## NiceVeedi NV-15WHT

# NiceVeedi 2-Pack LED Video Light Kit

Model: NV-15WHT

## INTRODUCTION

---

This instruction manual provides detailed guidance for the setup, operation, maintenance, and troubleshooting of your NiceVeedi 2-Pack LED Video Light Kit. This kit is designed to provide versatile and high-quality lighting for various applications, including video recording, photography, live streaming, and vlogging. Please read this manual thoroughly before using the product to ensure proper function and longevity.

## PACKAGE CONTENTS

---

Upon opening the package, please verify that all components listed below are present and in good condition:

- 2 x LED Studio Light Panels with Cable
- 2 x Adjustable Tripod Stands
- 2 x Phone Holders
- 1 x User Manual (this document)
- 1 x Storage Bag
- 2 x USB-C Adapters

## SETUP GUIDE

Follow these steps to assemble your LED Video Light Kit:

### 1. Assemble the Tripod Stand:

Extend the tripod legs outwards until they are fully spread and stable. Loosen the screw knobs on the tripod sections to extend the central column to your desired height. Tighten the knobs securely to lock the height in place. The tripod can extend up to 60 inches (152 cm).

### 2. Attach the LED Light Panel:

Locate the 1/4" thread screw on the top of the tripod stand. Align the mounting hole on the back of the LED light panel with this screw and gently screw the light panel onto the tripod until it is secure. Ensure it is firmly attached.

Image: Two fully assembled NiceVeedi LED Video Light Kits, each with a light panel mounted on a tripod stand, demonstrating the complete setup.

### 3. Attach the Phone Holder (Optional):

The phone holder can be attached to the tripod stand or the light panel itself using its 1/4" screw mount. Secure your smartphone into the holder. The phone holder is designed to fit phones between 4.7" and 6.9" and offers 360-

degree adjustability.

#### 4. Connect Power:

Connect the USB cable from the LED light panel to a 5V, 2A DC power source. This can be a wall charger (not included), a power bank, a laptop, or a cell phone using the provided USB-C adapters. Ensure the connection is secure.

## EASY-USED REMOTE

With 6.7ft cable length  
Simple to turn the light on/off  
Easy to exchange the color mode

## OPERATING INSTRUCTIONS

Learn how to control your NiceVeedi LED Video Light Kit:

### 1. Power On/Off:

Press the power button on the inline remote control to turn the light on or off.

### 2. Adjust Brightness:

Use the '+' and '-' buttons on the remote to adjust the brightness level. The brightness can be adjusted from 10% to 100%.

### 3. Change Color Temperature:

Press the 'Mode Setting' button on the remote to cycle through the three available color temperatures: 2800K (warm white), 4800K (neutral white), and 6500K (cool white).

Image: A visual demonstrating the adjustable color temperature (2800K to 6500K) and brightness (0-100%) features of the LED light, showing different lighting effects on a model and grapes.

### 4. Adjust Light Panel Angle:

Loosen the screw on the side of the light panel mount to rotate the light panel up to 180 degrees. Tighten the screw once the desired angle is achieved.

### 5. Adjust Tripod Height:

Loosen the screw knobs on the tripod sections to extend or retract the stand. Securely tighten the knobs after adjusting to the desired height. The light stand can be raised up to 60 inches (152 cm).

# ADJUSTABLE HEIGHT FOR VERSATILE LIGHTING

Can be extended from 38" to 73" (measured with light panel)

Image: A model standing between two LED lights, illustrating the adjustable height feature of the tripod stands, which can extend from 38 inches to 73 inches (measured with light panel).

## MAINTENANCE

---

Proper maintenance ensures the longevity and optimal performance of your LED Video Light Kit:

- **Cleaning:** Gently wipe the light panel and tripod with a soft, dry cloth. Do not use abrasive cleaners or solvents, as they may damage the surface.
- **Storage:** When not in use, store the kit in the provided storage bag in a cool, dry place, away from direct sunlight and extreme temperatures.
- **Cable Care:** Avoid bending or crimping the power cables excessively. Always grasp the plug, not the cable, when disconnecting from a power source.

## TROUBLESHOOTING

---

If you encounter issues with your LED Video Light Kit, please refer to the following common solutions:

Problem	Possible Cause	Solution
Light does not turn on.	No power, loose connection, or faulty power source.	Ensure the USB cable is securely connected to both the light panel and a working 5V, 2A power source. Try a different USB port or power adapter.
Light flickers or is unstable.	Insufficient power supply or loose connection.	Verify the power source provides sufficient current (5V, 2A). Check all cable connections for looseness.
Remote control is unresponsive.	Cable issue or internal malfunction.	Ensure the remote's cable is not damaged. If the issue persists, contact customer service.
Tripod is unstable.	Legs not fully extended or screw knobs not tightened.	Fully extend the tripod legs and ensure they are locked in place. Tighten all screw knobs on the tripod sections.

If the problem persists after attempting these solutions, please refer to the Customer Service section for further assistance.

## SPECIFICATIONS

---

Key technical specifications for the NiceVeedi 2-Pack LED Video Light Kit:

- **Model Number:** NV-15WHT
- **Max Power:** 15W per light panel
- **Color Temperature:** 2800K, 4800K, 6500K (adjustable)
- **LED Quantity:** 356 LED beads per light panel
- **Brightness Range:** 10% - 100% (adjustable)
- **CRI (Color Rendering Index):** 97+
- **Light Panel Dimensions:** 10" (25.5 cm) x 7.8" (19.8 cm)
- **Tripod Max Height:** 60 inches (152 cm)
- **Tripod Folded Size:** 17 inches (43 cm)
- **Power Input:** 5V, 2A DC (USB)
- **Product Dimensions:** 9.84 x 7.87 x 72.83 inches (assembled, max height)
- **Item Weight:** 3.7 pounds (total kit)
- **Connectivity Technology:** USB
- **Hardware Interface:** USB Type C
- **Water Resistance Level:** Not Water Resistant

## WARRANTY AND CUSTOMER SUPPORT

---

NiceVeedi is committed to providing high-quality products and excellent customer service.

- **Warranty:** This product comes with a **2-year warranty** from the date of purchase.
- **Guaranteed Solution:** We aim to provide a guaranteed solution to most issues within **12 hours**.
- **Customer Service:** For any issues encountered during usage, defects, or further inquiries, please contact NiceVeedi customer support. Our professional after-sales team is dedicated to ensuring a smooth and worry-free experience.

Please retain your proof of purchase for warranty claims.
