Fizz Creations ICEE 4 Pack Slushie Syrups

Fizz Creations ICEE 4 Pack Slushie Syrups Instruction Manual

Brand: Fizz Creations | Model: ICEE 4 Pack Slushie Syrups

1. PRODUCT OVERVIEW

The Fizz Creations ICEE 4 Pack Slushie Syrups offer the classic ICEE flavors of Purple Grape, Cola, Blue Raspberry, and Cherry. These syrups are designed for creating various icy treats such as slushies, shaved ice, and snow cones, and can also be mixed into sodas or smoothies. The syrups are vegan-friendly, allergy-friendly, and come in shelf-stable bottles, making them suitable for a wide range of uses and occasions.

2. SETUP

Before preparing your ICEE treats, ensure you have your preferred appliance ready, such as an ICEE machine, a slushie machine, or a manual snow cone maker. No special preparation is required for the syrup bottles themselves, as they are ready to use directly from the packaging.

3. OPERATING INSTRUCTIONS

For Slushie Machines / ICEE at-Home Setups:

1. Mix each 6.1 fl oz bottle of syrup with water according to your machine's instructions. Typically, this ratio is designed to yield up to 1 liter of slushie.
2. Pour the mixed solution into your ICEE or slushie machine.
3. Operate the machine as per its manufacturer's guidelines until the desired slushie consistency is achieved.

For Shaved Ice / Snow Cones:

1. Prepare shaved ice or crushed ice using your preferred method or snow cone maker.
2. Pour the desired amount of ICEE syrup directly over the prepared ice. Adjust the quantity to your taste preference.

These syrups are compatible with all slushie machines, ICEE at-Home setups, and manual snow cone makers.

5. STORAGE AND CARE

Store the syrup bottles in a cool, dry place. Refrigeration is not required for unopened bottles. Once opened, use within 30 days for optimal freshness and flavor. The product is suitable for vegans and intended for domestic use only.

6. TROUBLESHOOTING

- **Slushie too thin/thick:** Adjust the water-to-syrup ratio or your machine's temperature settings to achieve your preferred consistency.
- **Flavor too weak/strong:** Increase or decrease the amount of syrup added to your ice or water mixture to suit your taste.
- **Syrup not pouring easily:** Ensure the bottle cap is fully open. If using a pour spout, ensure it is clear of any blockages.
