

Xiaomi Smart Pet Food Feeder User Manual

Model: 6934177787874

1. INTRODUCTION

The Xiaomi Smart Pet Food Feeder is designed to simplify pet feeding by providing automated and controlled food dispensing. With a 3.6 L capacity, it is suitable for cats and small to medium-sized dogs. This feeder integrates with the Mi Home APP, allowing for precise control over feeding times and quantities. Equipped with dual sensors, it monitors food levels and alerts you when the reservoir is low. It also features a battery backup system, ensuring continuous operation even during power outages. The feeder is constructed from durable, food-safe materials that are easy to disassemble and clean.

Figure 1: Front view of the Xiaomi Smart Pet Food Feeder. This image shows the sleek, minimalist design of the feeder, with its main body and integrated food bowl.

2. PRODUCT OVERVIEW AND COMPONENTS

Understanding the components of your feeder is essential for proper setup and maintenance.

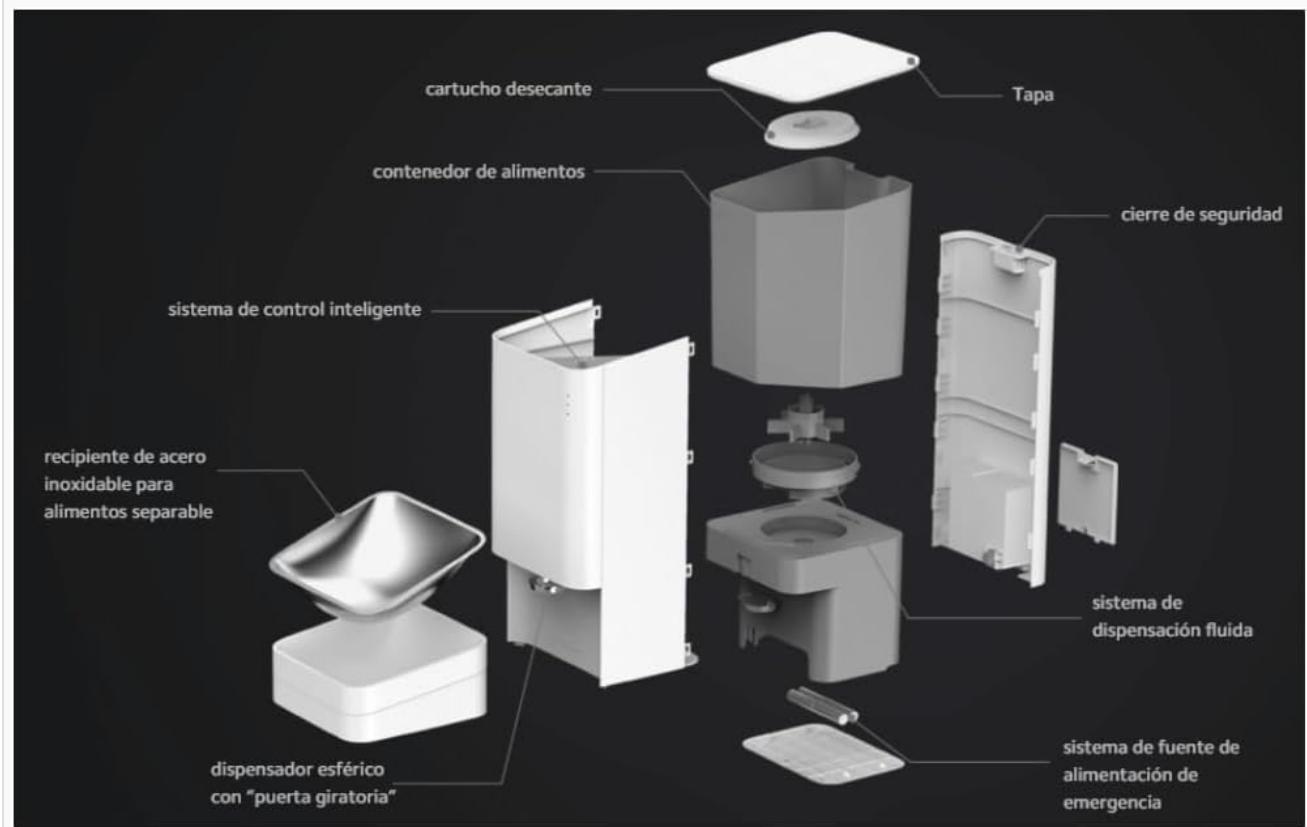

Figure 2: Exploded view of the feeder's components. This diagram illustrates the main parts including the lid, desiccant cartridge, food container, smart control system, food-grade stainless steel bowl, emergency power supply system (battery compartment), fluid dispensing system, and security lock.

Key components include:

- **Lid:** Secures the food container.
- **Desiccant Cartridge:** Helps keep food fresh.
- **Food Container:** Stores dry pet food (3.6 L capacity).
- **Smart Control System:** Manages feeding schedules and app connectivity.
- **Food-Grade Stainless Steel Bowl:** Removable for easy cleaning.
- **Emergency Power Supply System:** Battery compartment for backup power.
- **Fluid Dispensing System:** Mechanism for portion control.
- **Security Lock:** Prevents accidental opening.

3. KEY FEATURES

- **24-Hour Automatic Pet Feeding:** Schedule meals for consistent feeding.
- **Fixed Timing and Dosing:** Precise control over meal times and portion sizes.
- **Wide Kibble Compatibility:** Supports kibble diameters from 5–12 mm.
- **Remote Food Addition via App:** Dispense food anytime, anywhere using the Mi Home app.
- **Programmed Power with Backup:** Continues feeding even without electricity or internet, thanks to stored schedules and battery power.

Dispensación automática con tiempo y dosis fijos Gestión científica de la dieta durante todo el día

Se empareja con la aplicación Mi Home/Xiaomi Home, de modo que puedes controlar el tiempo de dispensación y las dosis desde cualquier lugar, lo que hace que viajar sea más agradable y que la alimentación de las mascotas sea más convencional y científica.

Figure 3: A dog sitting next to the feeder, illustrating its use in a home environment. The image highlights the automatic dispensing feature and scientific diet management.

4. SETUP GUIDE

4.1 Unpacking

Carefully remove all components from the packaging. Ensure all parts listed in Section 2 are present and undamaged.

4.2 Power Connection

The feeder can be powered via AC adapter or battery backup.

- AC Power:** Connect the power adapter to the feeder's power port and plug it into a wall outlet.
- Battery Backup:** For uninterrupted feeding during power outages, install four AA batteries into the battery compartment located at the bottom of the feeder.

Figure 4: View of the battery compartment at the bottom of the feeder, showing where to insert AA batteries for emergency power. This ensures programmed feeding continues even if the main power is lost.

4.3 Filling the Food Container

1. Open the lid of the food container.
2. Ensure the desiccant cartridge is properly placed to maintain food freshness.
3. Pour dry pet food into the container. Do not overfill.
4. Close the lid securely.

4.4 Connecting to Mi Home App

For smart control and scheduling, connect your feeder to the Mi Home app:

1. Download the Mi Home/Xiaomi Home app from your device's app store.
2. Open the app and follow the on-screen instructions to add a new device.
3. Select the Xiaomi Smart Pet Food Feeder from the list of available devices.
4. Follow the app's prompts to connect the feeder to your Wi-Fi network.

5. OPERATION

5.1 Scheduling Feeds

Use the Mi Home app to set up a feeding schedule:

1. Open the Mi Home app and select your Smart Pet Food Feeder.
2. Navigate to the 'Automatic feeding schedule' section.
3. Set desired feeding times and portion sizes (in grams).
4. Save your schedule. The feeder will automatically dispense food at the programmed times.

Toca para agregar alimentos de forma remota a través de la aplicación

Establece el tiempo y la cantidad fijos de alimentación automática en la aplicación Mi Home/Xiaomi Home y dispensa de forma remota más alimento, incluso cuando estés lejos de casa

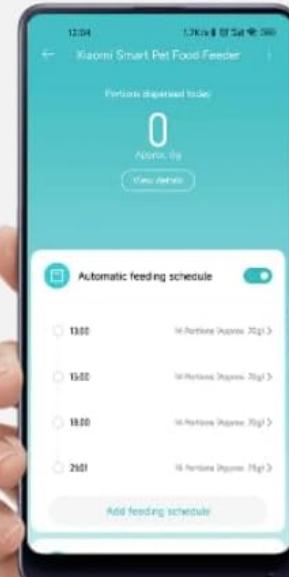

Figure 5: Screenshot of the Mi Home app interface, demonstrating how to set up and manage automatic feeding schedules. Users can define specific times and quantities for each meal.

5.2 Manual Dispensing

You can manually dispense food directly from the feeder or via the app:

- **On-Device:** Press the manual feed button on the feeder (refer to product diagram for location).
- **Via App:** In the Mi Home app, select the 'Tap to add food remotely' option to dispense a single portion.

5.3 Remote Feeding

The app allows you to dispense food remotely, even when you are away from home, provided the feeder is connected to Wi-Fi.

6. SAFETY FEATURES

The Xiaomi Smart Pet Food Feeder incorporates several safety features to ensure the well-being of your pet and the durability of the device:

- **Lid Security Lock:** Prevents pets or children from accidentally opening the lid and accessing the food container.
- **Anti-Resistance Mechanism:** The smart feeder detaches if resistance is encountered during dispensing, preventing paw injuries.
- **Braided Nylon Cable:** The power cable is braided for increased durability and bite resistance.
- **Foldable Power Cable:** Designed to prevent tripping hazards and ensure the power cable does not interfere with the food compartment.

Abre el cierre de seguridad de la tapa

Evita el contacto no deseado por mascotas o niños

El alimentador inteligente se desprende en caso de resistencia

Evite lesiones en las patas

Cable de nailon trenzado

Resistente a mordidas

Cable de alimentación plegable

Evita tropiezos con el cable de alimentación o el compartimento para alimentos

Figure 6: Illustrations of the feeder's safety features, including the lid lock, anti-resistance detachment, braided nylon cable, and foldable power cable design.

7. MAINTENANCE AND CLEANING

Regular cleaning ensures hygiene and extends the life of your feeder. The food-contact parts are designed for easy removal and cleaning.

Acero inoxidable 304 para alimentos

El compartimento para alimentos, el batidor de alimentos, la cuchilla dispensadora y el recipiente para alimentos de acero inoxidable 304 cumplen los requisitos de los materiales en contacto con los alimentos. El recipiente para alimentos se puede sacar para limpiarlo, lo que evita efectivamente la acumulación de grasa y mantiene a las mascotas limpias.

Figure 7: Close-up of the food-grade 304 stainless steel bowl. This image emphasizes the quality of materials used for food contact, which are removable for cleaning.

- Disassembly:** Carefully disassemble the food-contact components, including the food bowl, food compartment, and dispensing blade. Refer to the product overview diagram for guidance.
- Cleaning:** Wash all disassembled parts by hand using mild soap and water. Ensure all food residue is removed.
- Drying:** Thoroughly dry all components before reassembly to prevent moisture buildup.
- Reassembly:** Reassemble the feeder, ensuring all parts are correctly aligned and secured.

Important: Do not immerse the main unit (containing electronic components) in water. Wipe it clean with a damp cloth only.

8. SPECIFICATIONS

Feature	Specification
Brand	XIAOMI
Model Number	6934177787874
Item Weight	8.62 pounds
Product Dimensions (LxWxH)	7.09 x 14.96 x 12.2 inches
Material	Plastic (main body), 304 Stainless Steel (food bowl)
Food Capacity	3.6 Liters
Kibble Diameter	5–12 mm
Power Source	AC Adapter, 4x AA Batteries (backup)
Connectivity	Wi-Fi (Mi Home App)

Target Species

Cat, Dog (Small to Medium Breeds)

9. TROUBLESHOOTING

If you encounter issues with your Xiaomi Smart Pet Food Feeder, try the following solutions:

- **Feeder not dispensing food:**

- Check if the food container is empty.
- Ensure the feeder is powered on and connected to the AC adapter or has charged backup batteries.
- Verify that the dispensing mechanism is not jammed by oversized kibble or debris.
- Check the feeding schedule in the Mi Home app for correct settings.

- **App connectivity issues:**

- Ensure your Wi-Fi network is active and the feeder is within range.
- Restart your Wi-Fi router and the feeder.
- Confirm that the Mi Home app is updated to the latest version.
- Try re-pairing the feeder with the app if the connection is lost.

- **Food not fresh:**

- Ensure the desiccant cartridge is properly placed and replaced periodically as recommended by the manufacturer.
- Make sure the lid is securely closed after refilling.

For persistent issues, please refer to the official Xiaomi support resources.

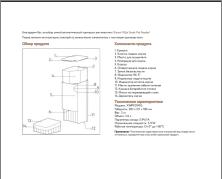

10. WARRANTY AND SUPPORT

For warranty information, technical support, or service inquiries, please visit the official Xiaomi website or contact their customer service directly. Keep your purchase receipt as proof of purchase for warranty claims.
