BLU T0100UU

BLU Tank Flip T0100U User Manual

Model: T0100UU

Brand: BLU

INTRODUCTION

The BLU Tank Flip T0100U is a robust and user-friendly 4G LTE flip phone designed for ease of use and portability. Featuring a 2.8-inch main display and a 1.8-inch external display, it provides essential communication functionalities with modern connectivity. This manual provides detailed instructions for setting up, operating, maintaining, and troubleshooting your device.

Key features include:

- GSM Quad Band and 4G LTE connectivity for reliable communication.
- Dual displays: a vibrant 2.8-inch internal screen and a convenient 1.8-inch external screen.
- Integrated Wi-Fi, Bluetooth v4.0, and Hotspot capabilities.
- Expandable storage via MicroSD card up to 64GB.
- Pre-installed applications like Facebook and WhatsApp for enhanced connectivity.

SETUP

1. Unboxing and Initial Inspection

Carefully remove all components from the packaging. Ensure the following items are present:

- BLU Tank Flip T0100U Phone
- USB Cable
- Lithium Ion Battery

Inspect the phone for any visible damage before proceeding.

2. Installing the SIM Card and Battery

1. **Open the Back Cover:** Gently pry open the back cover of the phone using the designated notch.
2. **Insert SIM Card(s):** Locate the SIM card slot(s). Align your SIM card(s) with the cut corner and slide them into the slot until they click into place. Ensure the gold contacts face downwards.

3. **Insert MicroSD Card (Optional):** If using, insert a MicroSD card into its dedicated slot.
4. **Insert Battery:** Align the battery's gold contacts with the terminals inside the phone. Gently press the battery into place.
5. **Close Back Cover:** Replace the back cover, pressing firmly around the edges until it snaps securely into place.

Image: The BLU Tank Flip T0100U in its closed position, highlighting the external display which shows time and date, and the textured, rugged design of the back cover.

3. Charging the Battery

Before first use, fully charge the phone's battery.

1. Connect the USB cable to the phone's MicroUSB port.
2. Connect the other end of the USB cable to a compatible USB power adapter (not included) or a computer's USB port.
3. The charging indicator will appear on the screen. Once fully charged, disconnect the charger.

4. Powering On/Off

- **To Power On:** Press and hold the Power/End Call button until the BLU logo appears.
- **To Power Off:** Press and hold the Power/End Call button, then select "Power off" from the options on the screen.

OPERATING INSTRUCTIONS

1. Basic Navigation

The BLU Tank Flip T0100U uses a traditional keypad and a directional navigation pad.

- **Directional Pad:** Use the up, down, left, and right keys to navigate through menus and options.
- **Center Key:** Press the center key of the directional pad to select an item or confirm an action.
- **Left Soft Key:** Typically performs the action displayed on the bottom left of the screen (e.g., "Select", "Options").
- **Right Soft Key:** Typically performs the action displayed on the bottom right of the screen (e.g., "Back", "Cancel").
- **Call Key:** Press to make a call or answer an incoming call.
- **End Call/Power Key:** Press to end a call or return to the home screen. Long press to power on/off.

Image: A close-up view of the BLU Tank Flip T0100U held open, displaying its internal screen with a scenic wallpaper and the full alphanumeric keypad with navigation buttons.

2. Making and Receiving Calls

- **To Make a Call:** From the home screen, dial the number using the keypad and press the Call key.

- **To Answer a Call:** When the phone rings, press the Call key.
- **To End a Call:** Press the End Call key.

3. Sending and Receiving Messages

- Navigate to the "Messages" application from the main menu.
- Select "New Message" or "Create Message".
- Enter the recipient's number or select from contacts.
- Type your message using the keypad. Press the corresponding number key multiple times to cycle through letters.
- Press the "Send" option.

4. Camera Functionality

The phone features both front and rear cameras.

- Navigate to the "Camera" application from the main menu.
- Use the directional pad to adjust settings or zoom (if available).
- Press the center key to capture a photo.

Image: The BLU Tank Flip T0100U in its open state, revealing the main display and the full keypad. The textured back of the phone is also visible.

5. Connectivity (Wi-Fi, Bluetooth, Hotspot)

- **Wi-Fi:** Access Wi-Fi settings from the main menu to connect to available wireless networks.
- **Bluetooth:** Pair with Bluetooth devices like headsets or car kits via the Bluetooth settings.
- **Hotspot:** Enable the mobile hotspot feature to share your phone's 4G LTE internet connection with other devices.

Maintenance

1. Battery Care

- Avoid exposing the battery to extreme temperatures (hot or cold).
- Do not puncture, disassemble, or short-circuit the battery.
- Use only BLU-approved chargers and cables.
- If the phone will not be used for an extended period, charge it to about 50% before storing.

2. Cleaning Your Device

- Use a soft, lint-free cloth to clean the screen and body of the phone.
- Do not use harsh chemicals, cleaning sprays, or abrasive materials.
- Avoid getting moisture into openings.

3. Software Updates

Periodically check for software updates in the phone's settings menu to ensure optimal performance and security. Follow on-screen prompts to download and install updates.

Troubleshooting

Problem	Possible Cause / Solution
Phone does not power on	Battery is drained. Charge the phone for at least 30 minutes. Ensure battery is correctly inserted.
Cannot make/receive calls	SIM card not inserted correctly or not activated. Check network signal strength. Contact your service provider.
Poor call quality	Weak network signal. Move to an area with better reception. Check for obstructions.
Battery drains quickly	Excessive use of data, Wi-Fi, or Bluetooth. Close unused applications. Reduce screen brightness.
Phone freezes or is unresponsive	Remove and reinsert the battery to perform a soft reset. If issue persists, consider a factory reset (backup data first).
Cannot connect to Wi-Fi	Ensure Wi-Fi is enabled. Check Wi-Fi password. Restart router.

Specifications

Feature	Detail

Feature	Detail
Model Number	T0100UU
