Google GWT9R

Google Pixel Watch 1st Gen (GWT9R) User Manual

Model: GWT9R; G943M; G77PA | Brand: Google

1. INTRODUCTION

The Google Pixel Watch 1st Gen is an advanced Android smartwatch designed to seamlessly integrate with your daily life, offering comprehensive health and fitness tracking powered by Fitbit, alongside the convenience of Google's ecosystem. Its elegant circular, domed design and Wear OS by Google provide an intuitive and responsive user experience. This manual provides essential information for setting up, operating, maintaining, and troubleshooting your device.

2. WHAT'S IN THE BOX

Upon unboxing your Google Pixel Watch, ensure all the following components are present:

- Google Pixel Watch (with large active band attached)
- Additional Active Band (small)
- USB-C Magnetic Charging Cable
- Quick Start Guide

3. SETUP

3.1 Initial Pairing with Android Phone

1. Ensure your Android phone is running Android 8.0 or newer and has Bluetooth enabled.
2. Power on your Google Pixel Watch by pressing and holding the crown button.
3. On your Android phone, open the Google Pixel Watch app. If you don't have it, download it from the Google Play Store.
4. Follow the on-screen instructions in the app to pair your watch. This typically involves confirming a code displayed on both devices.
5. Complete the setup process, including signing into your Google Account and setting up a Fitbit account.

3.2 Fitbit Account Setup

During the initial pairing, you will be prompted to set up or link a Fitbit account. This is essential for activity, sleep, and heart rate tracking features. Some features may require a Fitbit account and mobile app.

3.3 Google Account Integration

Your Google Account will be integrated to enable features like Google Assistant, Google Maps, Google Wallet, Google Calendar, and Gmail directly from your watch.

3.4 LTE Activation (Optional)

If you have the LTE model, you can activate 4G LTE service through your compatible wireless carrier. This allows your watch to stay connected even when your phone is not nearby. Data rates may apply, and a compatible 4G LTE wireless service plan is required.

4. FEATURES OVERVIEW

The Google Pixel Watch 1st Gen offers a robust set of features:

- **Design:** Beautiful circular, domed design with Corning Gorilla Glass 5 and a polished stainless steel case.
- **Wear OS by Google:** A new experience with Google's smartwatch operating system, providing intuitive navigation and access to Google apps.
- **Fitbit Activity Tracking:** Comprehensive tracking of activity, calories burned, steps, heart rate, and sleep. Includes 6 months of Fitbit Premium.
- **Heart Health:** Track your heart rate and assess your heart rhythm for AFib with the ECG app (available in select countries, not for users under 22).
- **Google Services:** Access Google Wallet for contactless payments, turn-by-turn directions with Google Maps, event notifications from Google Calendar, and manage Gmail.
- **Communication:** Respond to messages, manage your inbox, and make calls directly from your wrist.
- **Emergency SOS:** Provides personal safety features (requires location enabled and 4G LTE service or internet connection).
- **Water Resistance:** Designed to comply with a water protection rating of 5 ATM under ISO standard 22810:2010. Suitable for shallow water use.

5. OPERATING INSTRUCTIONS

5.1 Display and Navigation

The Google Pixel Watch features a vibrant AMOLED display and a digital crown for navigation.

- **Touchscreen:** Swipe left, right, up, or down to navigate through tiles, notifications, and quick settings.
- **Digital Crown:** Rotate to scroll through lists and content. Press once to open the app drawer or return to the watch face.
- **Side Button:** Located above the crown, this button provides quick access to recently used apps or can be customized for other functions.

5.2 Fitness Tracking with Fitbit

Leverage Fitbit's powerful tracking capabilities directly from your watch:

- **Activity Tracking:** The watch automatically tracks your steps, distance, calories burned, and active zone minutes throughout the day.
- **Heart Rate Monitoring:** Continuous heart rate tracking provides insights into your cardiovascular health.
- **Sleep Tracking:** Monitor your sleep stages (light, deep, REM) and receive a daily sleep score.
- **ECG App:** Use the ECG app to assess your heart rhythm for signs of Atrial Fibrillation (AFib). Follow the app's instructions for accurate readings.
- **Exercise Modes:** Choose from over 40 exercise modes to track specific workouts, including running, cycling, swimming, and more.

5.3 Smartwatch Functions

Your Pixel Watch keeps you connected and productive:

- **Notifications:** Receive and manage notifications from your phone directly on your wrist.
- **Google Assistant:** Access Google Assistant for voice commands, questions, and smart home control.
- **Google Maps:** Get turn-by-turn navigation on your wrist.
- **Google Wallet:** Make contactless payments quickly and securely.
- **Calls & Messages:** Make and receive calls, and send/reply to messages.

5.4 Battery Life and Charging

The Google Pixel Watch is equipped with a 294 mAh rechargeable lithium-ion battery, offering up to 24 hours of typical use. Charging is done via the included USB-C magnetic charging cable.

- **Charging:** Place the watch on the magnetic charging cable. It takes approximately 90 minutes for a full charge.
- **Battery Optimization:** To maximize battery life, consider disabling the 'Always On Display' feature and managing notification frequency.

Video: A detailed review of the Google Pixel Watch, including discussions on its design, interface, battery life, and overall performance as an Android smartwatch.

6. MAINTENANCE

- **Cleaning:** Regularly clean your watch and band with a soft, lint-free cloth. For stubborn dirt, use a slightly damp cloth. Avoid harsh chemicals.
- **Water Resistance:** The watch has a 5 ATM water resistance rating, suitable for shallow water activities. It is not recommended for high-velocity water sports or hot water environments. Water resistance is not a permanent condition and may decrease over time.
- **Band Care:** Ensure the active band is clean and dry to prevent skin irritation. Replace worn or damaged bands.

Video: A review and installation guide for a tempered glass screen protector for the Google Pixel Watch. Note: The video concludes that tempered glass protectors may not adhere well due to the watch's curved display.

7. TROUBLESHOOTING

- **Watch Not Responding:** Try restarting the watch by holding down the crown and side button simultaneously until the Google logo appears.
- **Pairing Issues:** Ensure Bluetooth is enabled on your phone and watch. Try unpairing and re-pairing the devices through the Google Pixel Watch app.
- **Inaccurate Tracking:** Ensure the watch is worn snugly on your wrist. Check for software updates for both the watch and the Fitbit app.
- **Battery Draining Quickly:** Review your watch settings to disable features like 'Always On Display' or frequent heart rate monitoring if not needed. Reduce notification frequency.
- **No Notifications:** Check notification settings in the Google Pixel Watch app on your phone to ensure desired apps are enabled.

8. SPECIFICATIONS

Feature	Detail
Product Dimensions	10.81 x 0.55 x 1.69 inches
Item Weight	10.2 ounces
Item Model Number	GWT9R; G943M;G77PA
Batteries	1 Lithium Ion batteries required (included)
Operating System	Android (Wear OS by Google)

Wireless Communication Technologies	Cellular (LTE model), Bluetooth, Wi-Fi
GPS	Built-in GPS
Special Features	Activity Tracker, Always On Display, Notifications, Text Messaging, Heart Rate Tracking, Sleep Tracking, ECG
Human Interface Input	Touchscreen
Screen Size	41 Millimeters
Memory Storage Capacity	32 GB
Battery Capacity	294 mAh
Water Resistance	5 ATM
