## 2. SETUP

### 2.1 Battery Installation

1. Locate the battery compartment on the back of the remote control.
2. Slide the battery cover downwards or press the latch and lift to open.
3. Insert two (2) AAA batteries, ensuring the positive (+) and negative (-) terminals align correctly with the indicators inside the compartment.
4. Replace the battery cover by sliding it back into place until it clicks securely.

## 2.2 Pairing the Remote Control

The remote control uses Bluetooth connectivity. It must be paired with your Onn Android TV Streaming Device before first use. If you experience difficulty, ensure your streaming device is powered on and within range.

1. Ensure your Onn Android TV Streaming Device is powered on and connected to your TV.
2. Point the remote control towards your streaming device.
3. Simultaneously press and hold the "**Back**" button (left arrow icon) and the "**Home**" button (house icon) on the remote control for approximately 3-5 seconds.
4. Release the buttons when an indicator light on the remote (if present) flashes or a pairing confirmation message appears on your TV screen.
5. Follow any on-screen prompts to complete the pairing process.

If pairing fails, try replacing the batteries and repeating the steps. Move closer to the streaming device if necessary.

## 3. OPERATING THE REMOTE CONTROL

The voice search feature allows for quick and convenient control. To use:

1. Press and hold the **Voice Search** button (microphone icon).
2. Speak clearly into the remote control's microphone.
3. Release the button when you have finished speaking.

Examples of voice commands include: "Open Netflix," "Search for action movies," "Play [movie title]," "What's the weather?"

## 4. MAINTENANCE

---

### 4.1 Cleaning

To clean your remote control, gently wipe it with a soft, dry cloth. For stubborn dirt, slightly dampen the cloth with water. Avoid using harsh chemicals, abrasive cleaners, or excessive moisture, as these can damage the remote's electronics and finish.

### 4.2 Battery Replacement

Replace batteries when the remote's response becomes sluggish or it stops functioning. Always replace both AAA batteries at the same time with new ones. Do not mix old and new batteries, or different types of batteries. Dispose of used batteries according to local regulations.

## 5. TROUBLESHOOTING

---

- **Remote not responding:**
  - Check battery orientation and ensure they are fresh.
  - Ensure the remote is within range of the streaming device.
  - Re-pair the remote control following the instructions in Section 2.2.
- **Difficulty pairing:**
  - Ensure your streaming device is fully powered on and not in standby mode.
  - Move any potential sources of interference (e.g., other wireless devices) away from the streaming device and remote.
  - Try restarting your streaming device and then attempting the pairing process again.
- **Voice search not working:**
  - Ensure the remote is properly paired.
  - Check your streaming device's settings to confirm voice assistant features are enabled.

- Speak clearly and hold the voice search button throughout your command.
