P PANACARE MBZ212

Panacare Smart Night Light User Manual

MODEL: MBZ212

Introduction

Thank you for choosing the Panacare Smart Night Light. This device combines a night light, white noise machine, and smart alarm clock, designed to create a comfortable and soothing environment for babies, children, and adults. It features smart app control, voice control compatibility with Alexa and Google Assistant, and a baby cry detection function. Please read this manual carefully before use to ensure proper operation and to fully utilize all features.

Safety Information

- Keep the device away from water and moisture.
- Do not disassemble or attempt to repair the device yourself.
- Use only the provided USB cable and a compatible DC5V/1A power adapter for charging.
- This product is not a toy. Keep out of reach of small children.
- Ensure proper ventilation around the device during operation.

Package Contents

Verify that all items are present in the package:

- 1 x Panacare Smart Night Light
- 1 x USB Cable (Type-C)
- 1 x Pin (for reset, if applicable)
- 1 x User Manual

Product Overview

The Panacare Smart Night Light offers a versatile range of features to enhance your environment:

- **Smart App Control:** Manage colors, brightness, sounds, and timers via your smartphone.
- **Extensive Color Options:** Choose from up to 16 million colors to set the perfect mood.
- **Soothing Sound Machine:** Features 34 types of calming sounds, including white noise, nature sounds, and lullabies.
- **Voice Control:** Compatible with Alexa and Google Assistant for hands-free operation.
- **Baby Cry Detection:** Sends notifications to your smartphone when a baby's cry is detected.
- **Touch Control:** Simple touch interface for basic light functions.
- **Timer Function:** Create custom light alarms and sleep schedules.
- **Portable Design:** Built-in 1800mAh battery for cordless use.

The Panacare Smart Night Light offers 16 million color options, controllable via the dedicated app. This image shows the night light in different hues, demonstrating its color-changing capabilities.

Voice Control via Alexa

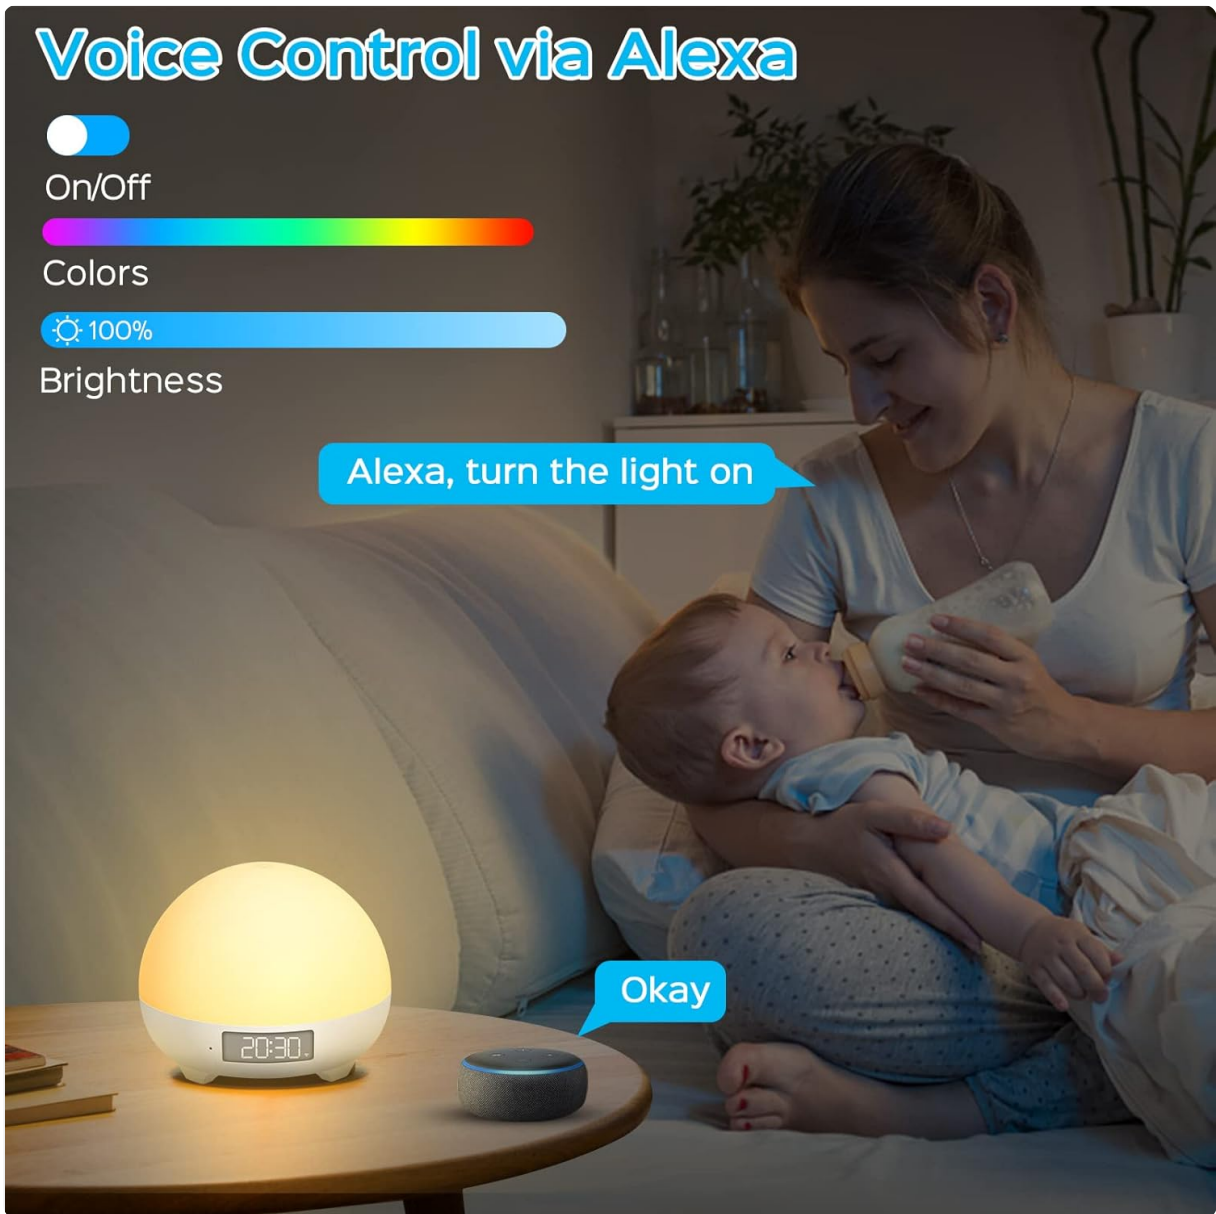

On/Off

Colors

Brightness

Voice control functionality allows users to manage the night light's power, colors, and brightness using Alexa or Google Assistant, as depicted by a user interacting with an Alexa device while holding a baby.

34 Soothing Sounds

- 3 White noise
- 4 Wind Sounds
- 4 Rain Sounds
- 2 Water Sounds
- 21 other sounds

Sound Of Rain

Wind

Bird Call

Wave

White Noise

Water Stream

Crickets

Fetal Heart Sound

Thunder

Lullaby

The night light includes 34 soothing sounds, such as white noise, wind, rain, water, and various nature sounds, designed to aid relaxation and sleep. This image shows a couple enjoying the calming atmosphere created by the device.

Baby Cry Detection

It will send notifications to your phone when baby cry detect.

The baby cry detection feature sends notifications to your smartphone when the device detects a baby crying, providing peace of mind. Note that this feature is active only when no sleep music is playing.

Set your time schedule

You can set up a "morning light" at 6 am and choose the "stream" sound.

Users can set custom time schedules for the night light, such as a 'morning light' alarm at 6 AM with a preferred sound, to align with family sleep rhythms.

Specifications

Model Number	MBZ212
Input	DC5V/1A
Working Voltage	3.7V
Rated Power	3 Watts
Battery Capacity	1800 mAh Lithium-ion
Battery Life	4 to 10 hours (continuous use on full charge)
Dimensions (L x W x H)	8 x 10 x 10 cm
Weight	450 grams
Cable Length	1 meter
Special Features	Color Changing, Dimmable, Voice Control, Cry Detection
Connectivity	Wi-Fi (2.4GHz only)

Setup

1. Charging the Device

Before first use, fully charge the Smart Night Light using the provided USB Type-C cable and a DC5V/1A power adapter. The charging indicator will show the charging status.

2. App Installation

Download the **Smart Life** app from your smartphone's app store (iOS/Android) or scan the QR code found on the product packaging. You can also visit <http://e.tuya.com/smartlife>.

The product packaging highlights its smart features and Tuya integration, indicating app compatibility.

3. Device Pairing (Wi-Fi Connection)

1. Ensure your smartphone is connected to a **2.4GHz Wi-Fi network**. The device does not support 5GHz Wi-Fi.
2. Open the Smart Life app and create an account or log in.
3. Press and hold the 'M' button on the back of the night light for approximately 5 seconds until the indicator light starts blinking, indicating pairing mode.
4. In the Smart Life app, tap 'Add Device' or the '+' icon. The app should automatically detect the night

light.

5. Select the night light from the detected devices.
6. Enter your 2.4GHz Wi-Fi network password when prompted.
7. Follow the on-screen instructions to complete the pairing process. Once connected, the indicator light will stop blinking.

Operating Instructions

1. Touch Control

- **Turn On/Off:** Lightly tap the top surface of the night light to turn it on or off.
- **Adjust Brightness:** Press and hold the top surface to continuously adjust the brightness. Release when the desired brightness is reached.

2. App Control

Once connected to the Smart Life app, you can access a full range of controls:

- **Color Selection:** Choose from 16 million colors and various lighting modes.
- **Brightness Adjustment:** Fine-tune the light intensity from 1% to 100%.
- **Sound Control:** Select from 34 soothing sounds, adjust volume (0-100%), and set playback duration.
- **Timer & Schedule:** Set custom on/off times, light alarms, and sleep routines.
- **Baby Cry Detection:** Enable or disable this feature and receive notifications.

3. Voice Control (Alexa & Google Assistant)

Integrate your Panacare Smart Night Light with Alexa or Google Assistant for convenient voice commands. Ensure your smart assistant is linked to your Smart Life account.

- **Turn On/Off:** "Alexa, turn on the Baby Night Light." / "Hey Google, turn off the night light."
- **Adjust Brightness:** "Alexa, dim the Baby Night Light to 50%." / "Hey Google, brighten the night light."
- **Change Color:** "Alexa, set the Baby Night Light to blue."
- **Adjust Volume:** "Alexa, set the volume of the night light to 70%."

4. Sound Machine Features

The device offers 34 unique soothing sounds, including:

- 3 White Noise sounds
- 4 Wind sounds
- 4 Rain sounds
- 2 Water sounds
- 21 other sounds (e.g., fetal heart sound, crickets, lullabies, music box)

Adjust the volume via the app or voice commands to suit your preference.

5. Baby Cry Detection

When enabled in the app, the device will send a notification to your smartphone upon detecting a baby's cry. **Important:** Cry detection is only active when no sleep music or white noise is playing from the device to avoid interference.

6. Timer Function

Use the app to set personalized schedules:

- **Sleep Timer:** Automatically turn off the light and/or sound after a set duration.
- **Wake-up Light:** Schedule the light to gradually brighten at a specific time, optionally accompanied by a chosen sound. For example, set a 30% brightness light at 6 AM with a 'wind chimes' sound.

Maintenance

- **Cleaning:** Wipe the device with a soft, dry cloth. Do not use abrasive cleaners or immerse in water.
- **Battery Care:** To prolong battery life, avoid fully discharging the device frequently. Recharge when the battery is low.
- **Storage:** Store the device in a cool, dry place when not in use for extended periods.

Troubleshooting

- **Device not turning on:** Ensure the device is charged. Connect it to a power source using the USB cable.
- **Cannot connect to Wi-Fi:**
 - Confirm your Wi-Fi network is 2.4GHz. The device does not support 5GHz networks.
 - Ensure your Wi-Fi password is entered correctly.
 - Move the device closer to your Wi-Fi router.
 - Restart your router and the night light, then try pairing again.
- **App not responding or crashing:**
 - Ensure your Smart Life app is updated to the latest version.
 - Close and reopen the app.
 - Restart your smartphone.
- **Voice control not working:**
 - Verify that your Alexa or Google Assistant account is correctly linked to your Smart Life account.
 - Check your internet connection.
 - Ensure the device name used in voice commands matches the name set in the Smart Life app.
- **Baby Cry Detection not working:** Ensure no sleep music or white noise is playing from the device, as this feature is disabled when sounds are active.
- **Short battery life:** The 1800mAh battery provides 4-10 hours of continuous use depending on brightness and sound usage. If battery life is significantly shorter, ensure it is fully charged and consider reducing brightness or sound volume.

Warranty and Support

Panacare provides 24/7 online customer service and a 12-month quality warranty for this product. If you encounter any quality issues or require assistance, please do not hesitate to contact our customer support team. Refer to your purchase documentation for contact details.
