4.2 Connecting External Devices

The AIO desktop features multiple ports for connecting external devices:

- **USB Ports:** For keyboards, mice, external storage, and other USB devices.
- **Audio Jacks:** For headphones, microphones, or external speakers.
- **Video Output:** If available, for connecting an additional monitor.

5. Maintenance

Regular maintenance helps ensure the optimal performance and longevity of your MSI PRO AP242 AIO Desktop.

- **Cleaning:** Use a soft, lint-free cloth to clean the screen and exterior surfaces. For stubborn marks, slightly dampen the cloth with water or a screen-safe cleaner. Avoid harsh chemicals.
- **Software Updates:** Regularly update your Windows operating system and drivers to ensure security and performance. Access updates via Windows Settings > Windows Update.
- **Ventilation:** Ensure the ventilation openings are clear of dust and obstructions to prevent overheating.

- **Data Backup:** Periodically back up important data to an external drive or cloud storage to prevent data loss.

6. Troubleshooting

This section addresses common issues you might encounter with your AIO desktop.

Problem	Possible Solution
No power / System does not turn on	Check if the power cord is securely connected to the AIO and the wall outlet. Verify the power adapter is functioning. Try a different power outlet.
No display on screen	Ensure the system is powered on. If an external monitor is connected, check its power and input source. Restart the system.
Keyboard or mouse not responding	Check USB connections. For wireless devices, ensure batteries are charged and they are properly paired. Try connecting to a different USB port.
No internet connection (Wi-Fi)	Check if Wi-Fi is enabled in Windows settings. Restart your router/modem. Ensure you are connecting to the correct network with the correct password.
System is slow or unresponsive	Close unnecessary applications. Check for background processes using Task Manager. Ensure sufficient free storage space. Run a system scan for malware.

If the issue persists, please refer to the support section for further assistance.
