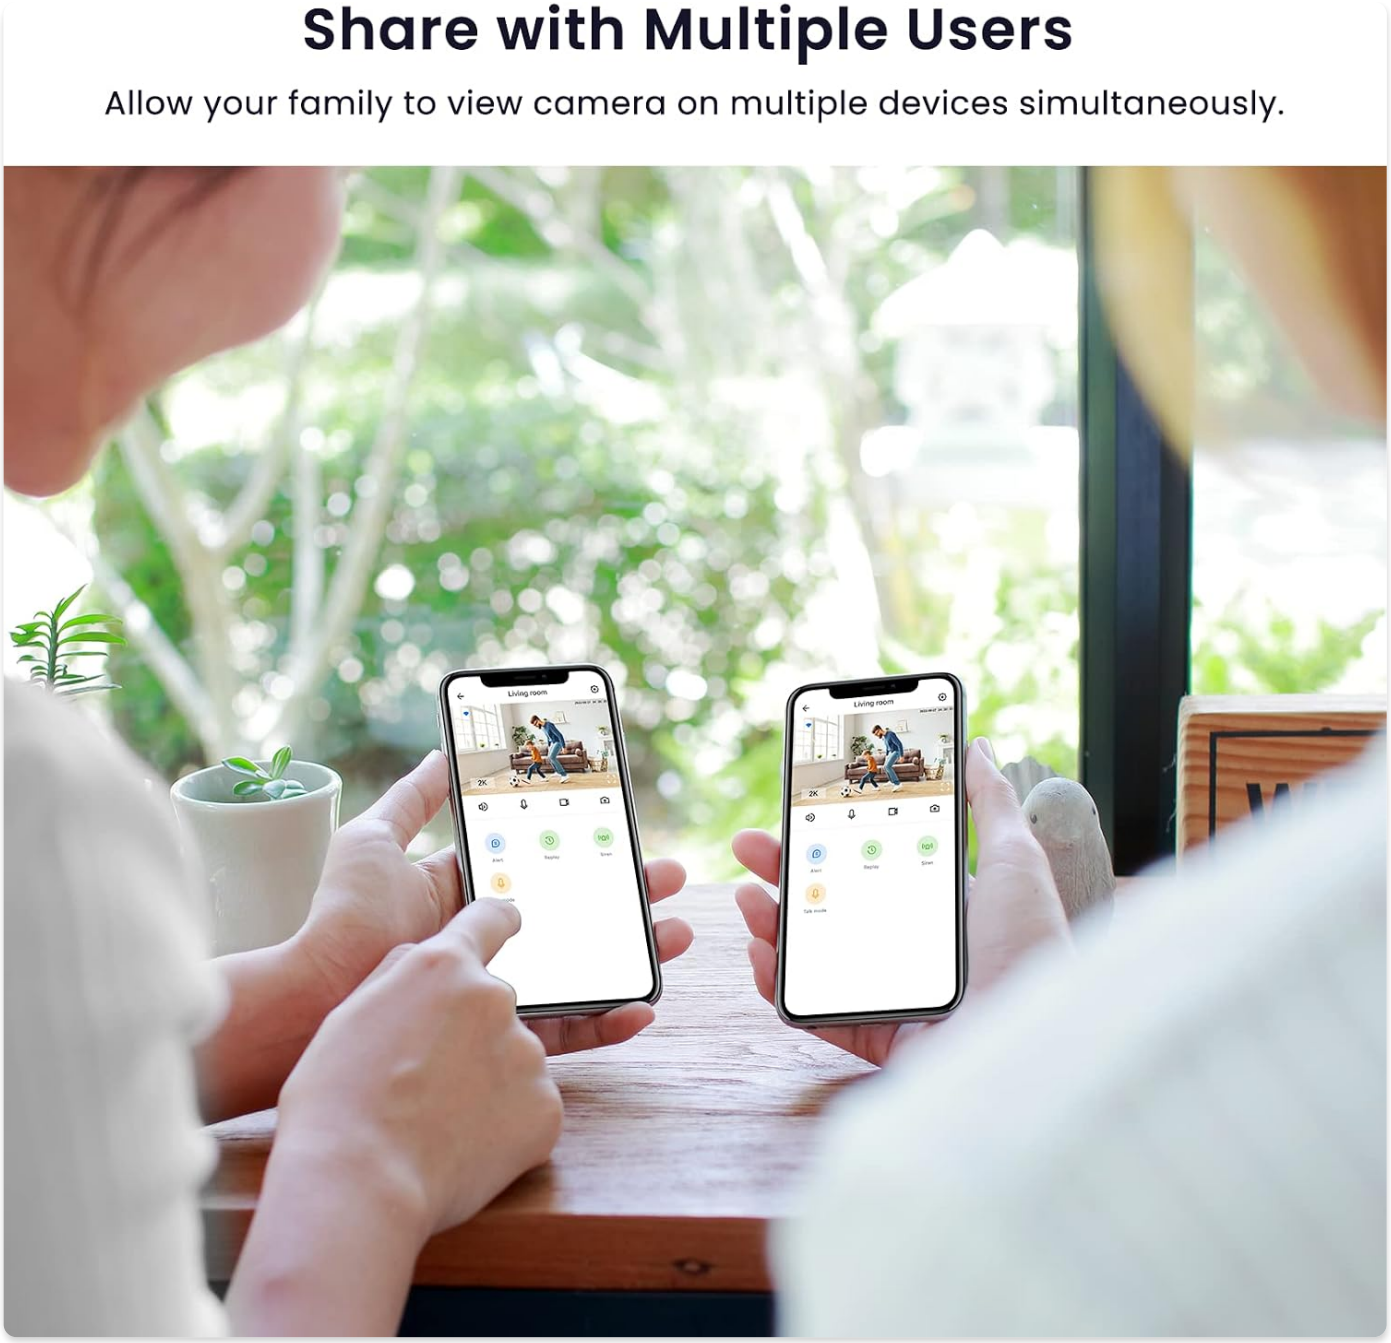

The GALAYOU G7 camera is compatible with Amazon Alexa and Google Home. You can use voice commands to view the live feed on compatible smart displays.

Control your camera and view its feed using Amazon Alexa or Google Home.

5.7. Multi-User Sharing

You can share access to your camera's live feed and recordings with multiple users through the Wansview Cloud App, allowing family members to monitor simultaneously.

Share camera access with family members for simultaneous monitoring.

6. Maintenance

To ensure optimal performance and longevity of your GALAYOU G7 camera, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to clean the camera lens and body. Avoid abrasive cleaners or solvents that could damage the surface.
- **Placement:** Place the camera in a stable location, away from direct sunlight, heat sources, and excessive moisture. Ensure it is within range of your 2.4GHz WiFi network.
- **Firmware Updates:** Regularly check the Wansview Cloud App for available firmware updates. Keeping your camera's firmware up-to-date ensures the latest features, security patches, and performance improvements.
- **Power Supply:** Use only the provided power adapter to prevent damage to the camera.

7. Troubleshooting

If you encounter issues with your GALAYOU G7 camera, refer to the following common solutions:

Problem	Possible Solution
Camera offline/Cannot connect to WiFi	◦ Ensure your WiFi network is 2.4GHz. ◦ Check WiFi signal strength at the camera's location. ◦ Restart the camera and your router. ◦ Re-add the camera in the Wansview Cloud App.
Poor image quality	◦ Clean the camera lens with a soft cloth. ◦ Ensure adequate lighting during the day. ◦ Check your internet connection speed.
Motion alerts not received	◦ Check motion detection settings in the app (sensitivity, detection zones). ◦ Ensure app notifications are enabled on your phone. ◦ Verify the camera is online.
Two-way audio issues	◦ Check volume settings on your phone and in the app. ◦ Ensure there are no obstructions blocking the camera's microphone or speaker. ◦ Test in a quiet environment.
SD card not recording	◦ Ensure the SD card is inserted correctly. ◦ Format the SD card via the app. ◦ Check if the SD card is faulty or full.

For further assistance, please refer to the detailed user guide available as a PDF or contact GALAYOU customer support.
