BuddyPhones PlayEars Plus Kids Headphones User Manual

Brand: **BuddyPhones** | Model: **BT-BP-PLAYP-EARS-BEAR**

BuddyPhones[®]

INTRODUCTION

The BuddyPhones PlayEars Plus are innovative kids' headphones designed with safety and functionality in mind. Featuring SafeAudio volume-limiting technology, these headphones protect children's hearing by capping sound levels at 75, 85, or 94dB. They offer versatile connectivity with both wireless Bluetooth and wired options, ensuring continuous use. The headphones are built with durable, child-safe, BPA and phthalate-free materials, and include a built-in microphone for communication and StudyMode for enhanced vocal clarity during learning sessions. The Polar Bear design adds a fun, personalized touch.

WHAT'S INCLUDED

- PlayEars+ Headphones (Polar Bear style)

- Fabric Travel Bag
- Charging Cable (USB-C)
- 4 sets of personalization decals
- 3.5mm Audio Cable for Wired Connections
- BuddyLink Audio Splitter

SETUP

Bluetooth Pairing

1. Ensure the headphones are charged.
2. Turn on the headphones by pressing and holding the power button until the LED indicator flashes.
3. On your device (smartphone, tablet, computer), go to Bluetooth settings.
4. Search for available devices and select "BuddyPhones PlayEars Plus".
5. Once connected, the LED indicator will show a solid light, and you will hear an audible confirmation.

Wired Connection

For wired use, connect the included 3.5mm audio cable to the headphone's audio jack and the other end to your device's audio output. This allows for continued listening even when the battery is depleted.

OPERATING INSTRUCTIONS

SafeAudio Volume Limiting

The BuddyPhones PlayEars Plus feature three selectable volume-limiting modes to protect hearing:

- **ToddlerMode:** Capped at 75dB, ideal for very young children or quiet environments.
- **KidsMode:** Capped at 85dB, suitable for general listening.
- **TravelMode:** Capped at 94dB, for noisier environments like airplanes or cars.

Switch between modes using the dedicated button on the headphones. Refer to the product diagram for exact button location.

StudyMode

Activate StudyMode to isolate voices from other sounds, providing clear and precise vocals. This mode is particularly useful for educational content, online lessons, or video calls, helping children focus better. The built-in microphone allows for interactive learning and communication.

Controls and Battery Life

The headphones feature intuitive controls for volume adjustment, play/pause, and track navigation. A full charge provides up to 24 hours of wireless listening, offering extended use for travel or daily activities.

BuddyLink Sharing

The included BuddyLink audio splitter allows two BuddyPhones to connect to a single device, enabling shared listening experiences without needing an additional audio jack on the source device.

Personalization

Customize your headphones with the included 4 sets of personalization decals, featuring different animal designs to match your style.

MAINTENANCE

- **Cleaning:** Wipe the headphones with a soft, dry cloth. For stubborn dirt, a slightly damp cloth can be used, but ensure no moisture enters the earcups or ports.
- **Storage:** When not in use, store the headphones in the included fabric travel bag to protect them from dust and scratches. The foldable design makes them compact for storage and transport.
- **Battery Care:** To prolong battery life, avoid fully discharging the headphones frequently. Charge them regularly, even if not in constant use.
