P'Kolino PKCASTFB

P'kolino Casita House Twin Floor Bed Instruction Manual

Model: PKCASTFB | Brand: P'Kolino

Introduction

Thank you for choosing the P'kolino Casita House Twin Floor Bed. This Montessori-inspired bed is crafted from 100% FSC Certified Pine Wood, designed for durability and safety. This manual provides essential information for assembly, proper use, and maintenance to ensure a safe and enjoyable experience for your child.

Safety Information

- **Adult assembly required.** Ensure all parts are securely fastened before use.
- Do not exceed the maximum weight capacity of **250 lbs (113 kg)**.
- This product is independently tested to meet or exceed safety standards enacted by the US Product Safety Commission and the American Society of Testing Manufacturers (ASTM).
- Regularly check all connections and hardware to ensure they remain tight.
- Keep small parts away from children during assembly.

Product Features

- **Solid Construction:** Designed and tested to meet the highest standards of quality and safety. Reinforced joinery ensures structural integrity.
- **Strength and Durability:** Crafted with durability in mind and made with 100% FSC Certified Pine Wood.
- **Designed with Safety in Mind:** Independently tested to meet or exceeds safety standards enacted by the US Product Safety Commission, the American Society of Testing Manufacturers (ASTM).
- **Smart Design:** Montessori inspired and crafted with a low-to-the-floor design which is ideal for your children learning to get safely in and out of bed.
- Compatible with a standard twin mattress. Can be used with or without twin box spring. Mattress and box spring not included

and sold separately.

Setup and Assembly

Assembly of the P'kolino Casita House Twin Floor Bed requires adult supervision and can be completed with basic tools. While not strictly required, a power drill is recommended for ease of assembly, as some screws may be tight to fasten by hand.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, soft surface to prevent scratches. Verify all hardware and wooden components are present against the included parts list.
2. **Assemble Base Frame:** Connect the long side rails to the short end rails using the provided hardware. Ensure all connections are snug but do not overtighten initially.
3. **Attach House Frame:** Secure the house-shaped headboard and footboard sections to the assembled base frame. Pay attention to the orientation of the house structure.
4. **Final Tightening:** Once all components are in place, systematically tighten all screws and bolts. Do not overtighten to avoid stripping the wood or hardware.
5. **Placement:** Position the assembled bed in its desired location. Ensure there is adequate space around the bed for safe use.

Operating Instructions

The P'kolino Casita House Twin Floor Bed is designed for children to easily access and exit independently, aligning with Montessori principles. Place a standard twin mattress directly onto the bed frame. A box spring is optional but not required due to the bed's low-to-the-floor design. Ensure the mattress fits snugly within the frame to prevent gaps.

Maintenance and Care

- **Cleaning:** Wipe the wood surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners.
- **Product Care Instructions:** Dry Clean Only (referring to the wood finish, not the bed itself).
- **Hardware Check:** Periodically inspect all screws and bolts to ensure they are tight. Loose hardware can compromise the bed's stability and safety.
- **Wood Protection:** Keep the bed away from direct sunlight and extreme temperature changes to prevent warping or cracking of the wood.

Troubleshooting

- **Bed feels wobbly:** Ensure all assembly hardware is fully tightened. Re-tighten any loose screws or bolts.
- **Parts missing or damaged:** Contact P'Kolino customer support immediately for assistance. Do not attempt to assemble with missing or damaged parts.
- **Difficulty assembling:** Review the assembly steps carefully. Ensure parts are oriented correctly. If issues persist, contact customer support.
