Vicks VH1800JUVEU

Vicks VH1800JUVEU Portable Waterless Diffuser

User Manual

1. INTRODUCTION

The Vicks Portable Waterless Diffuser is designed to gently heat scented VapoPads, releasing soothing vapors to help facilitate easier breathing. This device operates silently and is powered conveniently via USB, making it an ideal solution for travel, quiet work environments, or for use in children's bedrooms and nurseries. It also features a soft nightlight function to create a relaxing atmosphere.

This package includes one Vicks Portable Waterless Diffuser and two VapoPads with a Rosemary and Lavender essential oil blend.

2. SAFETY INFORMATION

- Always keep the diffuser out of reach of children.
- Unplug the device from the USB power source when not in use or before cleaning.
- Do not immerse the diffuser in water or any other liquid.
- Use only Vicks VapoPads with this device. Do not add liquid essential oils directly to the diffuser.
- Ensure the device is placed on a stable, flat surface.
- Do not block the vapor outlet.
- If the device is damaged, do not use it. Contact customer support.

3. PACKAGE CONTENTS

Please check the box to ensure all items are present:

- 1 x Vicks Portable Waterless Diffuser (Model VH1800JUVEU)
- 2 x VapoPads (Rosemary & Lavender scent)

4. SETUP

1. **Open the Diffuser:** Gently open the top cover of the diffuser.
2. **Insert VapoPad:** Place one VapoPad into the designated pad tray. Ensure it lies flat.
3. **Close the Diffuser:** Securely close the top cover until it clicks into place.
4. **Connect USB Cable:** Plug the USB cable into the diffuser and then into a compatible USB power source (e.g., laptop, USB wall adapter, power bank).

5. OPERATING INSTRUCTIONS

1. **Power On:** Once connected to a USB power source, the diffuser will automatically begin to heat the VapoPad and release soothing vapors.
2. **Nightlight Function:** The diffuser features a soft nightlight. Refer to the device for an ON/OFF switch for the nightlight, if available.
3. **VapoPad Duration:** Each VapoPad provides up to 8 hours of aromatic relief. Replace the VapoPad when the scent diminishes or after 8 hours of use.
4. **Power Off:** To turn off the diffuser, simply unplug the USB cable from the power source.

6. MAINTENANCE

- **Cleaning:** Ensure the diffuser is unplugged and cool before cleaning. Wipe the exterior with a soft, dry cloth. Do not use abrasive cleaners or immerse the unit in water.
- **VapoPad Replacement:** When replacing a VapoPad, remove the old pad and dispose of it properly. Insert a new VapoPad as described in the Setup section.
- **Storage:** Store the diffuser in a cool, dry place when not in use.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
No vapor or scent	USB cable not properly connected; VapoPad is old or missing.	Ensure USB cable is securely connected to both the diffuser and a working power source. Replace the VapoPad.

Problem	Possible Cause	Solution
Nightlight not working	No power; Nightlight switch is off (if applicable).	Check USB connection. If your model has a nightlight switch, ensure it is in the 'ON' position.
Weak scent output	VapoPad has reached its maximum usage time.	Replace the VapoPad with a new one.

8. SPECIFICATIONS
