## 2. SAFETY INFORMATION

---

**WARNING:** This product can expose you to chemicals including formaldehyde, which is known to the State of California to cause cancer. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

Ensure the desk is securely assembled according to the instructions and does not exceed the recommended weight limit of 44 pounds. Overloading the desk can lead to instability and potential damage or injury.

## 3. PACKAGE CONTENTS

---

Before beginning assembly, ensure all parts are present and undamaged. The package should contain the following components:

- Desk frame components (engineered wood panels)
- Two storage drawers

- One open-back bottom shelf
- Assembly hardware (screws, dowels, etc.)
- Assembly instructions manual

The product ships in 1 box.

## 4. SETUP AND ASSEMBLY

Assembly is required for this product. For detailed step-by-step instructions, please refer to the official Installation Manual PDF provided by Techni Mobili. It is recommended to have at least two people for assembly to ensure stability and safety during the process.

**Important:** Do not fully tighten all screws until the entire unit is assembled and aligned. This allows for minor adjustments during construction.

## 5. OPERATING INSTRUCTIONS

---

## 5.1. Expanding the Desktop

The Techni Mobili Expandable Desk features a slide-out surface that allows the desk to expand from 47 inches to 57 inches in width. To expand, gently pull the movable section of the desktop outwards until it reaches the desired length or full extension. To retract, push the movable section back inwards until it aligns with the main desk surface.

## 6. MAINTENANCE

---

To maintain the appearance and longevity of your Techni Mobili desk, follow these simple care instructions:

- **Cleaning:** Wipe the surface with a dry, soft cloth. Avoid using harsh chemicals, abrasive cleaners, or polishes that may damage the laminated finish.
- **Spills:** Immediately wipe up any spills with a dry cloth to prevent moisture damage to the engineered wood.
- **Heat and Moisture:** Avoid placing hot items directly on the surface. Use coasters or protective pads under hot beverages or dishes. Keep the desk away from direct sunlight and excessive moisture.
- **Weight Distribution:** Distribute weight evenly across the desktop and shelves to prevent warping or structural stress. Do not exceed the maximum weight capacity of 44 lbs.

## 7. TROUBLESHOOTING

---

### 7.1. Desk Wobbles After Assembly

If the desk feels unstable or wobbly after assembly, check the following:

- Ensure all screws and fasteners are securely tightened. Refer to the assembly manual to confirm correct placement and tightness.
- Verify that the desk is placed on a flat, level surface. If the floor is uneven, consider using furniture pads or shims under the legs to stabilize it.
- Check if any components were installed incorrectly. Disassemble and reassemble problematic sections if necessary, following the manual closely.

## 7.2. Drawers Do Not Slide Smoothly

If the drawers are stiff or do not slide smoothly:

- Ensure the drawer slides are correctly installed and aligned on both the drawer and the desk frame.
- Check for any obstructions in the drawer glides.
- Lightly apply a silicone-based lubricant to the drawer glides if friction persists. Avoid oil-based lubricants as they can attract dust.
