FROG 5001

FROG Filter Mate Hot Tub Mineral Sanitizer Stick - Instruction Manual

Model: 5001 | Brand: FROG

INTRODUCTION

The FROG Filter Mate is a prefilled mineral dispenser stick designed to sanitize hot tub water. It works by adding fresh minerals to your hot tub, contributing to soft, clean, and clear water. This system helps reduce the reliance on traditional chlorine or bromine for sanitation.

SETUP AND INSTALLATION

Follow these steps for proper installation of your FROG Filter Mate:

1. **Prepare Hot Tub:** Ensure your hot tub is filled with water according to manufacturer guidelines.
2. **Install Filter Mate:** Insert the FROG Filter Mate directly into the hot tub's filter cartridge. No assembly is required. The stick is designed to fit into most standard hot tub filters.
3. **Add Sanitizer:** Add a low level of chlorine or bromine to the hot tub water as directed by your hot tub manufacturer or water care professional. The FROG Filter Mate works in conjunction with these sanitizers.
4. **Set Reminder Dial:** The Filter Mate includes a convenient reminder dial. Set this dial to indicate when the product was installed, helping you track its 4-month lifespan.

CONVENIENT REMINDER DIAL

**SET IT AND FORGET
IT FOR 4 MONTHS**

**EASY INSTALLATION INTO
MOST FILTERS - NO
ASSEMBLY REQUIRED**

OPERATING INSTRUCTIONS

Once installed, the FROG Filter Mate continuously releases sanitizing minerals into your hot tub water. This mineral technology works to:

- Keep hot tub water soft, clean, and crystal clear.
- Kill bacteria and eliminate organic contaminants.
- Allow for a reduction in chlorine or bromine use by up to 50% compared to minimum ANSI recommended levels.

THE 4-MONTH MINERAL SANITIZER

The mineral sanitizer that cleans and softens hot tub water inside your filter cartridge.

Replace
EVERY
4 MONTHS

MAINTENANCE

The FROG Filter Mate is designed for simple, low-maintenance hot tub care. Each stick provides effective sanitization for up to four months. After this period, the minerals will be depleted, and the stick should be replaced.

- **Replacement:** Replace the FROG Filter Mate every four months, or when the reminder dial indicates it's time.
- **Water Testing:** Regularly test your hot tub water for pH, alkalinity, and sanitizer levels to ensure optimal water balance. Adjust as necessary using appropriate hot tub chemicals.
- **Filter Cleaning:** Clean your hot tub filter regularly as recommended by your hot tub manufacturer to ensure proper water flow and filtration.

Sanitizes
water

Reduces

bromine use

Lasts for 4
months

WHAT'S INCLUDED

1 FROG® Filter Mate®

Image: The FROG Filter Mate stick alongside its packaging, illustrating its benefits: sanitizes water, reduces chlorine/bromine use, and lasts for 4 months.

TROUBLESHOOTING

If you experience issues with your hot tub water quality while using the FROG Filter Mate, consider the following:

- **Cloudy Water:** Check your filter for cleanliness and ensure it is operating correctly. Verify pH and alkalinity levels are within recommended ranges. Shock the hot tub water if necessary.
- **Low Sanitizer Levels:** Confirm the Filter Mate has not exceeded its 4-month lifespan. Ensure a low level of chlorine or bromine is consistently maintained as a secondary sanitizer.
- **Algae Growth:** Ensure proper water balance and adequate sanitizer levels. Shock the hot tub water and clean the filter thoroughly.

For persistent issues, consult your hot tub dealer or a water care professional.

SPECIFICATIONS

Brand	FROG
Model Number	5001
Item Form	Stick
Product Dimensions	2 x 2 x 18 inches
Item Weight	4 ounces
Unit Count	1.0 Count
UPC	722906005377
Product Benefits	Controls Algae, Maintains Clean Sanitized Water, Protects Against Skin Irritation
