Mpayel B7801

Mpayel 20" Low Profile Flush Mount Bladeless Ceiling Fan with Remote and Dimmable LED Light

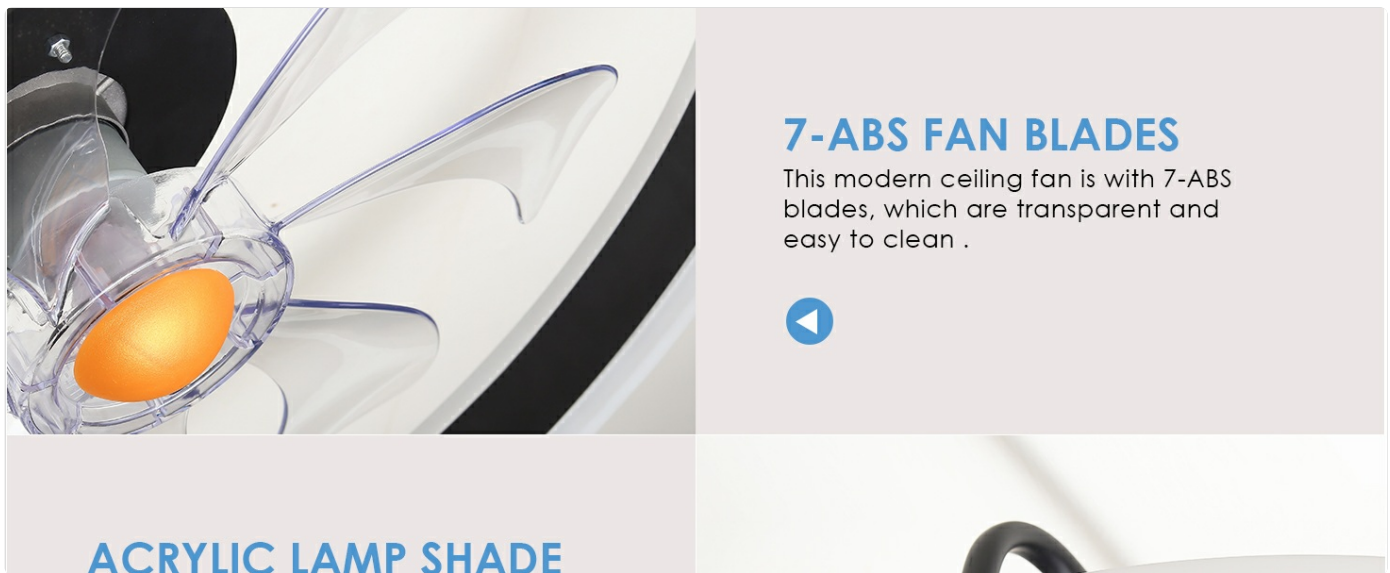

Model: B7801 | Brand: Mpayel

INTRODUCTION

Thank you for choosing the Mpayel 20" Low Profile Flush Mount Bladeless Ceiling Fan. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read these instructions thoroughly before beginning installation or use, and retain this manual for future reference.

PRODUCT FEATURES

- **Enclosed Bladeless Design:** Features 7 ABS blades within an enclosed frame for safety and a modern aesthetic.
- **Integrated LED Lighting:** Dimmable LED light with 3-color temperature adjustment (3000K Warm, 4500K Neutral, 6000K White) to suit various moods and needs.
- **Remote Control Operation:** All functions, including fan speed, light dimming, color temperature, and timer settings, are controlled via the included remote.
- **Three Fan Speeds:** Adjustable fan speeds (low, medium, high) to optimize airflow and comfort.
- **Timer Function:** Convenient 1-hour and 2-hour timer settings for automatic fan shutdown.
- **Low Profile Design:** Flush mount installation, ideal for rooms with lower ceilings.
- **Quiet Operation:** Designed for low noise output, ensuring a peaceful environment.

7-ABS FAN BLADES

This modern ceiling fan is with 7-ABS blades, which are transparent and easy to clean .

ACRYLIC LAMP SHADE

Image: The Mpayel ceiling fan features a strong motor and low noise operation, as depicted by a sleeping child and a sound meter indicating 30.0 dB. It offers 3 gear wind speeds.

SAFETY INFORMATION

To reduce the risk of electric shock, fire, or injury to persons, read and follow all instructions carefully. Always disconnect power at the main circuit breaker before installation or servicing. Ensure all electrical connections comply with local codes and ordinances. If you are unsure about wiring, consult a qualified electrician.

- Do not install this fan with a dimmer switch.
- Ensure the mounting structure can support the weight of the fan.
- Keep hands, hair, and clothing away from moving fan blades.
- Do not attempt to repair or modify the fan yourself. Contact customer support for assistance.

SETUP (INSTALLATION)

Most parts of this flush mount fan light are pre-assembled for easier installation. It is recommended to watch the installation video for visual guidance.

1. Step 1: Prepare for Installation

Before starting, ensure the power is turned off at the main circuit breaker. Remove the existing light fixture from the ceiling.

2. Step 2: Install the Mounting Bracket

Secure the mounting bracket to the ceiling junction box using appropriate screws. Ensure it is firmly attached and can support the fan's weight.

Established in 2022, but we are not new to fanlights, we are very passionate about fanlight design, every clash of ideas is a continuous progress and advancement, so that we can give our customers a better experience.

OPERATING INSTRUCTIONS

Your Mpayel ceiling fan is controlled by a remote. Ensure batteries are correctly installed in the remote control.

High-quality acrylic shade makes this fan even more sleek and unique, as well as being light in weight.

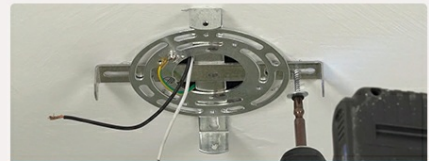

EASY AND TIME-SAVING

You can also install by watching the installation video.

STEP 1
Take out the hanging.

STEP 2
Fix the hanger on the ceiling.

Image: The remote control for the Mpayel ceiling fan, detailing buttons for fan speed (Low, Middle, High), Light ON/OFF, Stepless Dimming, and Timer functions (1H, 2H).

- **Power ON/OFF:** Press the "ON" button to turn on the fan and light, or "OFF" to turn them off.
- **Fan Speed Adjustment:** Use the fan speed buttons (indicated by fan icons) to cycle through Low, Medium, and High speeds.
- **Light ON/OFF:** Press the light bulb icon to turn the light on or off independently.
- **Stepless Dimming:** Use the dimming buttons (sun icons) to adjust the brightness of the LED light.
- **Color Temperature Adjustment:** Press the color temperature button (circle with inner dot) to cycle through 3000K Warm, 4500K Neutral, and 6000K White light settings.

3-SPEED WIND ADJUSTMENT

It is a great choice for low ceiling and small spaces, creating a comfortable experience.

Low wind

Medium wind

High wind

Image: Demonstrates the three adjustable light color temperatures: Cozy (3000K Warm), Focus (6000K White), and Daily (4500K Neutral).

- **Timer Function:** Press "1H" or "2H" to set the fan to automatically turn off after 1 or 2 hours, respectively. Press "Stop" to cancel the timer.

MAINTENANCE

- **Cleaning:** To clean the fan, wipe with a soft, damp cloth. Do not use abrasive cleaners or solvents. Ensure power is off before cleaning.
- **Blade Cleaning:** The 7 ABS blades are transparent and easy to clean. Gently wipe them to remove dust.
- **No Lubrication Required:** The motor is permanently lubricated and does not require oiling.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Fan does not operate.	No power to the fan; loose wire connections; remote control battery low or incorrectly installed.	Check circuit breaker. Ensure all wire connections are secure. Replace remote control batteries and verify correct polarity.
Light does not turn on.	Loose wire connection to the light; light setting on remote is off.	Check light wire connections. Ensure the light is turned on via the remote control.
Fan makes excessive noise.	Loose mounting screws; unbalanced fan blades.	Ensure all mounting screws are tightened. Check for any obstructions.
Remote control not working.	Low or dead batteries; remote not paired with the fan.	Replace batteries. Refer to the remote pairing instructions (if applicable, usually in a separate remote manual or quick start guide).
