POIYTL Y67

POIYTL 50000mAh Power Bank Instruction Manual

Model: Y67

INTRODUCTION

The POIYTL 50000mAh Power Bank is a high-capacity portable charger designed to keep your electronic devices powered on the go. With its substantial battery capacity and fast-charging capabilities, it provides reliable power for smartphones, tablets, and other USB-powered devices. This manual provides essential information for the safe and efficient use of your power bank.

PRODUCT FEATURES

- **Colossal Cell Capacity:** The 50000mAh capacity provides multiple charges for most smartphones and tablets, making it ideal for extended use during camping, hiking, vacations, and travel.
- **High-Speed Charging:** Equipped with a 22.5W USB-C port for rapid charging, capable of charging compatible devices up to 60% in approximately 30 minutes.
- **Simultaneous Charging:** Features one USB-C port (supporting both input and output) and two USB-A ports, allowing you to charge up to three devices concurrently.
- **Smart LED Digital Display:** An integrated LED display accurately shows the remaining battery percentage, ensuring you are always aware of the power bank's charge level.
- **Superior Safety:** Built-in quality batteries and a comprehensive multi-protect safety system, including overcharge protection, short circuit protection, and temperature control, ensure complete protection for both the power bank and your connected devices.
- **Universal Compatibility:** Compatible with a wide range of electronic devices, including smartphones, tablet computers, mini speakers, Bluetooth headsets, cameras, and handheld game consoles.

SETUP

1. **Unboxing:** Carefully remove the POIYTL Power Bank, USB to USB-C Cable, and User Manual from the packaging.
2. **Initial Charge:** Before first use, fully charge the power bank. Connect the provided USB to USB-C cable to the power bank's USB-C input port and plug the other end into a compatible USB wall adapter (not included). The LED display will show the charging progress.

Figure 5: The compact size of the power bank allows for easy portability, fitting conveniently into bags for travel.

OPERATING INSTRUCTIONS

Charging Your Devices:

1. **Connect Device:** Use your device's charging cable to connect it to one of the power bank's output ports (USB-A or USB-C).
2. **Initiate Charging:** The power bank will automatically begin charging your device. The LED display will show the remaining battery percentage.
3. **Multiple Devices:** You can charge up to three devices simultaneously using the available ports.

Recharging the Power Bank:

1. **Connect to Power Source:** Use the provided USB to USB-C cable or a Micro USB cable to connect the power bank's input port (USB-C or Micro USB) to a wall charger or computer USB port.
2. **Monitor Progress:** The LED display will indicate the charging status. A full charge is indicated by 100% on the display.

Figure 6: Illustration of the power bank being recharged, showing estimated recharge times of 12 hours with a 20W Power Delivery charger and 24 hours with a 10W charger.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the power bank. Avoid using harsh chemicals or abrasive materials.
- **Storage:** Store the power bank in a cool, dry place away from direct sunlight and extreme temperatures.
- **Battery Care:** To prolong battery life, fully charge the power bank at least once every three months if not in regular use.

TROUBLESHOOTING

Problem	Possible Cause	Solution
Power bank not charging	Cable not connected properly; faulty cable/adaptor; power bank fully discharged.	Ensure all connections are secure. Try a different cable or adaptor. Allow more time for charging if fully discharged.
Device not charging from power bank	Power bank is out of charge; device cable is faulty; device is incompatible.	Recharge the power bank. Try a different charging cable. Verify device compatibility.
Slow charging	Using a low-power adapter; non-fast charging cable; device not supporting fast charge.	Use a 20W or higher power delivery adapter. Ensure your cable supports fast charging.
LED display not working	Power bank is off; internal issue.	Press the power button to activate the display. If issue persists, contact customer service.

SPECIFICATIONS

- Model:** Y67
- Battery Capacity:** 50000mAh
- Product Dimensions:** 5.7 x 2.78 x 1.56 inches
- Item Weight:** 1.39 pounds
- Inputs:** USB-C (5V-3A/9V-2A/12V-1.5A), Micro USB (5V-2A/9V-2A/12V-1.5A)
- Outputs:** USB 1/2 (5V-3A/9V-2A/12V-1.5A), Type-C (4.5V-5A/5V-3A/9V-2A/12V-1.5A)
- Color:** Black
- Special Features:** Travel, Short Circuit Protection, Portable Charger, Over Charging Protection, Fast Charging

Bigger size, More Powerful

fits easily inside backpacks and computerbags when you go out

SAFETY INFORMATION

- **Airline Restrictions:** **NOTE: The 5000mAh POWER BANK IS NOT ALLOWED ON AIRPLANE.** Due to its high capacity, this power bank exceeds typical airline restrictions for carry-on or checked luggage. Please check with your airline before traveling.
- **Temperature:** Do not expose the power bank to extreme temperatures (hot or cold) or direct sunlight.
- **Water Exposure:** Keep the power bank away from water and other liquids.
- **Physical Damage:** Avoid dropping, disassembling, or attempting to repair the power bank yourself. This can lead to damage or injury.
- **Proper Use:** Use only compatible charging cables and adapters. Do not overcharge or short-circuit the device.

WARRANTY AND SUPPORT

Your POIYTL Power Bank comes with a worry-free 24-month warranty. For any questions, concerns, or support needs, please contact our friendly customer service team. We are committed to providing excellent service and ensuring your satisfaction.

Contact information can typically be found on the product packaging or the official POIYTL website.
