BuddyPhones BT-BP-PLAYP-EARS-BEAR

BuddyPhones PlayEars Plus Polar Bear Kids Headphones

Model: BT-BP-PLAYP-EARS-BEAR

Brand: BuddyPhones

INTRODUCTION

The BuddyPhones PlayEars Plus are wireless Bluetooth headphones designed for children, featuring SafeAudio volume-limiting technology to protect hearing. These headphones can be used wirelessly via Bluetooth or with a wired connection. This manual provides instructions for setup, operation, maintenance, and troubleshooting.

SETUP

1. Charging the Headphones

Before first use, fully charge the headphones. Connect the provided USB-C charging cable to the charging port on the headphones and the other end to a USB power source. The LED indicator will show charging status.

2. Bluetooth Pairing

1. Ensure the headphones are powered off.
2. Press and hold the power button until the LED indicator flashes blue and red, indicating pairing mode.
3. On your device (smartphone, tablet, computer), go to Bluetooth settings and select 'BuddyPhones PlayEars+' from the list of available devices.
4. Once connected, the LED indicator will show a solid blue light.

3. Wired Connection

To use the headphones with a wired connection, simply plug the 3.5mm audio cable into the headphone jack on the headphones and the other end into your audio device. This allows for continued use even if the battery is depleted.

OPERATING INSTRUCTIONS

Power On/Off

- **Power On:** Press and hold the power button for approximately 2 seconds until the LED indicator lights up.

- **Power Off:** Press and hold the power button for approximately 4 seconds until the LED indicator turns off.

Volume Control

Use the volume up (+) and volume down (-) buttons on the headphones to adjust the audio level. The SafeAudio feature ensures the volume remains within safe listening limits.

SafeAudio Volume Modes

The BuddyPhones PlayEars Plus offer three distinct volume-limiting modes to suit different environments and age groups:

- **ToddlerMode:** Maximum 75dB
- **KidsMode:** Maximum 85dB (Default)
- **TravelMode:** Maximum 94dB

To switch between these modes, hold both the volume up (+) and volume down (-) buttons together for 2 seconds. The LED lights will flash to indicate the current mode:

- 1 Yellow LED flash: ToddlerMode (75dB)
- 2 Green LED flashes: KidsMode (85dB)
- 3 Purple LED flashes: TravelMode (94dB)

Video: This video demonstrates how to switch between the different SafeAudio volume limit modes on BuddyPhones PlayEars Plus headphones.

StudyMode

Activate StudyMode for clearer vocals, ideal for educational content or online lessons. This patented feature isolates voices from other sounds, enhancing clarity. Refer to the product's quick start guide for specific activation steps.

Microphone Use

The built-in microphone allows for hands-free calls and online communication. Ensure the headphones are connected via Bluetooth for microphone functionality.

BuddyLink Audio Sharing

The BuddyLink cable allows two pairs of BuddyPhones to share audio from a single device. Connect the BuddyLink cable to the audio output of one BuddyPhones unit and the input of another to enable shared listening.

Folding for Storage

The headphones feature a foldable design for compact storage and portability. Gently fold the earcups inwards towards the headband. Store them in the provided fabric travel bag.

MAINTENANCE

Cleaning

Wipe the headphones with a soft, dry cloth. Avoid using harsh chemicals or abrasive materials. The ear cushions are designed to be hypoallergenic and durable.

Storage

When not in use, store the headphones in the provided fabric travel bag to protect them from dust and damage. Keep them in a cool, dry place away from direct sunlight and extreme temperatures.

TROUBLESHOOTING

- **No Power:** Ensure the headphones are fully charged.
- **No Sound (Wireless):** Check if the headphones are paired correctly with your device. Ensure the volume is not muted on either the headphones or the connected device.
- **No Sound (Wired):** Ensure the 3.5mm audio cable is securely plugged into both the headphones and the audio source. Test with a different cable if possible.
- **Difficulty Pairing:** Turn off Bluetooth on your device and the headphones, then restart both and attempt pairing again. Ensure no other Bluetooth devices are interfering.
- **Resetting Headphones:** If experiencing persistent issues, a reset may resolve the problem. Refer to the video below for instructions on how to perform a headphone reset.

Video: This video provides instructions on how to perform a reset for BuddyPhones headphones, which can resolve various operational issues.

SPECIFICATIONS

Model Name	BuddyPhones PlayEars Plus
